

CITY OF SANIBEL
FISCAL YEAR 2015

ADOPTED ANNUAL BUDGET

HOW TO USE THIS DOCUMENT

The City of Sanibel's annual budget is divided into various sections:

Table of Contents

The table of contents provides a comprehensive overview of the different sections of the book.

Page numbers are linked to the various sections for ease of navigation. Just click or touch to jump to the section of interest.

Introduction

This section contains the Citywide organization chart, the Governmental Finance Officers Association (GFOA) Distinguished Budget Presentation Award, the City of Sanibel's vision statement, City Council goals for the fiscal year, the annual budget calendar, the City Manager's budget message and the approved resolutions relating to the fiscal year budget (*pages 1-27*).

Budget Summary

This section presents a summary of the City-wide financial activity for the prior and current year, along with graphs showing relevant financial information. Also included is the detailed scheduled of budgeted interfund transfers. (*pages 28-37*).

Governmental Funds Budget

Governmental funds account for most of the City's tax-supported activities. Sanibel has four governmental fund types: the general fund, special revenue funds, debt service funds and capital project funds (*pages 38-86*).

Proprietary Funds Budget

Proprietary funds account for the business-type activities of government. Sanibel has two proprietary funds: the sewer fund and the beach parking fund (*pages 87-97*).

Supplemental Schedules

This section presents departmental narratives and line-item budgets, the classification and pay plan, detailed staffing information and the 5 year capital improvement plan (*pages 98-220*).

Appendix

This section contains financial policies, glossary of terms, statistical information, and demographics (*pages 221-230*).

Statistical Tables

This section contains information on tax revenues, rates, types and expenditures as well as other information regarding city activities (*pages 231-236*).

FUNCTIONAL ORGANIZATIONAL CHART

BUDGET RECOGNITION

The Government Finance Officers Association of the United States and Canada (GFOA) presented an award of Distinguished Budget Presentation to the City of Sanibel, Florida for its annual budget for the fiscal year beginning October 1, 2013. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to the GFOA to determine its eligibility for another award.

CITY OF SANIBEL VISION STATEMENT

BACKGROUND

The barrier island of Sanibel comprises a wide variety of natural and altered environments. The community of Sanibel strives to sustain ecological balance and preserve and restore natural settings for residents, visitors, and wildlife. The people of Sanibel are sustained by the beauty and health of the island's natural and restored habitats, and they rely on the coordinated vigilance of residents, government, and private enterprise to protect and enhance these habitats. Over the first two decades of the community's existence as a city, a tenuous balance has been maintained between development and preservation; and between regulatory control and the rights and privileges of individuals. Government and not-for-profit institutions have helped sustain the balance by purchasing and restoring to natural conditions substantial areas of open space and threatened habitats.

Limited new development and redevelopment will occur over the next twenty years. However, growth limits and locations are well established, as are regulations to minimize harm to the natural environment and to the community's character.

The specter of rampant development has diminished as the community has matured. Nevertheless, unwanted changes are occurring; visitation increases as new "attractions" are developed; beaches and refuge areas are becoming stressed by overuse; traffic congestion is turning to gridlock; and formerly "green" scenic corridors are becoming urbanized and commercialized. These and other conditions and trends cause residents to realize that, unless protected, their island's historic and cherished way of life is in jeopardy.

To provide a sense of direction for the future, this Vision Statement, is a confirmation of the community's shared values and goals, to guide future decisions.

SANCTUARY

Sanibel is and shall remain a barrier island sanctuary, one in which a diverse population lives in harmony with the island's wildlife and natural habitats. The Sanibel community must be vigilant in the protection and enhancement of its sanctuary characteristics.

The City of Sanibel will resist pressures to accommodate increased development and redevelopment that is not consistent with the Sanibel Plan, including this Vision Statement.

The City of Sanibel will guard against, and where advisable, oppose human activities in other jurisdictions that might harm the island's sensitive habitats, including the island's surrounding aquatic ecosystems.

COMMUNITY

Sanibel is and shall remain a small town community whose members choose to live in harmony with one another and with nature; creating a human settlement distinguished by its diversity, beauty, uniqueness, character and stewardship

Diversity: The City of Sanibel cherishes its cultural, social, ecological, and economic diversity, and will endeavor to maintain it.

Beauty: The City of Sanibel will foster quality, harmony and beauty in all forms of human alteration of the environment. The community aesthetic is defined as a casual style; one which is adapted to a relaxed island quality of life and respectful of local history, weather, culture and natural systems.

CITY OF SANIBEL VISION STATEMENT

Uniqueness: The City of Sanibel chooses to remain unique through a development pattern which reflects the predominance of natural conditions and characteristics over human intrusions. All forms of development and redevelopment will preserve the community's unique small town identity.

Character: The City of Sanibel chooses to preserve its rural character in its setting within an urbanizing county. "Auto-urban" development influences will be avoided. The commercialization of natural resources will be limited and strictly controlled.

Stewardship: In keeping with the foregoing principles, the City of Sanibel affirms a land ethic and recognizes landholding-both public and private-as a form of stewardship, involving responsibilities to the human and natural communities of the island and its surroundings, and to future generations.

ATTRACTION

The Sanibel community recognizes that its attractiveness to visitors is due to the island's quality as sanctuary and as community. The City of Sanibel will welcome visitors who are drawn by, and are respectful of, these qualities; it will resist pressures to accommodate visitor attractions and activities that compromise these qualities.

HIERARCHY OF VALUES

This three-part statement of the community's vision of its future is a hierarchy; one in which the dominant principle is Sanibel's sanctuary quality. Sanibel shall be developed as a community only to the extent to which it retains and embraces this quality of sanctuary. Sanibel will serve as attraction only to the extent to which it retains its desired qualities as sanctuary and community.

CITY COUNCIL GOALS

This section identifies how the City Council’s annual goals support the long-term goals laid out in the Sanibel Vision Statement. Details of individual department’s activities in support of Council’s goals may be found within the departmental narratives beginning on page 98.

<p>I. REDEVELOPMENT WORK PLAN FOR THE COMMERCIAL DISTRICT</p> <p>Continue the City-wide redevelopment work plan by focusing on the future success and stability of the City’s Commercial District as it relates to the existing mix of retail and service uses that accommodate fulltime and seasonal residents and visitors of Sanibel.</p>
<ul style="list-style-type: none"> ▪ Develop an area referred to as the “Civic Core,” which would incorporate architectural and environmental design standards that reinforces the natural rural and residential character of the community, eases traffic and parking congestions, and provides for a centralized area for community events and gatherings.
<ul style="list-style-type: none"> ▪ Continue to update specific redevelopment zoning and land use requirements that consider the evolution of our community and are consistent with the community’s vision statement and Sanibel Plan. We will develop Code changes to address the pre-incorporation non-conforming Commercial developments, creating an atmosphere to encourage reinvestment and eliminate those properties with a tired or shabby appearance.
<p>II. SUSTAIN THE STRENGTH OF THE CITY’S FINANCIAL STABILITY</p> <p>Develop a long-term debt early retirement plan, identify adequate reserves to sustain the City and identify a policy to adequately track and better evaluate potential revenue that might come from Causeway toll revenues.</p>
<ul style="list-style-type: none"> ▪ Continue to evaluate options to retire the City’s debt in order to reduce annual fixed costs and produce substantial finance cost savings for taxpayers.
<ul style="list-style-type: none"> ▪ Evaluate current reserves to identify a policy to adequately determine appropriate levels based on risk factors, access to liquidity, insurance deductibles and current condition based on historical values.
<ul style="list-style-type: none"> ▪ Develop a process for evaluating, communicating and collecting toll revenues from Lee County that allows for open dialog and transparency between staffs.
<ul style="list-style-type: none"> ▪ Develop a five year projection to include all revenues, expenses, reserves and outstanding debt.

CITY COUNCIL GOALS

III. WATER QUALITY AND QUANTITY
Work with local, state, and federal stakeholders in the prevention, correction, and preservation of water quality and water quality issues surrounding the City of Sanibel.

Local

The Florida Department of Environmental Protection (FDEP) will be developing a Total Maximum Daily Load (TMDL) for the Sanibel River during the next one to two years. This will require the City to reduce nutrient loading to the River to meet the TMDL target. A Basin Management Action Plan (BMAP) will be developed by the FDEP in collaboration with the City to help guide nutrient reductions to achieve TMDL compliance.

In an effort to protect Sanibel’s water quality and to proactively address nutrient loading to the Sanibel River, the City has begun work on a **Comprehensive Nutrient Management Plan** for Sanibel. The Plan will include three phases and will provide a basis for development of the Island BMAP. The final phase of the Plan will be completed in 2015 and will include a list of short- and long-term projects that will help reduce nutrients loads on the Island.

- Finish the Comprehensive Nutrient Management Plan, complete with a list of management recommendations and priority projects.
- Establish the appropriate budgetary level of expense and capital to complete the Comprehensive Nutrient Management Plan and begin work on critical short-term projects during the next fiscal year.
- Develop and seek approval for a Sanibel Island Water Quality Improvement Program which includes both short and long term improvement goals (reference the list of Short- and Long-term On-Island Nutrient Reduction Goals document on the City’s website at www.mysanibel.com/departments/natural-resources).
- Continue implementation of regional fertilizer education program with Lee County and other partners.

State

Support all legislative actions which reduce freshwater releases from Lake Okeechobee that impact the St. Lucie and Indian River Lagoon and Caloosahatchee River and estuary (reference the Short and Long-term State and Federal Goals documents located on the City’s website at www.mysanibel.com/departments/natural-resources).

Federal

Work with Federal representatives to appropriate funding for the Water Resources Reform and Development Act (WRRDA) and associated water projects.

BUDGET CALENDAR

Week of:	April 21 and 28, 2014	Training update on the City's budget module.
Month of:	May 2014	Departments prepare expenditure requests and enter into budget system.
Friday	May 23, 2014	Departments complete FY 2015 budgets reflecting department expenditure requests.
Wednesday	May 28, 2014	Departmental budget narratives due to the City Manager.
Mon - Fri	June 9 - 13, 2014	Individual department meetings with City Manager and Finance Director to discuss budget requests.
Month of:	June 2014	Finance aligns departmental expenditure requests with projected revenue.
Tuesday	July 1, 2014(*)	Property appraiser certifies tax roll and finance calculates proposed millage rates based on actual taxable valuation.
Friday	July 11, 2014	Finance department provides FY 2015 draft budget document to city clerk for distribution to council for July 2014 meeting.
Tuesday	July 22, 2014	9:00 a.m. - REGULAR CITY COUNCIL MEETING - Staff presents draft FY 2015 budget and introduction of the resolution to set the proposed tax (calendar) year 2014 millage rates and date of first public hearing.
By Monday	August 4, 2014(*)	Finance advises property appraiser of proposed millage rates; rolled-back rate and date, time and place of first public hearing.

Saturday	September 6, 2014(*)	9:00 a.m. - CITY COUNCIL FIRST PUBLIC HEARING - Discussion and adoption of tentative millage rate and tentative FY 2015 budget.
Saturday	September 13, 2014(*)	City advertises second and final public hearing in News-Press.
Tuesday	September 16, 2014(*)	5:01 p.m. - CITY COUNCIL SECOND AND FINAL PUBLIC HEARING - Discussion and adoption of final millage rate and final fiscal year 2015 budget.
By Friday	September 19, 2014(*)	Within 3 days of final adoption submit resolution to DOR, property appraiser and tax collector
(*) Dates mandated by state Truth In Millage (T.R.I.M.) legislation		

BUDGET RESOLUTIONS

CITY OF SANIBEL, FLORIDA
RESOLUTION 14-083

A RESOLUTION ADOPTING THE FINAL OPERATING AND VOTED DEBT SERVICE AD VALOREM MILLAGE RATES FOR TAX YEAR 2014 FOR THE CITY OF SANIBEL, FLORIDA.

WHEREAS, Section 200.065, Florida Statutes, establishes the method for determining and levying an ad valorem millage rate and adopting a budget for taxing authorities in the State of Florida; and

WHEREAS, the City of Sanibel has duly advertised and held public hearings as required by Florida Statute 200.065; and

WHEREAS, the gross taxable value for operating purposes not exempt from taxation within the City of Sanibel, Florida has been certified by the Lee County Property Appraiser to the City of Sanibel as \$4,300,931,329.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Sanibel, Florida:

Section 1. Operating Millage

The Final Ad Valorem Operating Millage Rate for Tax (Calendar) Year 2014 is hereby adopted at 1.9995 mills and the levy of an annual tax for said year is made. The final operating millage rate does not exceed the rolled-back rate of 1.9995 mills.

Section 2. Voted Debt Service Millage Rates

A. The Final Sewer Voted Debt Service Millage Rate for Tax (Calendar) Year 2014 is hereby adopted at 0.2125 mills and the levy of an annual tax for said year is made.

The Final Land Acquisition Voted Debt Service Millage Rate for Tax (Calendar) Year 2014 is hereby adopted at 0.0800 mills and the levy of an annual tax for said year is made.

The Final Recreation Center Voted Debt Service Millage Rate for Tax (Calendar) Year 2014 is hereby adopted at 0.1225 mills and the levy of an annual tax for said year is made.

Section 3. Effective Date.

This resolution shall take effect immediately upon adoption.

DULY PASSED AND ENACTED by the Council of the City of Sanibel, Florida, this 16th day of September, 2014 at 5:53 P.M.

September 16, 2014

Honorable Mayor and City Council Members
Citizens of the City of Sanibel
City of Sanibel, Florida

The attached document presents the adopted budget for fiscal year 2015 of \$51,434,984. This amount includes the general fund, the special revenue funds, enterprise funds, the capital project funds, transfers, all reserves and the beginning fund balance. The adopted budget is prepared at a millage rate of 1.9995, which is the rolled-back rate. The rolled-back rate is the millage rate that generates the same amount of revenue as the current millage, after adjusting for new construction.

The City of Sanibel’s property value for FY15 (2014 tax year) is \$4,300,931,329. This is 4.82% higher than the FY14 (2013 tax year) value of \$4,103,243,696. Taxable values on Sanibel peaked in 2007. After five consecutive years of decreasing property values the trend reversed with two consecutive years of modest increases. The table below illustrates property values on Sanibel over the past decade.

From FY14 (tax year 2013) to FY15 (tax year 2014) governmental expenditures have decreased by \$708,119 (or -3.39%). FY14 governmental expenditures were \$20,917,190 compared to FY15 \$20,209,071.

EXECUTIVE SUMMARY

- The adopted millage rate of 1.9995 is equal to the rolled-back rate;
- With the recommencement of the causeway surplus tolls payments in accordance with the City's agreement with Lee County, FY15 is the first year since 2004 that transportation operating costs are not being subsidized by the general fund;
- Beach parking hourly parking fee was increased from \$2 to \$3;
- Sewer fees and reclaimed water rates were increased 3%;
- Recreation Center membership fees were increased 5% for residents and 10% for non-residents; activity fees and rental fees were increased 5% for members and 10% for non-members;
- Completed labor negotiations with both unions, American Federation of State, County and Municipal Employees (AFSCME) and Fraternal Order of Police (FOP), for a three percent (3%) raise for all employees;
- Health care costs have been reduced by two percent (-2.0%);
- A slight decrease of \$14,652 in workmen compensation insurance costs;
- Assumes that \$5.6 million of reserves for environmental initiatives and disasters will not be expended by September 30, 2014 and rolls the funds forward to FY15 beginning fund balance;
- Environmental initiatives reserves are budgeted at \$1.0 million for FY15; \$189,092 of the FY14 \$1.3 million reserves were expended on water quality initiatives;
- The City Council reduced building department fees by 25% in April of 2012 and then reduced an additional 25% effective October 1, 2013. The budget continues these fee reductions;
- In April 2012 City Council reduced planning department's variance application fee by 30% and remodel with no increase in living area fee by 50%. The budget continues these fee reductions;
- The budget includes \$250,000 towards future Center 4 Life improvements - \$80,000 rolled forward from FY14 and \$170,000 additional funding in FY15;
- \$2.4 million is allocated toward general government capital improvements in various capital projects funds;
- The adopted budget includes the \$225,000 annual transfer to the recreation complex sinking fund;
- \$50,000 is included for contractual assistance in compliance with the National Flood Insurance Program Community Rating System.

INTRODUCTION

The fiscal year 2015 adopted budget totals \$51,434,984 as detailed in the following table:

USES OF FUNDS	FY 2015 Adopted	FY2014	
		as Adopted	as Amended
Governmental Funds			
Operating	\$30,317,023	\$30,224,627	\$32,714,805
Capital	2,374,755	2,325,713	2,478,396
Transfers to Other Funds	<u>2,819,215</u>	<u>2,773,619</u>	<u>3,139,685</u>
Total Governmental	35,510,993	35,323,959	38,332,886
Enterprise Funds	<u>15,923,991</u>	<u>13,142,382</u>	<u>26,288,447</u>
Total Budget	<u>\$51,434,984</u>	<u>\$48,466,341</u>	<u>\$64,621,333</u>

The FY15 adopted budget is \$2.9 million higher than the FY14 adopted budget. \$2.5 million is due to enterprise funds \$839,375 increase in FY15 capital expenditures and \$1.6 million increase in fund balance due to release of sewer restricted debt funds in the amount of \$754,096 for debt payments in FY14; \$250,000 more FY14 beach parking fees than budgeted; and \$673,000 due to FY15 increase in beach parking hourly fee from \$2 to \$3. The general governmental funds have \$215,000 loan proceeds for equipment; and transfers in increase of \$186,505.

The FY15 adopted budget is \$12.8 million lower than the FY14 amended budget. Amendments to the FY14 budget included: 1) \$846,999 for various projects spanning fiscal years were rolled-forward, 2) \$10.3 million sewer debt refunding and 3) grants are not included in the budget until they are received, instead they are added to the budget through a budget amendment. In FY14 to date the City has received \$1.811 million in grant awards.

The FY15 adopted budget includes \$5.5 million of reserves for environmental initiatives and disasters.

Examples of grants received in FY14 include \$1,743,650 received from the Lee County Tourist Development Council (TDC) for beach maintenance.

TRUTH IN MILLAGE (TRIM)

The adopted budget is prepared by City staff and presented to City Council for deliberation at two public hearings held in accordance with the state-defined Truth In Millage (T.R.I.M.) calendar, which each Florida local government follows. Following is the FY15 budget calendar:

BUDGET CALENDAR
FISCAL YEAR 2015 BUDGET ADOPTION
CITY OF SANIBEL, FLORIDA

Tuesday	July 22, 2014	Regular Council Meeting – Draft budget is distributed to Council. Adoption of Resolution to Set Proposed Tax (millage) Rate for 2014 and date, time and place of first public hearing
Saturday	September 6, 2014	9:00 a.m. First Budget Public Hearing – Discussion and adoption of tentative 2014 millage and tentative FY 2015 budget
Tuesday	September 16, 2014	5:01 p.m. Second and Final Budget Public Hearing - Discussion and adoption of final 2014 millage rate and FY 2015 budget

In accordance with Florida Statute the City is required to calculate four millage rates: the rolled-back rate, the adjusted rolled-back rate, the majority vote maximum millage rate allowed, and the two-thirds vote maximum millage rate allowed.

The FY15 adopted operating millage rate of 1.9995 is equal to the rolled-back rate. The rolled-back rate is defined as the millage rate that will bring in the same amount of dollars as the current year millage after adjusting for new construction. The dollar value of tax collections does not increase or decrease – except that taxes are collected on new construction. The rolled-back rate is below the adjusted rolled-back rate of 2.9335 and the majority vote maximum millage rate of 3.0259.

The adjusted rolled-back rate is calculated by using the prior year’s majority vote maximum millage rate and dollars the Council could have levied, not the rate it actually levied. In FY15 this rate is 2.9335. Taxes levied at a 2.9335 millage rate would generate \$12,616,782.

The majority vote maximum millage rate allowed is the adjusted rolled-back rate plus the adjustment for growth in Florida’s per capita personal income. For FY15 Florida’s per capita personal income increased 3.15% and the majority vote millage rate is 3.0259. Taxes levied at a 3.0259 millage rate would generate \$13,014,188.

The two-thirds vote maximum millage rate allowed is the majority vote rate increased by ten (10%) percent. In FY15 this rate is 3.3285. Taxes levied at a 3.3285 millage rate would generate \$14,315,650.

The following table identifies the minimum vote of Council required to levy a tax (millage) rate for tax year 2014:

Vote Required	Millage Rate Description	Maximum Millage Rate
Majority vote of Council (3/5)	Majority Vote Maximum Rate	3.0259
Majority vote of Council (3/5)	Rolled-back Rate	1.9995
Two-thirds vote of Council (4/5)	2/3 Vote Maximum Rate	3.3285
Unanimous vote of Council (5/5)	Maximum Millage Rate	10.0000
Referendum	Limited to 2 years	>10.0000
BASED ON JULY 1, 2014, DR-420 CERTIFICATION OF TAXABLE VALUE OF \$4,300,931,329		

In addition to the operating millage rate discussed above, the three (3) previously voter approved debt service millage rates required to meet FY15 debt service obligations are:

Debt Service Description	Millage Rate
Sewer Voted Debt Service	0.2125
Land Acquisition Voted Debt Service	0.0800
Recreation Center Voted Debt Service	0.1225

BUDGET OVERVIEW

The City's assessed property value for FY15 (2014 tax year) is \$4,300,931,329. This is 4.82% higher than the FY14 (2013 tax year) of \$4,103,243,496.

The City's governmental funds revenue is budgeted to be \$18,248,410 in FY15, less \$380,232 for undercollections, with \$5,624 more in ad valorem tax receipts than the FY14 amended budget, \$33,109 more in other taxes including local option gas taxes, a \$6,231 increase in license and permit fees, a \$105,545 increase in charges for services and \$110,600 less in intergovernmental revenue. Revenue figures include receipts from taxes, licenses and permits, intergovernmental revenue, charges for services, fines and forfeitures and miscellaneous revenues.

A table showing all governmental funds revenue sources (general, special revenue, debt service and capital project fund), including reserves for undercollections, is below:

Revenue Source	FY2010***	FY2011***	FY2012***	FY2013***	FY2014**	FY2015*
Taxes	\$12,467,645	\$11,803,312	\$11,520,676	\$11,539,090	\$11,522,823	\$11,476,434
Licenses/Permits	1,646,764	1,708,807	1,707,053	1,674,784	1,466,277	1,465,000
Intergovernmental	1,520,872	1,143,026	948,867	983,573	2,010,484	1,887,719
Charges for Services	2,184,329	2,167,400	2,236,711	2,298,709	2,347,418	2,394,165
Fines/Forfeitures	83,542	80,127	70,208	66,576	67,054	66,500
Miscellaneous	596,761	730,766	787,693	403,709	796,872	578,360
Total	\$18,499,913	\$17,633,438	\$17,271,208	\$16,966,441	\$18,210,928	\$17,868,178

*Adopted Budget **Estimated ***Audited

Governmental revenues are budgeted to be approximately \$342,750 (-1.88%) lower between FY14 and FY15 (intergovernmental revenues/grants will be added to the budget by budget amendment if and when they are received in FY15).

City-wide FY15 expenditures of \$30,309,556 are budgeted to decrease by \$931,090 (-2.98%) from the FY14 amended budget of \$31,240,646.

The FY14 amended budget includes \$1,743,650 operating and capital grants from Lee County Tourist Development Council.

The FY15 adopted budget includes 128 full-time employees. City-wide, full-time positions increased by 4.0 FTE and part-time positions decreased by 3.34 in FY15 adopted budget. Part-time positions work less than a full work week and do not earn benefits.

The adopted budget includes a 3.0% salary increase and a 2.0% decrease in employee health insurance costs.

The total contribution required for the employees' retirement plans for FY15 will decrease by \$5,211 from \$2,882,236 to \$2,877,025 (-0.18%).

The City's contribution to the General Employees' Pension Plan (defined benefit plan, DBP) will decrease \$52,663 (or -3.13%) from \$1,681,948 in FY14 to \$1,629,315 in FY15. The DBP plan was closed to new hires in FY12; new hires are automatically enrolled in the defined contribution plan (DCP).

The estimated cost for the defined contribution plan for FY15 is budgeted at \$275,579. This is a decrease of \$7,181 (or -2.54%). This represents 7.5% of the participating members' base pay and is allocated to the members' departments/funds. The City matches the first 5% of base pay contributed by the participants at 100% and the City matches the next 5% of base pay contributed by the participants at 50%. A mandatory 5% contribution of base pay is required by the participants. Employees have the option of making additional voluntary contributions up to a maximum of 15% of base pay.

The City's contribution to the Municipal Police Officers' Retirement Trust Fund (defined benefit plan) for FY15 has increased by \$54,603 (5.95%) from \$917,528 to \$972,131.

FUNDS BUDGET

The FY15 adopted budget includes projections for each of the two (2) fund groups, governmental and enterprise. Within the governmental group, there are four (4) types of funds. These four fund types are the general fund, special revenue funds, debt service funds and capital project funds.

Governmental Funds

- General Fund** - The general fund is the principal fund of the City and is used to account for resources traditionally associated with government, which are not required legally or by sound financial management to be accounted for in another fund. General fund activities are funded principally by property taxes, intergovernmental revenues, licenses and permits, charges for services and miscellaneous revenues, which include public contributions and interest earnings.

The general fund's fiscal year 2015 adopted budget totals \$24,012,363 as detailed in the following table:

<u>SOURCES OF FUNDS</u>	<u>FY 2015</u>	<u>FY2014</u>	
		<u>as Adopted</u>	<u>as Amended</u>
Beginning Fund Balance	\$11,165,018	\$11,928,328	\$12,370,773
Operating Revenues	13,191,333	13,010,905	13,210,910
Other Financing Sources	<u>(343,988)</u>	<u>(327,405)</u>	<u>(257,405)</u>
Total Budget	<u>\$24,012,363</u>	<u>\$24,611,828</u>	<u>\$25,324,278</u>

<u>USES OF FUNDS</u>	<u>FY 2015</u>	<u>FY2014</u>	
		<u>as Adopted</u>	<u>as Amended</u>
Operating Expenditures	\$12,025,306	\$11,839,797	\$12,225,088
Non-operating Expenditures	8,659,240	9,147,804	8,253,168
Ending Fund Balance	<u>3,327,817</u>	<u>3,624,227</u>	<u>4,846,022</u>
Total Budget	<u>\$24,012,363</u>	<u>\$24,611,828</u>	<u>\$25,324,278</u>

Sources of Funds:

FY15 beginning fund balance of \$11,165,018 is lower than the FY14 amended beginning fund balance of \$12,370,773, a difference of \$1,205,755.

Operating revenues are budgeted to be \$19,577 lower between the amended FY14 budget and the FY15 adopted budget, from \$13,210,910 to \$13,191,333 (0.15%).

Uses of Funds:

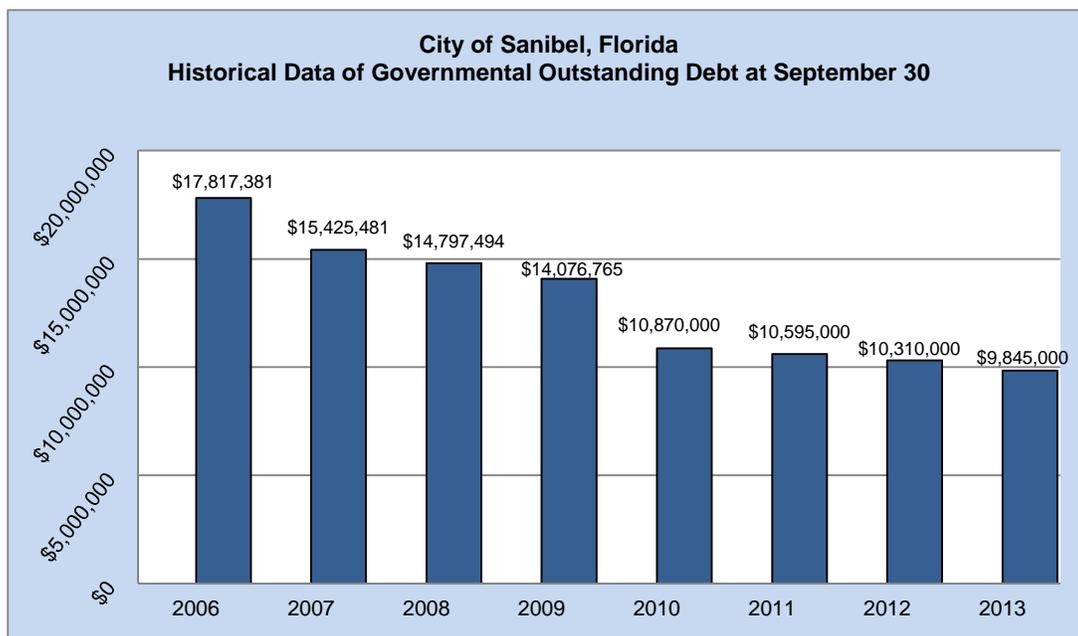

General fund total operating expenditures in FY15 of \$12,025,306 are \$199,782 (-1.63%) lower than the FY14 amended budget of \$12,225,088.

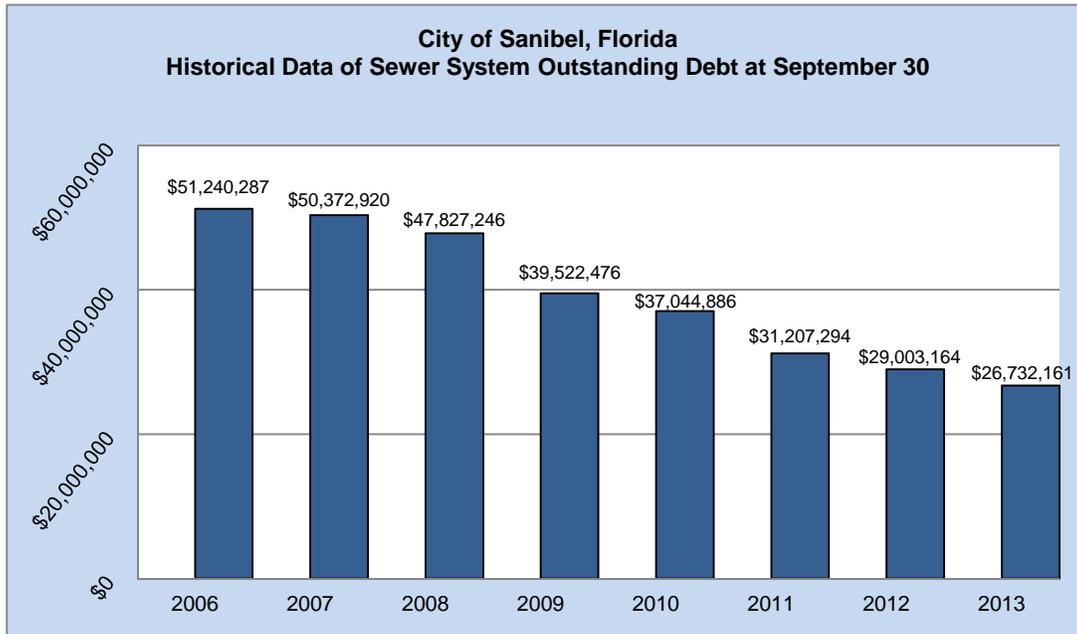

- The departmental personnel services budget of \$8,356,567 decreases by \$108,052 (-1.28%) from the FY14 amended budget of \$8,464,619.
- The departmental operating expenditures are budgeted to decrease by \$21,721 (-.65%) in FY15 compared to the FY14 amended budget.
- **Special Revenue** - Special revenue funds are legally restricted to the use for which the revenue is granted or contributed to the City. The FY15 adopted budget and FY14 amended budget for special revenue funds operating expenditures budget are budgeted at \$5.8 million and \$6.4 million respectively.

Building Department expenditures increase by \$57,528 (8.23%) from \$699,396 in the amended FY14 budget to \$756,924 in FY15 due to the addition of \$50,000 budgeted for contractual assistance in compliance with the National Flood Insurance Program Community Rating System. Recreation expenditures (recreation center, Center 4 Life and ball fields) decrease by \$15,375 (-0.58%) from \$2,636,181 in the amended FY14 budget to \$2,620,806.

- **Debt Service Funds** - Debt service funds are used to account for the accumulation of resources for and the payment of principal and interest on long-term debt. FY15 required debt service is \$835,608 compared to the FY14 amended budget required debt service budget of \$840,302.

As of September 30, 2013, the City’s governmental funds’ outstanding debt was \$9,845,000 and enterprise fund (sewer system) debt was \$26,732,161. A historical summary of outstanding debt is presented in the following charts:

Capital Project Funds – Capital project funds account for all resources used for the acquisition and/or construction of major capital facilities. Capital project expenditures are budgeted at \$2.336 million, a \$27,357 (1.18%) increase from the amended FY 2014 budget of \$2.309 million.

The adopted budget includes a detailed 5-year capital improvement plan (CIP), the first year of which is included in the annual budget.

Enterprise Funds

- **Sanibel Sewer System Funds** – The Sanibel Sewer System’s budget decreases by \$10.1 million between the FY14 amended budget of \$19.0 million and the FY15 adopted budget of \$8.9 million. The FY14 amended budget included a \$10.3 million debt refunding. Personnel services decreases by \$65,561 (-3.88%) due to the elimination of one maintenance technician position, operating expenditures decrease \$36,800 (-1.29%) from \$2,849,511 to \$2,812,711 and capital outlays increases \$422,045 from \$577,955 to \$1,000,000. The debt refunding reduced the system’s annual debt service requirements by \$117,322 from \$3,474,146 in FY14 to \$3,356,824 in FY15.
- **Beach Parking Fund** – Budgeted expenditures in the beach parking fund decreases from \$5.2 million in the FY14 amended budget to \$4.6 million in the FY15 adopted budget.

Personnel services increases by \$71,658 (5.56%) between the amended FY14 budget and the FY15 adopted budget; operating expense decreases by \$128,186 (-6.94%); and capital projects decrease by \$486,127 (-23.52%). Beach parking natural resource department’s budget includes \$205,820 to address the water quality initiative addressing Lake Okeechobee water releases.

Capital projects in FY14 include the scheduled completion of \$627,127 Lighthouse restrooms project and \$310,000 of security video access systems at the beach parking lots and Bowman’s beach. The beach parking fund’s detailed 5-year capital improvement plan (CIP) is included in the budget document.

A \$1,302,400 beach maintenance operating grant and \$357,283 of capital grants from the Lee County Tourist Development Council (TDC) have been applied for and tentatively approved. In addition, as presented the adopted budget does not include the \$1,659,683. When the grant award is received in fiscal year 2015, the FY15 negative ending unrestricted funds of (\$313,512) will become a positive \$1,346,171. At the time the grant award is received in early FY 2015, a budget amendment will be presented to City Council to recognize the grant revenue.

FUND BALANCES

The general fund beginning fund balance is projected to be \$11,165,018 on October 1, 2014. This is a \$763,310 (-6.40%) decrease from the FY14 adopted budget beginning fund balance and a \$1,205,755 (-9.75%) decrease from the FY14 amended budget beginning fund balance.

Reserves for FY14 and FY15 are below:

RESERVES	FY2013-14			FY2014-15
	Adopted Budget	Amended Budget	Estimated Actual	Adopted
Reserve for Contingencies	\$ 275,000	\$ 101,471	\$ 101,471	\$ 275,000
Reserve for Environmental Initiatives	1,300,000	1,110,908	-	1,000,000
Reserve for Insurance Deductibles	315,000	280,000	280,000	315,000
Reserve for Disasters	4,500,000	4,500,000	-	4,500,000
Total Reserves	\$ 6,390,000	\$ 5,992,379	\$ 381,471	\$ 6,090,000

The fund balances in the special revenue, debt service and capital project funds are restricted for use in the project for which the funding sources were provided. Therefore, there is not a relevant pattern or comparison to previous years to be discussed.

Conclusion

During the process of developing the fiscal year 2014-2015 budget, Staff identified seven policy issues to discuss during the budget deliberations. The budget discussions provided an opportunity for Council to analyze each of these issues and provide staff specific direction that will positively impact the City’s long-term financial stability. Below is the list of policy issues discussed during this year’s budget deliberations and the final disposition of the issue.

Issue: The City currently has 19 traffic and pedestrian bridges and three significant water control structures. As they age, these structures will require maintenance and repairs.

Challenge: Do we establish a Bridge Maintenance and Reconstruction Sinking Fund and, if so, what is the proper source and level of funding?

Resolution: The direction from City Council is to allocate \$250,000 from the Transportation Fund to address any immediate bridge repairs. Financing of bridge replacements will be funded through long-term financing in consideration of the life expectancy of these structures.

Issue: The City continues to be concerned with water quality issues and how they affect the island’s natural habitat.

Challenge: What is the strategy for the funding of three major on-island water quality projects?

- Sewer plant denitrification
- Phase IV sewer system construction
- Removal of all remaining on island septic systems

Resolution: The direction from City Council is to implement the recommendations of the Sewer Expansion Feasibility Study. As a result, the City Council adjusted the sanitary sewer and reclaimed water rates to provide a revenue stream to fund these projects. These projects are included in the five year capital improvement plan.

Issue: The City wishes to continue to receive a superior rating from the National Flood Insurance Program Community Rating System.

Challenge: What is the proper level of resources to dedicate to compliance with the National Flood Insurance Program Community Rating System?

Resolution: The budget includes \$50,000 for this initiative. Additionally the City is participating in several regional initiatives to see what economies of scale we can derive benefit from if we piggy-back on a contract of another local agency.

Issue: Communication and education of citizens regarding major initiatives.

Challenge: What is the strategy and funding source for community education initiatives such as Dark Skies, Fertilizer Blackout Education, and Bike Safety?

Resolution: The City has established contingency reserves at a level adequate to fund these initiatives.

Issue: The Patient Protection and Affordable Care Act of 2010 (PPACA) contained certain health care provisions that the City must comply with.

Challenge: Which option for complying with the PPACA for part-time employees who work more than 30 hours a week is in the City’s best interest?

Resolution: The City continues to advocate that our insurance provider offer a healthcare plan for part time employees. These discussions are ongoing.

- Issue:** Resources to fund the City's beach maintenance program are a significant concern to the island's environment and economy.
- Challenge:** Should the hourly rate for parking at City beaches, last changed in 2002, be adjusted?
- Resolution:** The City Council adopted Ordinance 14-012 on Saturday, September 6, 2014, which provided for an increase in the beach parking rate from \$2.00 per hour to \$3.00 per hour. These additional funds will be used in the beach parking enterprise fund to assist with increased services. Based upon the average of the past five year's revenue, the additional gross revenue to be generated annually is estimated to be \$720,000.

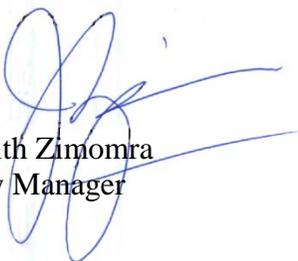

- Issue:** The City's Recreation Center's operations and programming are partially supported by the City's General Fund each budget year.
- Challenge:** Should the General Fund subsidy to the Recreation Center be reduced by adopting legislation that will annually adjust recreation fees by a cost of living adjustment (COLA)?
- Resolution:** The City Council reviewed revenue and expense projections of the Recreation Department and determined that a fee increase was justified. On September 16, 2014, the Council approved a fee increase of 5% for residents and 10% for non-residents. This adjustment is estimated to generate \$50,000 in additional revenue.

We believe we have presented a budget which provides our government's basic services and adequate reserves, while continuing to increase our investment in technology enhancements. This is accomplished while maintaining property taxes at current levels for taxpayers. We appreciate the guidance and fiscal prudence the City Council has provided Staff throughout the budget process.

Our priority remains executing the City Council's goals at the most prudent and responsible cost available.

Respectfully submitted,

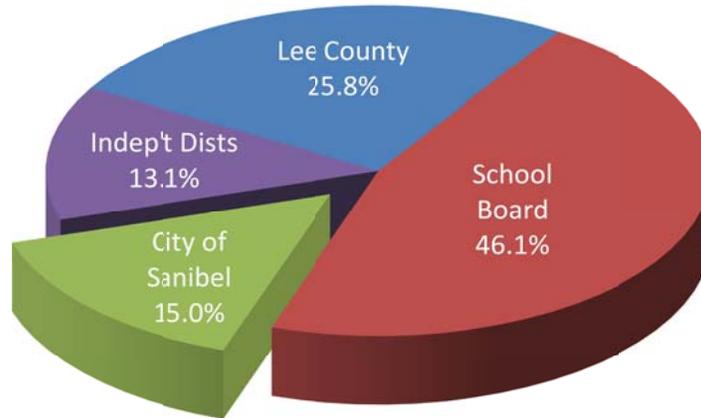

Judith Zimomra
City Manager

GOVERNMENTAL FUNDS BUDGET

A fund is a grouping of related accounts that is used to maintain financial control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Governmental funds account for most of the City's tax-supported activities. The City has four governmental fund types: the general fund, special revenue funds, debt service funds and the capital project funds.

These funds are found in either the operating budget or the capital budget.

Operating Budget - The operating budget includes the:

General Fund - The general fund is the principal fund of the City and is used to account for resources traditionally associated with government, which are not required legally or by sound financial management to be accounted for in another fund. General fund activities are funded principally by property taxes, intergovernmental revenues, licenses and permits, charges for services and miscellaneous revenues, which include public contributions and interest earnings;

Special Revenue Funds - Special revenue funds are used to account for revenues from specific revenue sources which are legally restricted to the use for which the revenue is granted or contributed to the City;

Debt Service Funds - Debt service funds are used to account for the accumulation of resources for and the payment of principal and interest on long-term debt.

Capital Budget – The capital budget includes:

The current year of the 5-year capital improvement plan as budgeted in the capital projects funds and certain special revenue funds.

GENERAL FUND

Principal Operating Fund

Sources of Funds

Beginning Fund Balance

The first available source of funds at the beginning of each fiscal year is the carry-forward of the previous year's available fund balance. Fund balance is the accumulation of prior year's revenues, minus expenditures. According to the City's adopted fund balance policy, portions of fund balance are earmarked or "reserved" for a specific purpose. The unrestricted portion of fund balance is that amount which is available for appropriation in the subsequent fiscal year.

It is estimated that \$11,165,018 of fund balance will be available at the end of FY 2014 to carry-forward to FY 2015.

Taxes

Property (ad valorem) tax, determined by the levy of an operating millage rate, is the City's primary revenue source providing an estimated \$8,599,712 (35.8%) of general fund sources. This amount of tax revenue is calculated based on the levy of a 1.9995 operating millage rate on the City's 2014 assessed taxable value of \$4,300,931,329. To calculate the property tax revenue to be derived from a mill rate, divide the assessed taxable value by 1000, and multiply by the proposed mill rate.

The rolled-back rate is the rate which would generate the same dollar amount of property tax revenue as was generated in the prior year, excluding valuation changes resulting from new construction. To calculate the rolled-back millage rate subtract the value of new construction from the new assessed taxable value, divide the result by 1000 and then divide the prior year's total property tax revenue into the result.

Other taxes in the general fund include the communications services tax, business tax and casualty insurance premium tax, estimated to generate approximately \$911,015.

Revenue projections for property taxes are derived using a rate of 1.9995, which is equal to the rolled-back millage rate. The rolled-back rate is the millage rate that will bring in the same amount of revenue as the prior year's millage rate, after adjusting for new construction. Revenue projections for other taxes in the general fund are based on trend analysis of prior years' activity compared to year-to-date actual revenues. Projections are adjusted to reflect any deviation from the trend based on current revenues, estimates from the state of Florida's Department of Revenue, and staff's estimates concerning expected economic conditions in the current and future years.

Licenses and Permits

Franchise fees are collected from contractors that serve the City for electric and solid waste collection and are expected to provide \$900,000 or 3.75% of general fund total sources of funds.

Special permits and City issued licenses are expected to provide approximately \$15,000.

Intergovernmental Revenue

These revenue types include state-shared revenues such as state revenue sharing, alcoholic beverage licenses, half-cent sales tax, etc. and are collected by federal, state, and local authorities and re-distributed to the cities and counties based on state-mandated formulas. Intergovernmental revenue is estimated to generate approximately \$720,000 or 3.0% of the general fund's source of funds.

Revenue projections for these taxes are based on trend analysis of prior years' activity compared to year-to-date actual revenues; projections are adjusted to reflect any deviation from the trend based on current revenues, estimates from the state of Florida's Department of Revenue, and staff's estimates concerning expected economic conditions in current and future years.

Charges for Services

These sources include planning-type (development) permits, solid waste tipping fees, police services, and indirect costs charged to certain other funds for central services provided by the General Fund to those self-supporting funds. Charges for services are estimated to provide approximately \$1.72 million, or 7.2%, of the general fund total funding sources.

Planning and development fees are established by ordinance at rates sufficient to recover the direct and indirect costs of the planning department's permit-issuance activities. Solid waste tipping fees are collected pursuant to the terms of an interlocal agreement with Lee County. Indirect costs are collected based on an independent indirect cost study conducted annually to calculate the allocated costs of the central services provided to each program activity of the City.

Fines and Forfeitures:

Fines and forfeitures, including court fines, parking and other ordinance violations, are estimated to contribute \$36,500 of general fund sources. Projections are based on trend analysis of prior year's activity.

Miscellaneous Revenues:

Miscellaneous revenue includes interest earnings, rents and contributions. This revenue source is estimated at \$286,500, or 1.2%, of general fund total sources. Projections for interest earnings are based on the City's fixed income investment program.

Other Non-revenues:

Non-revenues include a reserve for under-collection of other revenues in the amount of \$343,988. This amount is equal to 4% of ad valorem tax revenue. Ad valorem tax revenue is budgeted at 100% of the approved millage rate levy; however, because taxpayers take advantage of the discount afforded by paying their taxes in the months of November through February, the City does not collect 100% of the levied revenue. Recognizing this, the state permits up to 5% of the tax levy to be reserved for under-collection.

Uses of Funds

Uses of funds are broken down by functional classification, as required to be reported to the state of Florida each year. Although the City's budget is legally adopted at the fund level, each of the departments included in the functional classification has a respective line-item detail budget included in the supplemental schedule section of this document. Each department has also included an organization chart and department narrative describing its mission, activities and goals for the budget year.

The following summarizes each department's budget by its functional classification:

General Government

Expenditures required to operate the administrative, legal, planning, and financial obligations of the City are classified as general government expenses. This group of expenses is budgeted at approximately \$5.43 million, or 45.3% of total operating expenses.

The supplemental section of this document includes detail budgets for each department, with comparisons to prior year information.

Public Safety

The City's police department is included in the general fund and budgeted at approximately \$3.9 million, or 32.4% of the total general fund operating expenses. Also included in public safety is the Sanibel Emergency Management Program (S.E.M.P.). This department is budgeted at approximately \$195,000. The primary reason for the increase from the previous year relate to program updates in personnel, technology, and programs to conform to state and local emergency operation programs.

Physical Environment

The physical environment function includes the recycling department, budgeted at \$62,840 and the natural resources department, budgeted at \$545,623, which collectively represent 5.1% of general fund total operating expenses. These departments assist in the protection and maintenance of the City’s natural environment.

Public Works/Transportation

The public works department is responsible for maintenance of the City’s infrastructure, public facilities, and parks. Transportation expenses related to roads and bridges are accounted for in a special revenue fund. The public works budget for the budget year is expected to be approximately \$1.45 million, or 12.1% of the general fund operating expenses.

Economic Environment

The City has an agreement with a nonprofit organization, Community Housing and Resources, Inc. (CHR), to aid in the provision of below market rate housing. Current year contractual assistance is budgeted at approximately \$300,000.

Culture/Recreation

Through various operating agreements, the City assists local cultural and artistic entities in their operations by providing funds to assist with expenses. The City’s assistance to the Barrier Island Group Arts Center (BIG Arts) is expected to be \$12,080. The City’s assistance to the Historical Museum and Village is budgeted at \$138,551.

Non-Operating Expenditures

Non-operating expenditures include the City’s various reserves and transfers to other funds (interfund transfers). Interfund transfers represent revenue that is collected in one fund but is used in another fund. For example, the City transfers funds from the general fund to the special revenue recreation fund each year to support the recreation facility and the Center 4 Life. Transfers to other funds are budgeted to be approximately \$2.4 million. A detailed schedule of interfund transfers is included on page 37 of this document.

Reserves are maintained for specific circumstances and are budgeted in each year. The City has established a budget of \$6.24 million for reserves as follows:

- Reserves for Contingencies.....\$275,000
- Reserves for Environmental Initiatives.....\$1,000,000
- Reserves for Insurance Deductibles.....\$315,000
- Reserves for Disasters.....\$4,500,000
- Reserves for Compensation Adjustments\$150,000

Ending Fund Balance

The ending fund balance has three components. The first is a cash flow reserve dictated by the City’s fund balance policy and based on a percentage of operating expenses, currently 17%. This \$2.04 million cash flow reserve will provide operational cash for October and November until the City receives its first distribution of ad valorem tax revenue from the Lee County tax collector in early December. The second component is a restricted balance of \$825,000, which represents an interfund long term loan balance owed by the sewer fund to the general fund. The sewer fund makes a \$275,000 annual payment to the general fund pursuant to Resolution #11-064 adopted August 2, 2011. The remainder of ending fund balance is the amount budgeted to be available for appropriation in the subsequent fiscal year as beginning fund balance and is projected to be approximately \$458,500 at the end of fiscal year 2015.

TRANSPORTATION FUND

Special Revenue Fund

Sources of Funds

The primary revenue source of funding for the Transportation Fund is the collection of gas taxes, which are expected to be approximately \$1.48 million in fiscal year 2015. By Florida statute gas taxes may only be used for transportation-related expenses.

In fiscal year 2015, the City expects to receive approximately \$944,000 in surplus tolls from the Sanibel Causeway, pursuant to an interlocal agreement with Lee County. This agreement provides the City with 21% of the surplus tolls, as calculated on a semi-annual basis. The funds received from this agreement are restricted to transportation expenses, including repair and maintenance and capital projects.

In addition, the City expects to collect \$45,878 in state shared revenues and \$12,000 in interest earnings.

The fiscal year 2015 budget includes a transfer of \$115,080 from the transportation capital projects fund to assist in transportation related maintenance projects. The funds for this transfer were received from Lee County pursuant to an interlocal agreement related to causeway tolls.

Uses of Funds

This fund is used to clearly align transportation expenditures with gas tax revenue, as required by Florida statute. Additionally this fund records repair and maintenance, operating supplies and road materials supplies.

Operating expenditures in fiscal year 2015 are budgeted to be approximately \$2.46 million.

FERTILIZER OUTREACH AND EDUCATION FUND

Special Revenue Fund

Sources of Funds

This was established to account for funds related to the support of the Fertilizer Outreach and Education Program. In July 2013, the City Council approved an interlocal agreement with Lee County, Florida to educate the public on the detrimental effect on water quality from excessive nutrients from fertilizer present in stormwater runoff.

The purpose of this agreement is to coordinate the efforts of Lee County, the City of Sanibel, and a consortium of other local governments, local businesses groups and environmental groups, who are partnering on a public education campaign to engage and educate the citizens of Southwest Florida on the responsible use of fertilizers. This educational campaign will include several different educational and outreach components utilizing print, radio, TV, web, and social media to deliver the message. The primary goal of this Campaign is to educate citizens on the connection between excessive fertilizer use in commercial and urban landscapes and its resulting impact on our coastal water quality and economy. The broad-based outreach effort will seek to inform and educate the public about how nutrient loading affects our waters and the link between improved water quality and the implementation of proper fertilizer use and associated best management practices.

In fiscal year 2013, the City received \$22,500 in contributions from other governmental organizations and \$6,000 from non-profit organization in support of this agreement. Additionally, the City received \$10,000 from other governments in fiscal year 2014. There are no additional funds budgeted to be received in fiscal year as the project is completed.

Uses of Funds

Lee County is administering the program, and all funds collected are subsequently remitted to the County. As such, total expenditures of \$38,500 are recognized in fiscal year 2014 and no fund balance was carried forward.

HISTORICAL MUSEUM AND VILLAGE FUND
Special Revenue Fund

Sources of Funds

This fund was established in fiscal year 1986 to collect and account for donations specifically designated to the use and under the direction of the historical committee with City Council approval.

During fiscal years 1997 and 1998, the City received, on behalf of the Historical Village, proceeds in the amount of \$155,516 from the Harriet C. Spoth Charitable Remainder Trust. These proceeds were invested by the City in an expendable trust fund.

In FY 2002, the trust fund was closed, due to changes in accounting principles and \$223,841 was transferred to the historical committee fund and “designated” as a separate component of fund balance. Use of these funds could be made upon adoption of a Resolution by City Council for specific purposes. Between fiscal years 2002 and 2005, the following amounts were identified for the respective uses identified in this chart:

<u>Resolution #</u>	<u>Amount</u>	<u>Purpose</u>
04-122	\$43,000	Old School Relocation
05-069	<u>64,500</u>	Old School Restoration
Total	<u>\$107,500</u>	

With the use of these funds, there was a balance of \$116,342 remaining in the Harriet Spoth fund at September 30, 2005.

On October 1, 2007 a 501(c)3, nonprofit organization, the Sanibel Historical Museum and Village, Inc. began operations and took responsibility for maintaining the village. Also in fiscal year 2008, the City of Sanibel began providing funds to the nonprofit under a mutual contract.

Uses of Funds

There is no expense budgeted in fiscal year 2015, as all revenue and expenses, separate from the Harriet C. Spoth funds, are now accounted for in the general fund.

ROAD IMPACT FEE FUND

Special Revenue Fund

Sources of Funds

This fund was established in fiscal year 1990 to account for the collection of road impact fees pursuant to an interlocal agreement between the City and Lee County.

It is budgeted to have a beginning fund balance of \$244,218 for fiscal year 2015.

The City only appropriates funds from this source after they have been collected. It is anticipated that \$102,500 is to be collected and available for appropriation in fiscal year 2015.

Uses of Funds

Pursuant to the interlocal agreement, road impact fees are retained by the City and can be used only for improvements made to Sanibel-Captiva Road, Palm Ridge Road, Tarpon Bay Road, Periwinkle Way, Causeway Boulevard, Lindgren Boulevard, East Gulf Drive, Middle Gulf Drive, West Gulf Drive and Rabbit Road.

The City has budgeted to transfer \$250,000 of funds into the Transportation Capital Projects fund for use in fiscal year 2015 on approved projects. See page 81 for more information.

COMMUNITY PARK IMPACT FEE FUND

Special Revenue Fund

Sources of Funds

This fund was established in fiscal year 1990 to account for the collection of community park impact fees pursuant to an interlocal agreement between the City and Lee County.

The fund is budgeted to have a beginning fund balance of \$85,579 available in fiscal year 2015.

The City expects to receive \$10,000 in impact fees from the County in fiscal year 2015. In addition, \$750 in interest earnings is budgeted.

Uses of Funds

Pursuant to the interlocal agreement, community park impact fees are retained by the City and can be used only for capital improvements to community parks.

The City has budgeted to transfer of \$12,600 to the capital planning and acquisition fund to partially fund playground improvements at the Sanibel Community Park.

FATHER MADDEN ESTATE FUND
Special Revenue Fund

Sources of Funds

This fund was established to account for the proceeds of a donation from the Father Madden Estate of approximately \$27,000, which was bequeathed to the City for the goal of insuring the humane care of stray dogs and feral cats on the island.

Interest earnings on the expected beginning fund balance of \$25,210 are budgeted at \$400 for the fiscal year.

Uses of Funds

Since the time of donation, the City has used this fund to assist PAWS, a not-for-profit animal care agency, in its efforts of meeting the goal. City support is budgeted at \$1,000 for fiscal year 2015.

SHELL HARBOR CANAL DREDGING

Special Revenue Fund

Sources of Funds

This fund was established for the purpose of tracking revenues and expense related to the Shell Harbor canal dredging project.

The project is funded in fiscal year with \$18,160 in special assessments, reduced by an allowance for early payment of \$726 and a \$5,445 contribution from the City.

Uses of Funds

Miscellaneous operating expenses of \$1,000 are budgeted in fiscal year 2015.

SANIBEL ESTATES CANAL TRIMMING SPECIAL ASSESSMENT

Special Revenue Fund

Sources of Funds

This project is funded by a beginning fund balance of \$15,820, the collection of \$7,000 of special assessments, net of undercollections, and a contribution of \$3,000 from the City.

Uses of Funds

The purpose of this project, totaling \$10,500 in fiscal year 2015, is to maintain the Sanibel Estates canals such that they remain navigable and able to receive roadway drainage flow.

Annual trimming of these canals assists the residents living along the canals and the roadway users. Homeowners pay a special assessment of approximately two thirds of the cost and the City pays approximately one third of the cost.

SANIBEL ISLES/WATER SHADOWS DREDGING PROJECT

Special Revenue Fund

Sources of Funds

The project is funded by a beginning fund balance of \$79,566, a contribution from the City of \$5,000 as its 1/3 share of the cost of the project, and a \$100 special assessment for each of the property owners in the district. The assessment is estimated to generate \$10,100 in fiscal year 2015, less a \$400 (4%) reserve for undercollection.

Uses of Funds

The fund is budgeted to have \$250 in miscellaneous administrative costs in fiscal year 2015. Dredging is done as required, approximately every third year and was most recently done in fiscal year 2012. Costs are funded one third by the City and two thirds by the property owners in the district.

The dredging of the canals in this district improves the navigability for both the property owners and the public access.

BUILDING DEPARTMENT FUND

Special Revenue Fund

Sources of Funds

This fund was established pursuant to Florida statute, which requires that building permit-type fees be expended solely for building department inspections, plan review, fee collection and other building-related expenditures. Beginning available fund balance in fiscal year 2015 is expected to be \$771,738.

Budgeted permit fees are budgeted at \$550,000. A comparison of actual, estimated and budgeted fees is presented below:

¹ In fiscal year 2012, the City Council reduced Building fees by 25%

² In fiscal year 2012, the fund paid an increased lump sum amount into the General Employees' Pension Plan.

RECREATION FUND

Special Revenue Fund

Sources of Funds

This fund was established to separately collect revenue and expense associated with the City's recreation facility. In fiscal year 2010, Center 4 Life seniors program was also merged with this fund.

Beginning available fund balance in fiscal year 2015 is budgeted to be \$377,199. Budgeted revenues for fiscal year 2015 include \$25,000 in intergovernmental revenue from the Lee County School Board, representing a 20% reimbursement for electric costs and \$71,000 in contributions and investment earnings.

In September 2014, the City Council approved a 5% increase in membership fees for residents, and a 10% increase in fees for non-residents. Residents are defined as living or owning property either within the City of Sanibel or an unincorporated part of Lee County.

Charges for services provided by the recreation center and its programs are budgeted at \$660,000 for fiscal year 2015. Charges for services by type of charge are below.

	FY11	FY12	FY13	FY14	FY15
	<u>Actual</u>	<u>Actual</u>	<u>Actual</u>	<u>Estimated</u>	<u>Budget</u>
Membership Fees	\$ 329,000	\$ 339,389	\$ 356,404	\$ 376,272	\$ 392,000

The City will transfer \$1,389,896 from the general fund to this fund in fiscal year 2015 to assist with operating expenses.

Uses of Funds

The cost to run the Recreation Fund is budgeted at \$2,369,496. Of this amount the recreation department is budgeted at \$1,525,912 for personnel services, \$790,274 for operating expenses, \$28,310 in capital outlay and \$25,000 for grants and aids.

Special Revenue Fund

Sources of Funds

The funding for maintenance for the shared use ball field located at the Sanibel School is received from three sources: Lee County, the Lee County School Board and the City, pursuant to existing interlocal agreements for operating expenses, exclusive of capital outlays.

Intergovernmental revenue of \$140,000 is budgeted for fiscal year 2015. A transfer of approximately \$97,000 will be made from the general fund to fund the City's portion of maintenance.

Uses of Funds

Operating costs of maintaining the ball fields adjacent to the Sanibel School are shown in the supplemental schedules section of this document and total \$251,310.

2012 \$2.97M GENERAL OBLIGATION REFUNDING BONDS

Debt Service Fund

Sources of Funds

A referendum held in November 2001 approved the purchase of land at Pond Apple Park. Ad valorem taxes are levied on an annual basis to repay the principal and interest on this debt.

In fiscal year 2015 \$344,075 in taxes will be levied on a millage rate of 0.0800. An allowance for undercollection of \$13,763 in tax is budgeted to recognize the discount taken by those paying their taxes between November and February. Interest earnings are budgeted at \$10,000.

Uses of Funds

The original bonds, maturing in 2031 and with coupon rates between 2.0% to 4.75%, were refunded when they became eligible on May 1, 2012. The new maturity date is 2022.

The amortization schedule is as follows:

Fiscal Year	Principal	Interest	Total Payment
FY 2015	\$ 280,000	\$ 50,094	\$ 330,094
FY 2016	285,000	44,298	329,298
FY 2017	290,000	38,399	328,399

2006 \$8.35 GO BONDS – RECREATION CENTER FACILITY

Debt Service Fund

Sources of Funds

A referendum held April 4, 2006 approved the June 20, 2006 issuance of \$8,350,000 of general obligation bonds to build a new recreation center. Ad valorem taxes are levied annually to repay the principal and interest on this debt over 30 years.

In fiscal year 2015 \$526,864 in taxes will be levied on a millage rate of 0.1225. An allowance for undercollection of \$21,075 in tax is budgeted to recognize the discount taken by those paying their taxes between November and February. Interest earnings are budgeted at \$6,000.

Uses of Funds

Interest payments are made bi-annually; on February 1 and August 1 and an annual principal payment is made on August 1st. The bonds carry coupon rates from 4% to 4.35% and are scheduled to be paid off on February 1, 2036.

The amortization schedule is as follows:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Payment</u>

CAPITAL PLANNING AND ASSET ACQUISITION FUND

Capital Project Fund

Sources of Funds

These projects are funded in fiscal year 2014 by a beginning fund balance of \$424,764, grants and miscellaneous revenues of \$27,900, and inter-fund transfers of \$706,336.

The transfers consist of \$693,736 from the general fund and \$12,600 from the Community Park Impact Fee Fund.

The City expects to enter into a capital lease agreement to purchase heavy equipment in fiscal year 2015, which will result in \$215,000 of debt proceeds.

Uses of Funds

The detail of each project accounted for in this fund is included in the 5-Year capital improvement plan (the CIP), which is located in the Supplemental section of this document.

In the CIP, each of the projects is listed by department and then identified in the left hand column as Fund # 300.

Total outlays for fiscal year 2015 are budgeted to be approximately \$1.38 million.

TRANSPORTATION CAPITAL PROJECTS

Capital Project Fund

Sources of Funds

The transportation capital project fund is expected to have a beginning budgeted fund balance of \$562,475.

In fiscal year 2014, the City received approximately \$950,000 in surplus tolls from the Sanibel Causeway, pursuant to an interlocal agreement with Lee County. This agreement provides the City with 21% of the surplus tolls, as calculated on a semi-annual basis. The funds received from this agreement are restricted to transportation expenses, including repair and maintenance and capital projects. In fiscal year 2014, the City transferred \$400,000 of these funds to the Transportation Fund for use on authorized expenses.

In fiscal year 2015, the causeway funds expected to be received are budgeted in the Transportation Fund. See page 47 for more information.

The City will transfer \$250,000 from the Road Impact Fee Fund to support the capital projects budgeted in the fiscal year.

Uses of Funds

The detail of each project accounted for in this fund is included in the 5-Year capital improvement plan (the CIP), which is located in the Supplemental section of this document. In the CIP, each of the projects is listed by department and then identified in the left hand column as Fund # 301. Total capital outlays for fiscal year 2015 are budgeted to be \$685,100.

In addition, the City is budgeting to transfer \$115,080 of funds to the Transportation Fund to support operating expenses and \$22,295 of funds to the Periwinkle Way Road & Shared Use Path fund to support the capital project, for a total transfer of \$137,375.

PERIWINKLE WAY ROAD AND BIKEPATH

Capital Project Fund

Sources of Funds

Beginning available fund balance in fiscal year 2015 is budgeted to be \$54,705. A transfer of \$22,295 from the Transportation Capital Projects fund is budgeted for fiscal year 2015.

Uses of Fund

The detail of each project accounted for in this fund is included in the 5-Year capital improvement plan (the CIP), which is located in the Supplemental section of this document.

This project is listed in the Transportation section of the CIP, identified as Fund #307. The purpose of this project, costing \$500,000 and described in more detail in the CIP, is to shift Periwinkle Way to the north and widen the shared use path.

This project is expected to be completed in fiscal year 2015 and the fund closed.

RECREATION FACILITY SINKING FUND

Capital Project Fund

Sources of Funds

The City Council approved the establishment of a sinking fund on September 18, 2012 for the rehabilitation and replacement of components and equipment at the Recreation Center complex. This fund is funded in fiscal year 2015 by the carry-forward of \$379,450 of available beginning fund balance, interest earnings of \$6,500, and a transfer from the General Fund of \$225,000.

Uses of Funds

The detail of each project accounted for in this fund is included in the 5-Year capital improvement plan (the CIP), which is located in the Supplemental section of this document.

In the CIP, each of the projects is listed by department and then identified in the left hand column as Fund # 370.

Total outlays for fiscal year 2015 are budgeted to be \$200,345 in accordance with the rehabilitation and replacement schedule. The schedule is updated annually.

Estimated ending fund balance that is scheduled to be utilized in subsequent years is \$410,605.

PROPRIETARY FUNDS BUDGET

Proprietary funds are used to account for the business-type or enterprise activities of the government. The City's two enterprise funds are the Sanibel sewer system and the beach parking fund.

Enterprise funds account for operations that are financed and operated in a manner similar to private business enterprises; where the intent of the government's council is that the cost of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the government's council has decided that periodic determination of net income is appropriate for accountability purposes.

Fees or charges are the primary revenue source for proprietary funds. However, the sewer system enterprise fund also receives tax revenue from a voter-approved tax levy to pay debt service related to the capital expansion projects to construct the system.

SANIBEL SEWER SYSTEM

Enterprise Fund

The sewer system has two (2) treatment facilities: the main plant on Donax Street and a secondary plant on the west end of the island, the Wulfert Plant. The system has a total treatment capacity of 2.5 million gallons per day (mgd), 2.375 mgd at the Donax Plant and 0.125 mgd at the Wulfert Plant.

Beginning in 1995, a wastewater master plan was developed in conformance with the land development code, now known as the Sanibel Plan, which provided for a phased expansion to provide sewer service to the entire island. To date the following phases have been completed: Phase 1 which included South Capers, Sanibel Highlands, Sabal Sands, Lagoon Estates, Sanibel Place, Sanibel Lake Estates, Periwinkle Partners, Sanibel Pines, Dixie Beach, Sanibel Shores and Area U; Phase 2A on Rabbit Road; Phase 2B on the east end of the island; Phase 2C on the southwest end of the island; Phase 3A included Gulf Pines and the San-Cap Commercial district and Phase 3B on the northwest end of the island. The engineering for Phase 4 is in progress and the project is awaiting the securing of easements and funding, while the land for Phase 5 was purchased in January 2008 and the then-current customers of the Sanibel Bayous Utility Corporation became City of Sanibel customers. The Bayous' collection system was connected to the City's system and the existing Bayous plant was decommissioned. Billing for Phase 5, 299 equivalent residential connections in Sanibel Bayous and Blind Pass Condominium, began in April 2008.

The cost of the expansion projects has been funded by state revolving (SRF) loans granted by the state of Florida's Department of Environmental Protection. The low-interest rate, 20-year loans are being repaid from three sources; ad valorem taxes, special assessments and system operating revenue.

In fiscal year 2014, the City refunded the system's Series 2003 Refunding Bonds and one SRF loan with Series 2014 Sewer System Refunding Revenue Bonds to take advantage of lower interest rates and debt service savings. The new bonds provided a net present value savings of approximately \$960,000, shortened the debt maturity from 2022 to 2021, and carry an interest rate of 1.43%.

A special voted debt service ad valorem tax levy was adopted by voters at referendum in 1998. The levy provides an additional SRF repayment source so that assessments on benefiting properties could be reduced. For fiscal year 2015, this sewer voted debt service tax rate has been set at 0.2125 mills which will cost a taxpayer \$21.25 per \$100,000 of taxable property valuation.

Sources of Funds

In addition to the roll-forward of prior year balances, ad valorem tax revenue of \$913,948 (less a reserve of \$36,558) is budgeted from the levy of the 0.2125 millage rate. Residential and commercial user fees are budgeted at approximately \$6.12 million. Budgeted user fees have been evaluated as being sufficient to meet operational costs, debt service obligations and reserves.

Other sources of revenue include charging for the sale of treated effluent at a rate of \$2.42/1,000 gallons (\$2.53/1,000 gallons in FY 2015) to general customers other than the Sanctuary and Beachview Golf Courses. This amount is budgeted to be approximately \$262,000.

Fines from late payment of sewer bills are included in other sources of revenue and are budgeted at \$20,000. Miscellaneous revenue includes interest earnings and Wulfert tower rental receipts and is budgeted at \$208,020.

Special assessments collections from benefitted customers are budgeted to be \$658,065.

Uses of Funds

Operating expenses including sludge removal, laboratory services, utilities, repair and maintenance, insurance, indirect (central services) costs and other contractual services are budgeted to be approximately \$2.8 million.

Sixteen (16) full-time positions and one part-time position manage, operate and provide engineering services to the system at a cost for salaries and fringe benefits of approximately \$1.6 million.

Expected capital projects are budgeted at \$1,000,000.

The principal and interest budgeted for debt service is \$3.36 million, including the 2014 Series Bonds, the SRF loans and a repayment to the general fund for a long-term interfund loan.

The system also is budgeted for \$100,000 in disaster reserves.

¹ Miscellaneous revenue in fiscal year 2012 includes a significant increase in fair market value of the funds investments

² The budget for special assessments includes principal and interest; however, the actuals from previous years only include interest as principal amounts are recorded to the balance sheet.

BEACH PARKING FUND

Enterprise Fund

Sources of Funds

Pursuant to ordinance, parking fees are charged at \$2.00 per hour (\$3.00 per hour in FY 2015) at the City’s seven (7) beach parking locations: Lighthouse, Gulfside City Park, Tarpon Bay, Bowman’s, Blind Pass, Boat Ramp and Turner Beach. Revenues from this source are budgeted at \$2.27 million for fiscal year 2015, net of the 6% sales tax remitted to the state department of revenue. Revenue from parking permits is budgeted at \$100,000 and parking violation revenue is estimated to be \$75,000.

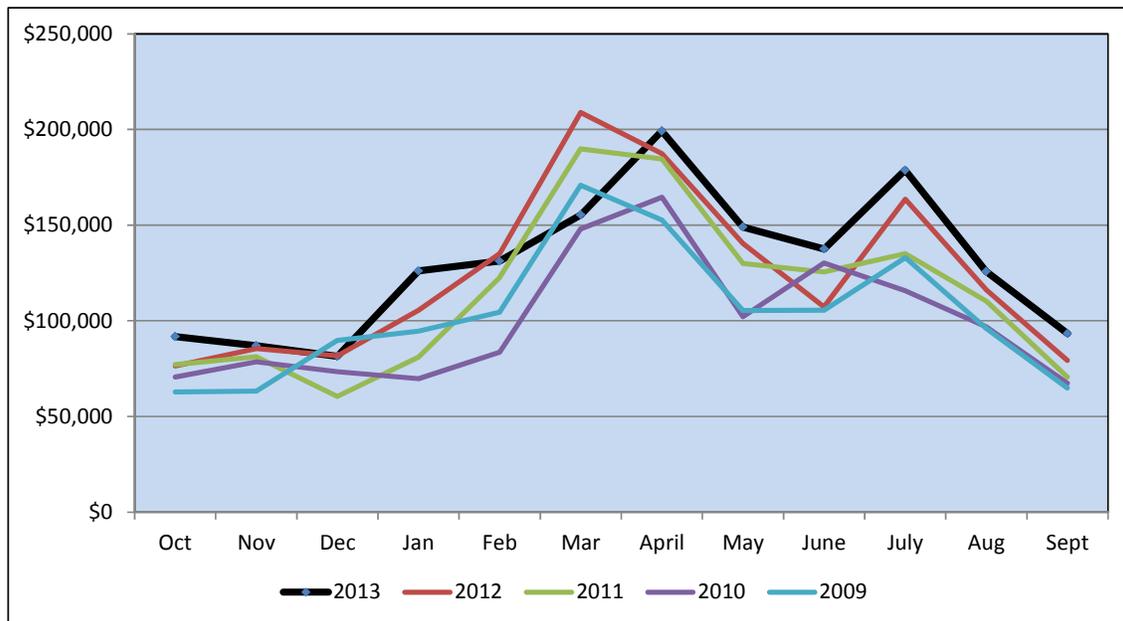

The majority of intergovernmental revenues are received from the Lee County Tourist Development Council and more fully explained below.

Uses of Funds

In addition to the enforcement of the ordinance, user fee revenues are used to maintain the beach facilities as well as provide shared-use path access to the beaches. An operating line-item budget is included in the public works function in the supplemental schedules section of this document and the 5-year capital improvement plan is detailed in that section at the end of this document.

An operating grant in the amount of approximately \$1.4 million from the Lee County Tourist Development Council (TDC) has been applied for and tentatively approved to augment beach maintenance. In addition to the operating grant, \$357,283 in capital grants was tentatively approved. Since the County’s budget process runs concurrently with the City’s, the beach parking fund’s revenue will be amended by the grant amount upon receipt of the grant award.

Parking revenues by month for selected years are shown in the chart below.

GENERAL GOVERNMENT FUNCTION

Legislative Department

City Manager Judith Ann Zimomra

Judith Ann Zimomra has served as City Manager of Sanibel since September 2001. Her academic credentials include a Juris Doctorate degree from Capital University and a Master's Degree in Public Administration from Ohio State University with specialization in Fiscal Administration. She also is an alumnus of Harvard University JFK School of Government Program for Senior State and Local Officials.

In 2012, Judie was honored with the 30-year Service to Local Government Award from the International City Manager's Association (ICMA). Among the challenges Zimomra has dealt with during her tenure as Sanibel City Manager includes the recovery from Hurricanes Charley and Wilma. The City of Sanibel Management Team was recognized by the Governor and nationally for their performance before and after the 2004 and 2005 hurricane seasons. While serving as Manager the City of Sanibel has reduced the tax burden on local property owners by obtaining more than \$35 million dollars in grants over the past 12 years, as well as developing a user fee system to recover costs for municipal services.

Since 2001 the City of Sanibel has received two Program Excellence Awards from the Florida City and County Managers Association (FCCMA). *Florida Weekly* named the City of Sanibel as "Best Managed City" in southwest Florida. FCCMA selected the construction of the City's Recreation Center in the category of Community Sustainability and restoration of the Historical Old Schoolhouse at the Village in the category of Community Partnership, for recognition. The Recreation Center also received the Southeast Construction Best Sports Recreation Project Award for the southeast region of the entire United States. Zimomra has been a speaker at the national conference of the Government Finance Officers Association.

She has served as an adjunct college professor at Cleveland State University where she taught graduate students in Public Administration and as an adjunct professor at Edison State College School of Law and Public Safety. Zimomra has been named a "Power Women of Lee County" by *Florida Weekly*. Zimomra has been selected as the 2012 Commencement Speaker for Newton Falls (Ohio) High School, her alma mater.

During her tenure, the City of Sanibel has been recognized by the American Planning Association (APA) with the National Planning Landmark Award, the Government Finance Officer's Certificate of Achievement for Excellence in Financial Reporting and Budgeting, the National Hurricane Conference, and the Governor's Hurricane Conference.

Last year the Ohio State University John Glenn School of Public Administration named Zimomra "Alumni of the Year." Zimomra has been honored with the Paul Harris "Citizen of the Year" award by the Sanibel-Captiva Rotary Club. In June of 2014 she was selected as a speaker at the Due Energy Hurricane Preparedness Seminar.

She also has been named Citizen of the Year by the Sanibel & Captiva Islands Chamber of Commerce, and Citizen of the Year by the Committee of the Islands (COTI). She serves on the United Way of Lee, Hendry & Glades Counties Board of Directors. In 2011, the Ohio State Alumni Association named Zimomra among, "100 Buckeyes You Should Know."

Her publications include articles on *Clostridium Perfringens* and Pulmonary Hemosiderosis in C.D.C. publications, as well as articles in *American Public Works Reporter* and *Cities & Villages*.

GENERAL GOVERNMENT FUNCTION

Legislative Department

City Clerk Pamela Smith

Pamela Smith, MMC served as Deputy City Clerk for the City of Sanibel from December 01, 1999 until March 2005, at which time a charter amendment passed and she was sworn in March 15, 2005 as the City of Sanibel's first City Clerk. She also held the position of Emergency Management Coordinator from 1999 to 2001 where she worked closely with the Lee County Emergency Operations Center. In her capacity as Emergency Management Coordinator she belonged to the Florida Emergency Preparedness Association (FEPA) and Lee County Emergency Management Committee. She is currently the City of Sanibel's liaison to the Lee County Emergency Operations Center. She has over 30 years of County and Municipal experience.

Currently, she is the Mentoring Committee Chair for IIMC and FACC. In October, 2008 she was chosen as the first United States Ambassador by the International Institute Municipal Clerk (IIMC) for participation in the first IIMC International Exchange program. She hosted a Netherlands City Clerk (Griffer) in February, 2009 and went to the Netherlands in April, 2009. Ms. Smith also gained her Master Municipal Clerk designation in April, 2009 and was inducted in June, 2009 as President of the Florida Association of City Clerks (FACC). She was elected as FACC's 2nd Vice President in April, 2007. Ms. Smith won the 2006 City Clerk of the Year Award through the Florida League of Cities Excellence Awards. She has served on numerous FACC AND IIMC committees, and was also elected as the Southwest Director for FACC in June 2005. She received the Certified Municipal Clerk (CMC) designation in November, 1999.

Ms. Smith came to Sanibel from Atlantic Beach, North Carolina where she advanced to the position of Town Clerk. Also as Town Clerk she worked with Emergency Management Systems and was a member of the Carteret County, North Carolina, Emergency Management Control Team, which made decisions regarding; Hurricane Preparedness, Evacuation, Hazard Control Planning, and Post Disaster Restoration. While serving as the Interim Town Manager she was responsible for the day-to-day operations and was involved directly with the 1999 hurricane season, most important Hurricane Floyd that struck the town twice. Mrs. Smith has also served as an instructor for FACC Annual Conferences, the Governor's Hurricane Conference and IIMC Conference. She continues to mentor City Clerks. She has taken a variety of college courses over the years.

She is and has been also involved in raising money and awareness in her community for the following.

Toys for Tots Christmas Run in Lee County

March of Dimes motorcycle run

Relay for Life Walk Stiletto Sprint

Susan B. Komen Volunteer

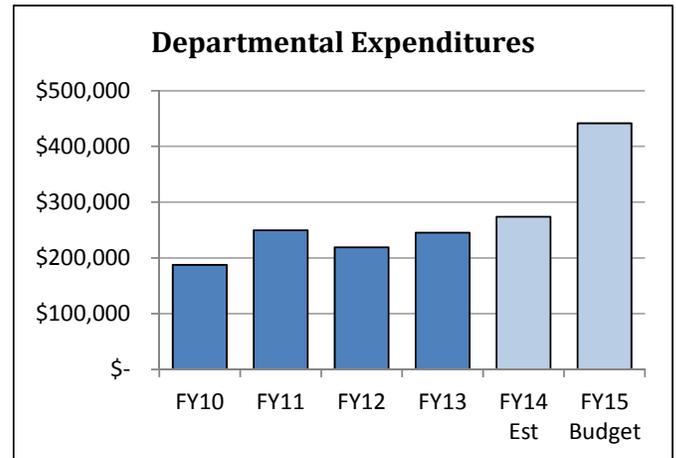

Breast Cancer Awareness for the City of Sanibel

Chrissy Brown Oncology Hematology Children's Wing at Health Park, Fort Myers Department of Children and Family Services – Gulf Coast Center, Buckingham, Florida

Legislative Department
General Fund

DEPARTMENT FUNCTION

To provide accountability and stewardship for all forms of City public records, their storage, either digitally or paper documents. Exceptional clerical and administrative support to City Council members; accurate and responsive recording and transcription services of City Council meetings, as well as specific services to City Committees and Boards. Manage the use of Council Chambers (MacKenzie Hall). Prompt and accurate distribution of City Council and Departmental mail; prompt and accurate responses to the needs of the general public, which include either walk-in visitors, phone calls and/or e-mails to City Hall.

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

- Quality of work product for digitizing records and the expense of retrieval of off island City paper records
- The expense of disintegrating microfilmed record conversion of paper files to digitized records
- Continue to work with and provide support to City staff to digitize City records in accordance with the State Retention Schedule while converting paper records to ensure a paperless operation
- The cost of records storage for documents required to be stored in perpetuity during transition to a paperless system

ACCOMPLISHMENTS

- Accommodated approximately 22,442 incoming calls and 2,813 walk-ins in FY 2013
- As phone calls decrease by 2.79% in 2013 emails are increasing at a dramatic rate which includes processing 52,445 emails in 2012 and 70,571 emails in 2013 an increase of 34.56%
- Accurately recording and preserving all City Council meeting minutes prior to next regular scheduled meeting
- 100% of City Council legislation prepared for authentication and digitized within same day of adoption
- 4 employees each received approximately 25 hours of computer skills training
- Responded to 373 public records requests, an increase of 29.18%
- 3 employees cross-trained to provide improved service to the public and City Departments

DEPARTMENT OBJECTIVES

To Support Council Goals:

- Provide information to the public for City Council and Planning Commission meetings relative to the City's Redevelopment Work Plan and Civic Cultural Core
- Provide water quality information to citizens to increase public awareness
- Update H2O matters website as requested by Natural Resources necessary
- Maintain website information within 1 day of changed information
- Continue to control overtime expenditures
- Continue to reduce promotional activity expenses

DEPARTMENT OBJECTIVES (CONTINUED)

To Support Departmental Objectives:

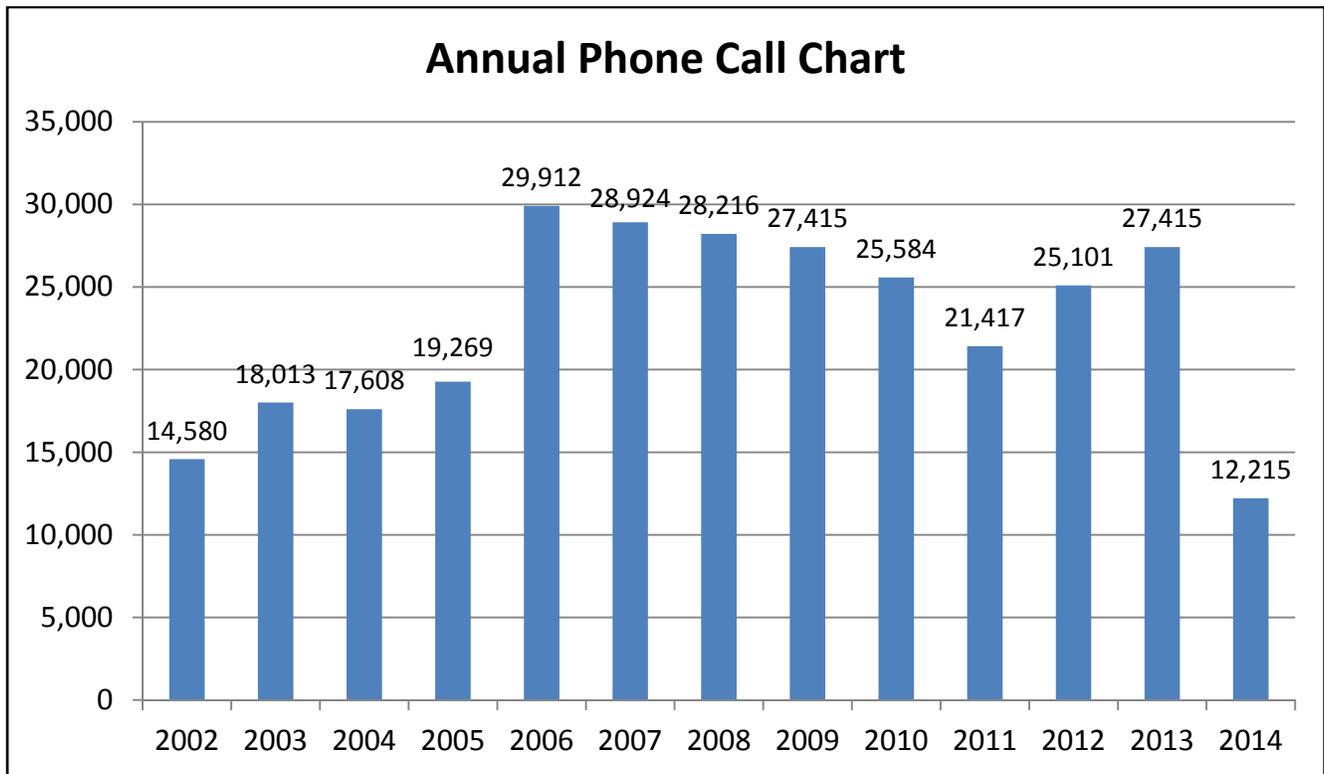

- Continue to control overtime
- Continue to revise work process book to reflect software integration and work duties
- Utilize Automated Agenda process for an accurate accounting and transparency for City Council, Planning Commission, Committees and Boards meeting record keeping
- Produce meeting audio to the website within 2 days to ensure transparency to residents and visitors
- Utilize training opportunities for employees
- Continue to cross-train employees

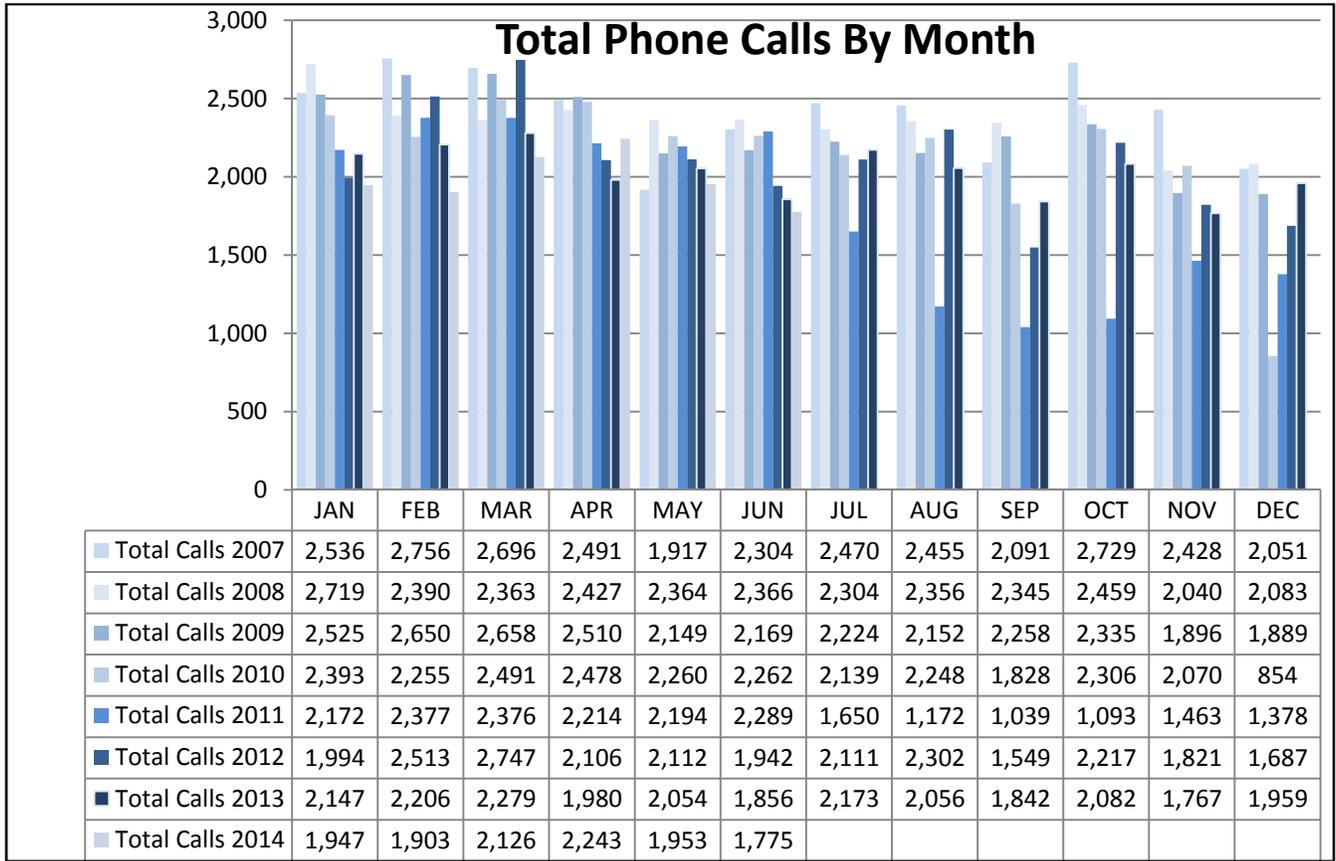

RESPONSIBILITIES

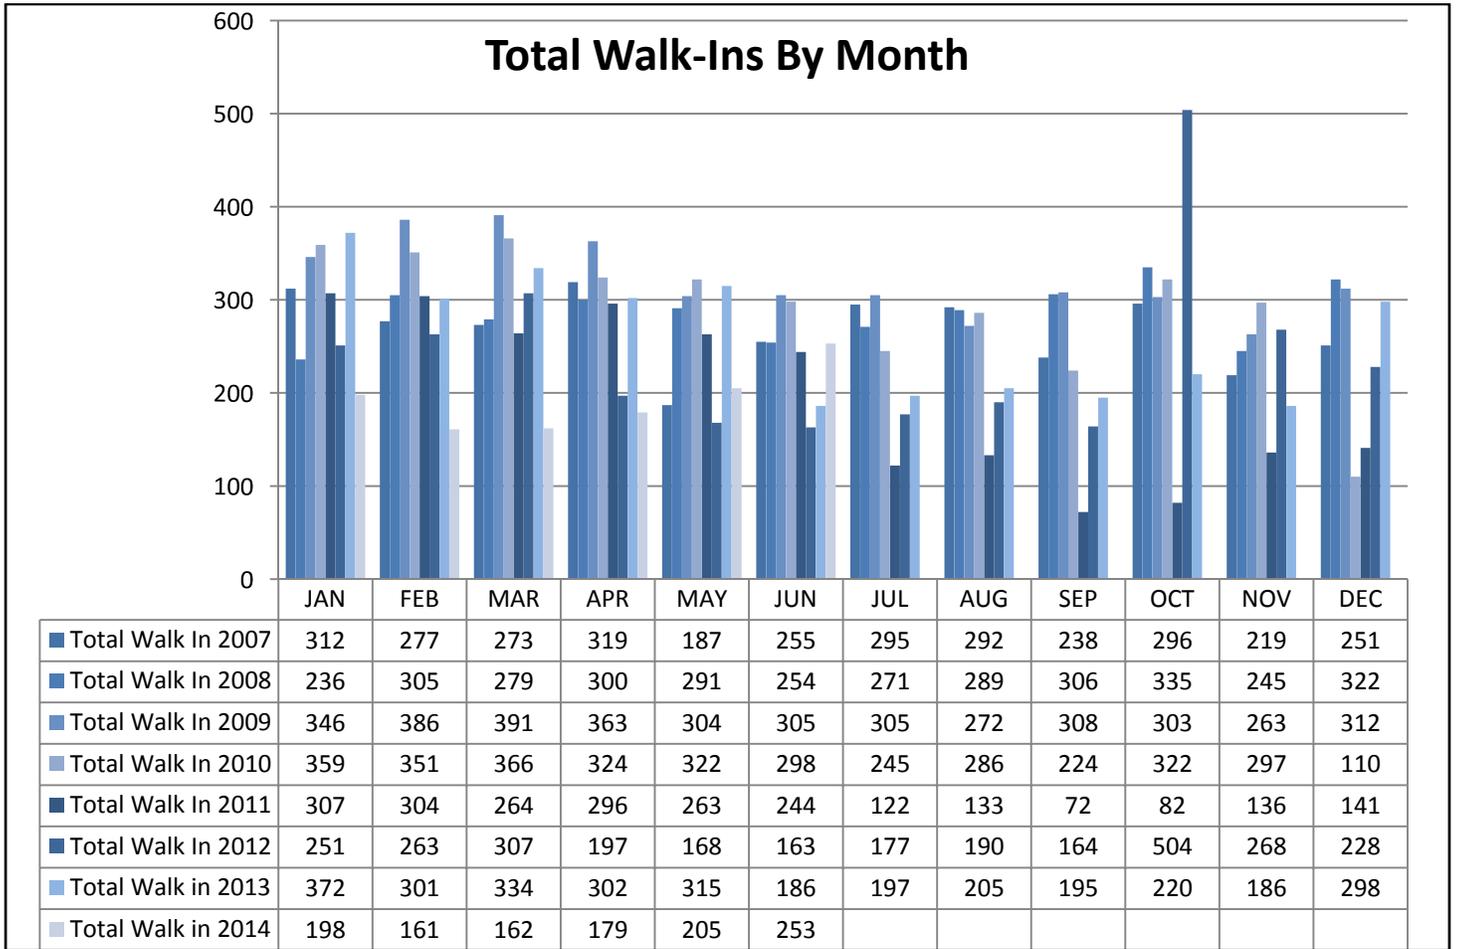

- Provide administrative services to City Council
- Post all City public meeting notices via bulletin board and website
- Coordinate City Council support material for committees and boards for which councilmembers participate
- Process City Council and Departmental incoming and outgoing mail
- Coordinate and utilize new automated agenda process and meeting audio streaming for City Council, Planning Commission, City Committees and Boards
- Take and transcribe summary minutes for City Council, Planning Commission, City Committees and Boards
- Provide assistance for Planning Commission meetings as necessary
- Coordinate City Council calendars for meeting registrations and appointments
- Coordinate City Council travel schedule and reimbursement for expenditures
- Complete City Council and City Clerk P-card statements each month
- Provide telephonic and person-to-person information relative to City services
- Post and E-mail press releases and other special information releases to the public and community leaders
- Coordinate message for after-hours pertinent to City business relating to City Hall closures, road work, traffic advisories
- Digitize and maintain records and documents for City Council, Planning Commission, City Committees and Board meetings
- Digitize and maintain all legislation and meeting minutes off-island in perpetuity
- Maintain the City-wide telephone listing
- Maintain inventory of committee, J. N. "Ding" Darling National Wildlife Refuge, and Sanibel Captiva Conservation Foundation brochures
- Prepare invoices for payment
- Maintain a listing of Home Owner Associations as made available
- Post Press Releases to the City's website
- Provide accurate and timely responses to the public and other governmental agencies
- Update monthly City meetings and newly adopted legislation to website
- Coordinate Special Events such as Student Government Day, Veterans Day and the City's 40th Anniversary of Incorporation, as well as City co-sponsored events

GENERAL GOVERNMENT FUNCTION

Administrative Department

ADMINISTRATIVE DEPARTMENT Organizational Chart

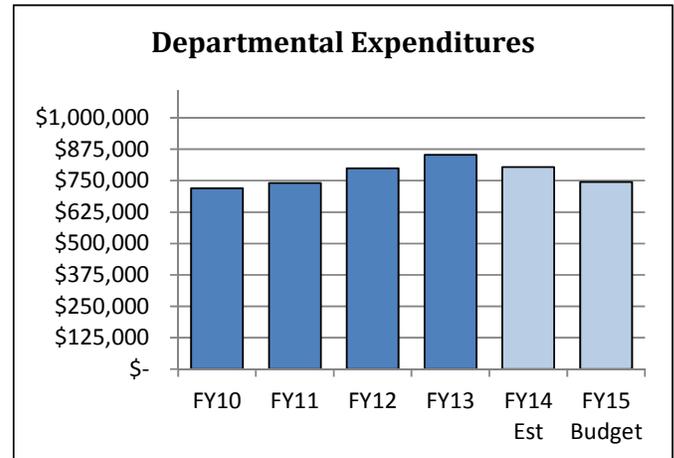

FT = Full - Time PT = Part Time

Administrative Department
General Fund

DEPARTMENT FUNCTION

To provide the highest level of dedication and service to Sanibel citizens, City Council and City employees by providing, quality, timely, and appropriate draft legislation; processing requests for special events permits; providing quality, efficient and responsive personnel and labor management services consistent with modern organizational principles; attracting and retaining a highly trained, qualified, diverse and effective work force; promptly addressing and responding to the risk management needs of the City.

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

- Containing overall City-wide healthcare costs.
- Continuing to remain competitive in the local labor market in order to attract and retain personnel as the economy improves.
- Managing the part-time workforce post implementation of the Affordable Care Act.
- Ensuring adequate and timely training for new employees related to increasing use of automated programs and processes.
- Providing quality employee training City-wide while minimizing impact on productivity.
- Transitioning to a paperless on-line employment application and applicant tracking process.
- Tracking employee development and training.
- Revising the employee performance evaluation process to accommodate individual development planning.
- Continuing the Administrative Services transition process.

ACCOMPLISHMENTS

- Scheduled on-site supervisor/employee training programs to improve performance and reduce costs
- Reorganized the Legislative Department to improve efficiency and effectiveness
- Continued the use of webinars to improve efficiency and effectiveness and reduce training costs
- Automated the agenda process for City Council, Planning Commission and other committees
- Fully implemented the document imaging process using templates
- Fully implemented the human resources portion of the City-wide software project
- Initiated action for implementing the Health Care Reform Act and its impact on full-time equivalents

- Implemented an applicant tracking software application to include an on-line application process
- Updated City property certified replacement values for all properties covered by flood and wind insurance
- Conducted drug-free workplace training and unlawful harassment training for all employees
- Provided on-site influenza vaccine for employees

DEPARTMENT OBJECTIVES

To Support Council Goals:

- Update the replacement cost values of City facilities in the Florida League of Cities SimpliCity program
- Implement the Affordable Care Act considering impacts on both employees and budgetary constraints

To Support Departmental Objectives:

- Complete the automation of applicant tracking and the on-line application process
- Develop and implement an annual training and certification plan for employees
- Develop a master training and certification plan for all City jobs
- Implement the Tyler MUNIS citizen self-service module
- Continue to improve employee professional and administrative skills through on-site training, webinars and other low-cost training opportunities

RESPONSIBILITIES

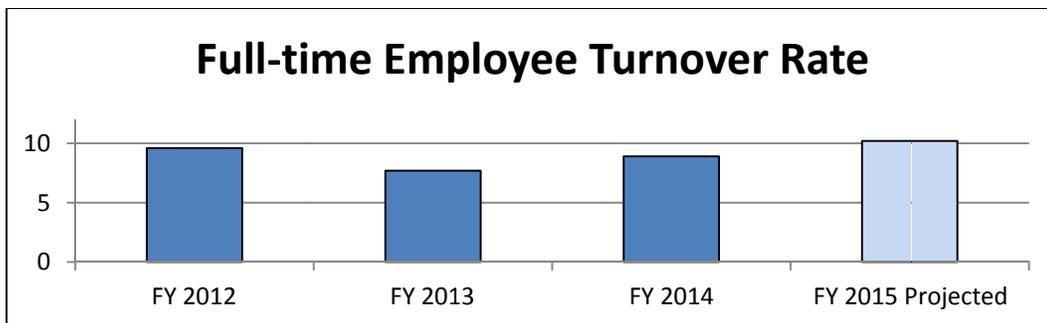

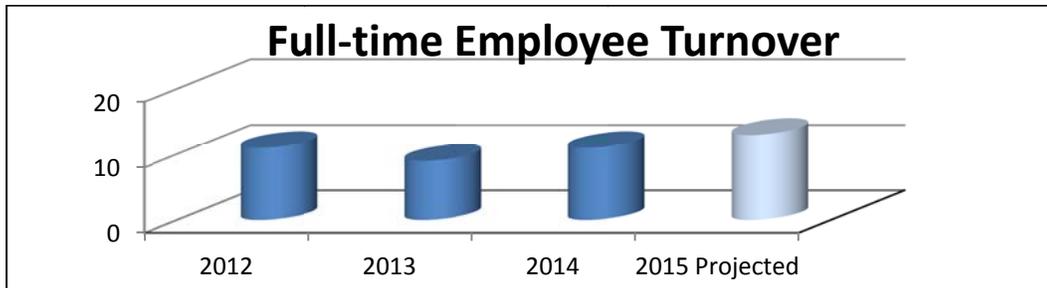

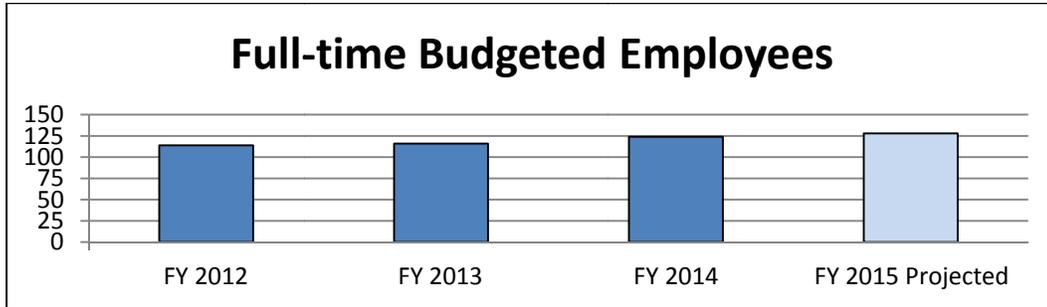

City Manager

- City Administrator
- Advisor to City Council
- Monitors development of City Council agendas
- Carries out City Council policies
- Implements administrative policies and procedures
- Directs day-to-day City operations
- Proposes annual budget
- Executes approved City budget
- Responds to resident requests, complaints and needs
- Meets with citizens and resident groups

Admin Services Director

- Human Resources
- Benefit Administration
- Employee Relations
- Labor Relations
- Position Classification
- Employee Training
- Risk Management
- Liaison with CHR

GENERAL GOVERNMENT FUNCTION

Information Technology (IT) Department

Director's Background

Albert Smith, Jr.

Director Smith was hired in November 1998. He has 15 years of service with the City and over 25 years in the IT field.

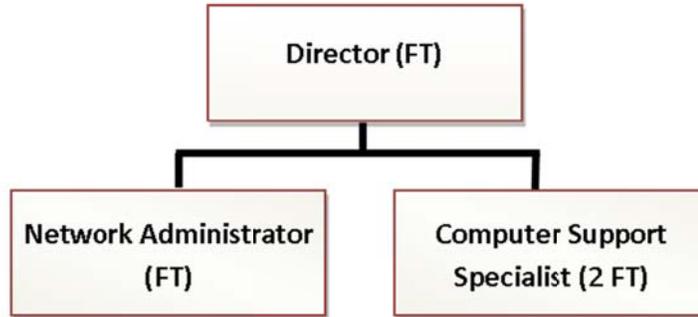

The Director earned a Bachelor of Science degree from Towson State University and is pursuing a Master's Degree in information technology from Florida Gulf Coast University. He is also working to earn Certified Government Chief information Officer Florida through a partnership with the John Scott Dailey Florida Institute of Government and the Florida Local Government Information Systems Association.

Major accomplishments completed during Director Smith's tenure include:

- Designed, migrated and managed all technology implementations that took the City from 25 stand alone computers with dial up Internet to today's capabilities.
- Hurricane Charlie evacuation technology and communications that supported off island City Hall functions and Police Department Command Post
- Transitioned the City's web site from a static system that was updated solely by IT to the current content managed system updated by all City departments.
- Migrated the City's email system from individual accounts to a full Microsoft Exchange based system
- Implementation of the City's Community Notification Emergency Alert system
- Upgrade of Mackenzie Hall audio system and recent implementation of integrated council agendas with audio streaming
- Implementation of County damage assessment program for Police Department and Building Department damage assessment team
- Implementation of integrated Police Department dispatching and reporting system that also includes on the road access by patrol units.
- The conceptual design and construction of the Police Department server room.
- Designed the Sanibel Emergency Response vehicle and managed the vehicle technology build.
- Director Smith earned SANS Institute certifications in Security and Firewall.
- The migration and upgrade of the City's financial, building and planning software from HTE to Munis.
- The adoption of paperless agendas through iPads
- The City's video system that monitors City Hall, Lighthouse Park, the boat ramp, the Recreation Center and patrol cars
- The City's Laserfiche document management system

GENERAL GOVERNMENT FUNCTION
Information Technology (IT) Department

INFORMATION TECHNOLOGY DEPARTMENT
Organizational Chart

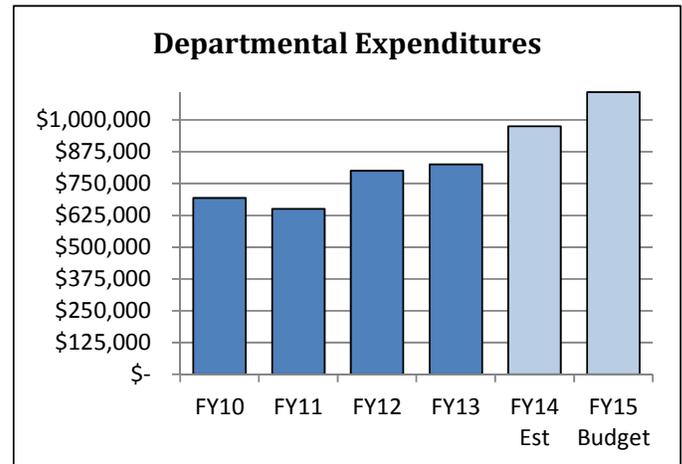

FT = Full - Time

Information Technology Department (IT)

General Fund

DEPARTMENT FUNCTION

Provide after hours and routine support of City's mission critical, network security and other systems. This includes Public Safety, Utilities, enhanced web and internet capabilities, 109 computers, 15 laptops, iPads and significant system security areas. Identify and implement new technology to increase City services and transparency. Maintain appropriate levels of Staff training for. Develop and implement and maintain disaster technology capabilities.

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

The City has implemented significant new technology over the past two years that is expected to continue over the next several years. As the City increases its reliance on technology throughout its business functions, there are issues and challenges specifically related to information technology that should be addressed:

- Maintaining the IT staff knowledge and training with new technology and software;
- Redesigning the City's web site and new online services to improve navigation and searching. The City already has a significant volume of data on the web and significant additional data will be added each year;
- Adopting new industry standard technologies quickly enough to still be viable. The issue is balancing the emergence of technology with the time it takes to validate and implement the new technology;
- Maintaining access to technology knowing that Sanibel is highly susceptible to natural disaster. Since this means applications and data will be located outside of the City's network, connectivity to the internet must be ensured. Additionally, the City will need to increase connectivity speed as demand increases;
- Maintaining secure and reliable systems in an era of increasing security threats. The IT department participates in annual audits from the City's financial auditor and the Florida Department of Law Enforcement. The resources and costs for security are increasing each year;
- Most new technology projects provide efficient, transparent, and public access to the City's operations, but typically increase the demand for IT resources. This increase in resource demand leads to longer times to complete new projects. To address this issue, the IT department is looking to external expert resources.

Other General Issues and Challenges:

- During the period that the City transitions between its legacy and new platform for its core application suite, it will incur costs for both systems;
- The migration of the City's video systems from several different separate systems to a single integrated enterprise quality solution comes with initial investment expenses;
- Managing digitized City documents and the process to digitize documents. It is very important to appropriately index digital data so that it can be easily located without having to have specific information about the data being retrieved. The City continues to evolve its understanding of how complicated indexing of its digital data is. Locating the best outside resource to assist the City to digitize data is also an issue.

ACCOMPLISHMENTS

- Set up a secure network server location at the County EOC. Data will be replicated to this location.
- Began using Amazon Web Services for long term storage of City critical data.
- Completed Phase 2 of the government wide software implementation to replace Utility Billing, Accounts Receivables, and Cashiering. This implementation uses Software as a Service (“SaaS”), which means that the servers and data reside in data centers safely located outside of southwest Florida
- Implementation of integrated Council Agenda and audio streaming system
- Began implementation of biometric system for Summer Recreation Youth program.
- System design, implementation and data migration for project to replace all Police Department Dispatching (CAD) and Reporting (RMS) systems scheduled for August 2014
- Performed a full test of the City’s Community Notification System in May.
- Migration of the Water Quality Web Site from a standalone site to the City’s main web management system.
- Upgraded the City’s Lightning Alert System to allow access by external users.
- Implemented a new internal server and network monitoring system.

DEPARTMENT OBJECTIVES

To Support Council Goals:

- Use technology to enhance transparency and public access to City information;

To Support Departmental Objectives:

- Respond to critical City requests for service within 10 minutes
- Maintain a secure and reliable network infrastructure.
- Identify and develop plan to match current IT skill sets to future technology projects.
- Develop plan to move City’s core data and applications to Cloud based technology
- Maintain City’s backups
- Keep City FCC licenses current
- Maintain essential system and security patches

PERFORMANCE INDICATORS

¹ Increase in fiscal year 2015 primarily due to additional modules being activated in government wide software conversion, increased usage in "cloud" services and system security.

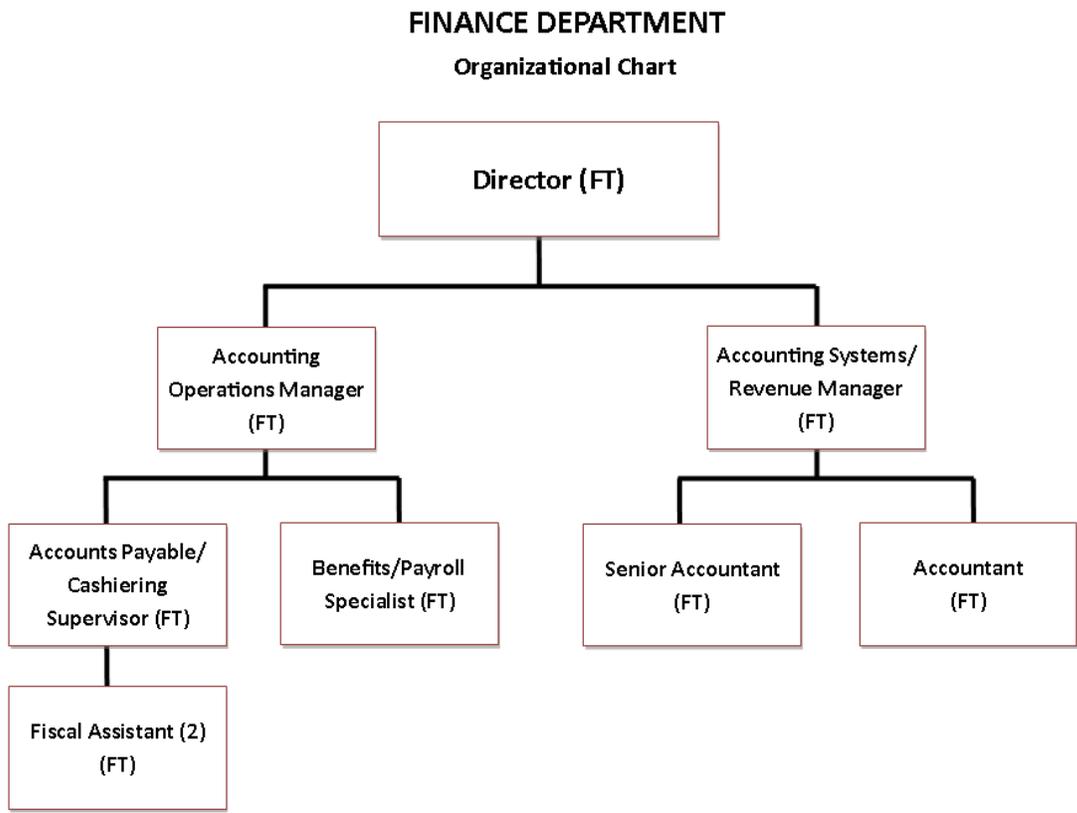

GENERAL GOVERNMENT FUNCTION

Finance Department

Director's Background

Sylvia A. Edwards

- Masters in Business Administration (MBA), Saint Leo University
- Bachelor of Science in Business Administration, Webber International University
- Certified Public Accountant (CPA)
- Certified Government Finance Officer (CGFO)
- Certified Public Finance Officer (CPFO)
- Fourteen years of progressively responsible accounting positions with governmental entities and over twenty-five years of progressively responsible accounting positions in the private sector.

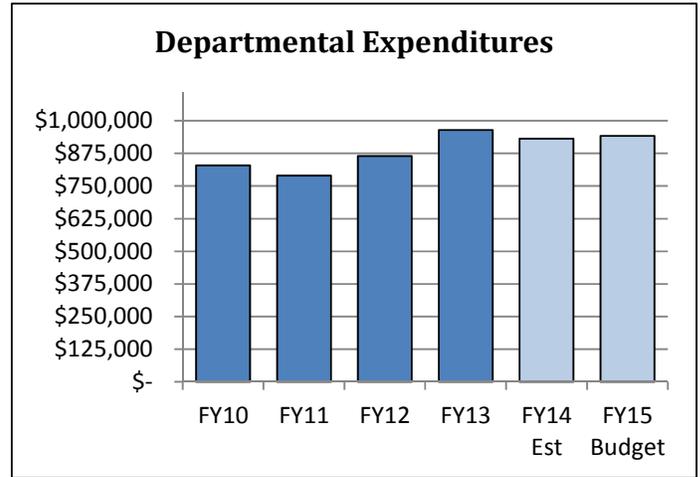

FT = Full - Time

Finance Department
General Fund

DEPARTMENT FUNCTION

To safeguard and accurately account for City assets, bill and collect funds due to the City, process payment of payroll and other expenses owed by the City, collect business receipt taxes, prepare the annual City budget and Comprehensive Annual Financial Report, complete special financial projects, such as bond issuance, ensure compliance with municipal finance and taxation regulations defined by Florida statute and provide timely budgetary and financial data to management, Council and Sanibel citizens.

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

- To complete the implementation of new software for permitting, business tax receipts, code enforcement, work orders, fleet and facilities maintenance, capital asset tracking, land and parcel management, and the City's comprehensive annual financial report. The new software will improve financial interaction with the City for citizens and other customers as well as provide increased departmental efficiency through better reporting and analysis of data.
- Implementation of GASB Statement No. 68, accounting for pension by State and local governmental employers. The objective of this statement is to establish standards for governmental employer recognition, measurement, and presentation of information about their liability for governmental defined benefit pension plans.
- Developing financial policies to provide long-range guidance and direction for sound fiscal management and providing efficient and effective financial support services to all City departments.
- Continued project management implementation and oversight of the new City-wide financial and business process software system.

ACCOMPLISHMENTS

- Refinanced \$9.5 million sewer fund Series 2003 Refunding Bonds and SRF Loan, resulting in a net present value savings to the City of approximately \$960,000. New debt was issued at 1.43% interest rate, and annual debt service payments were decreased \$116,471. Overall maturity was decreased by one year.
- Received the Government Finance Officers Association Distinguished Budget Presentation Award for fiscal year 2014 and the Excellence in Financial Reporting award for fiscal year 2013.
- Successfully implemented new software applications in utility billing, front desk cashing, and online customer access/bill pay. Processes and policies for each module was reviewed and updated before the new systems were activated. All converted data was scrutinized for accuracy and integrity.
- Implemented new banking programs such as Bill Consolidation Collection, online deposits, online bill pay to improve revenue collection, transaction processing, security and timeliness.

DEPARTMENT OBJECTIVES

To Support Council Goals:

- To establish a proposed facility replacement schedule in 2015, in conjunction with the building and public works departments
- To incorporate more trend analysis in future budgets
- To continue to provide five-year budget forecasts to Council

To Support Departmental Objectives:

- To pay 100% of invoices within 45 days
- To process payroll checks with 100% accuracy
- To keep 90-day past-due utility accounts at <1%
- To prepare journal entries with 100% accuracy
- To have at least 95% of GFOA budget criteria deemed Proficient
- To file quarterly reports on time 100% of the time

PERFORMANCE INDICATORS

Description	Actual FY 2012	Actual FY 2013	Estimated FY 2014	Estimated FY 2015

GENERAL GOVERNMENT FUNCTION
Legal Department

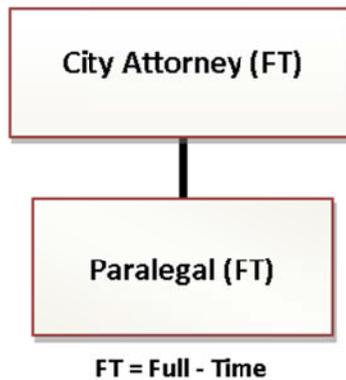

Director’s Background

Kenneth B. Cuyler, Esq.

Kenneth B. Cuyler, Sanibel City Attorney, graduated from the University of Florida with a BSBA, Major in Accounting, and received his Juris Doctorate degree from Stetson Law School. After serving for approximately 2 ½ years with the State Attorney’s Office in Naples, Mr. Cuyler was offered a position with the County Attorney’s Office. At the age of 33, Mr. Cuyler became the Collier County Attorney and served in that position for approximately 10 years, ultimately supervising a staff of 10 attorneys, 4 paralegals, a total staff of 25, and serving as chief legal advisor to Collier County general government and the Collier County Utilities District, both entities with \$100,000,000 plus budgets.

In 1995, Mr. Cuyler left the County Attorney’s Office to pursue a legal career in the private sector and from 1995 until 2002 served with two prominent law firms in the City of Naples. In 1997, Mr. Cuyler was retained by the City of Naples to serve as legal counsel and was retained by the new city of Marco Island in the fall of 1997, serving as its first City Attorney after incorporation and during the City’s formation of its governmental structure. Mr. Cuyler has also represented various districts, boards, private clients, etc. Mr. Cuyler joined the City of Sanibel as its City Attorney in 2002.

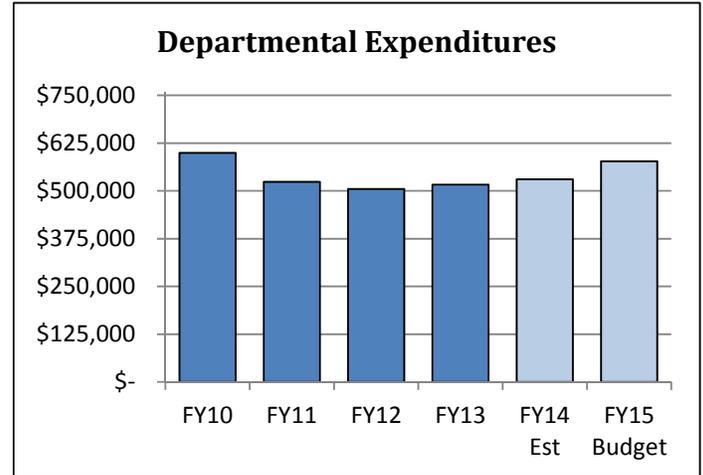

LEGAL DEPARTMENT
Organizational Chart

Legal Department
General Fund

DEPARTMENT FUNCTION

The City Attorney's Office provides high quality legal services on a cost-effective basis to the City Council, Planning Commission, City Manager, City Staff and the Advisory Boards. This includes preparation or review of City Ordinances and Resolutions for Council consideration, preparation of accurate and timely legal opinions, preparation or review of Contracts and Interlocal Agreements, review of documentation provided by City Departments for legal form and sufficiency, legal research, the filing of lawsuits and administrative proceedings when necessary, and the defense of lawsuits and administrative proceedings when necessary. Additional legal services also include, but are not limited to, recordation of documents, Council and Advisory Boards and Committee orientations on Sunshine Law, and advice to Council and City Staff with regard to current and updated laws and legislation.

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

- Emerging Issues during Fiscal Year 2014-2015 will include mechanisms by which the City can provide and address core municipal services, review options for redevelopment regulations, address water quality issues affecting the City, and address those enhanced services desired by City residents and approved by City Council, within the constraints of the budget determined appropriate by City Council.
- As the City continues to serve the public, the challenge of the City Attorney's office is to stay abreast of ever-changing and complex federal, state and regional laws, rules, regulations and procedures in order to effectively advise and assist City Council, the City Manager, Department Directors and Staff, and Advisory Committees and Commissions so that the best interests of the public can be served and protected. Cost-effective legal services provided at the highest possible level is a continuing goal and challenge, particularly as the Council addresses increasingly complex issues regarding the environment, land use, budget and public projects and services.

ACCOMPLISHMENTS

- Thorough, timely, high quality and cost-effective legal services provided to the City Council, Planning Commission, City Advisory and quasi-judicial Boards and Committees and City Staff in order to provide legal guidance and protection of the City's interests from the legal perspective while the City provided core municipal services and pursued the timely completion of City goals established by City Council.

DEPARTMENT OBJECTIVES

To Support Council Goals:

- The City Attorney's Office continues to provide thorough, timely, high quality and cost effective legal services to support and further the Council's goals including, but not limited to, sustaining and strengthening the City financial stability, continuing the City's redevelopment work plan and improvement of water quality.

DEPARTMENT OBJECTIVES (CONTINUED)

To Support Departmental Objectives:

- With the City operating on reduced budget and staffing for the past several years, the City Attorney's office will concentrate on core services to the City Council, Planning Commission, City Advisory and quasi-judicial Boards and Committees, and Staff, in order to assist all facets of City government to provide core municipal services to the public. The City Attorney will concentrate on providing such legal services in the most efficient and cost effective manner possible, while maintaining the high quality and effective legal services required by the City and the public. The City Attorney's office best serves the community by effective, pro-active legal services and advice to the City Council, City Manager, Department Directors and Staff, and Advisory Committees and Commissions. This allows the City to operate effectively and efficiently within the bounds of all applicable laws and serve the interests of the public in the best ways possible.

RESPONSIBILITIES

Operational Responsibilities:

- Legal advice to the Council, City Boards, City Manager and Staff relating to the City's Charter, Code, Comprehensive Plan and other City regulations, policies and procedures
- Legal Opinions, both written and oral, as necessary
- Document Review for legal form and sufficiency
- Legal Research and analysis
- Advice on enacted Legislation and recently proposed Legislation for Council and Staff
- Attendance at meetings of Council, Planning Commission, quasi-judicial boards and hearings, committees and staff, as necessary
- Preparation and/or review of City Ordinances
- Preparation and/or review of City Resolutions
- Preparation and/or review of Contracts and Agreements
- Preparation and/or review of Interlocal Agreements
- Council and Advisory Boards and Committees Sunshine Law Orientations
- Legal Budget Preparation and Implementation
- Recordation of Documents
- Police Tape Transcriptions to assist Police Department
- Advice on filing of Lawsuits and Administrative proceedings when necessary. Defense of Lawsuits and Administrative proceedings when necessary

TREND ANALYSIS

- The City Council continues to develop and implement its redevelopment work plan, which will incorporate the review of current and any proposed zoning and land use regulations.
- The City of Sanibel and its citizens continue to be increasingly aware of the extreme threat to our environment, including the bays and estuaries nearby, from the nutrient laden freshwater releases from Lake Okeechobee during and after major storm events, as well as contributing causes (nitrogen from fertilizer, septic systems, sewage treatment plants, stormwater runoff, etc.) from the Caloosahatchee Basin. There will be an increased emphasis on coordination and cooperation among Southwest Florida cities and counties on the issue of water quality in recognition of the fact that it is an issue of great regional significance.

GENERAL GOVERNMENT FUNCTION

Planning Department

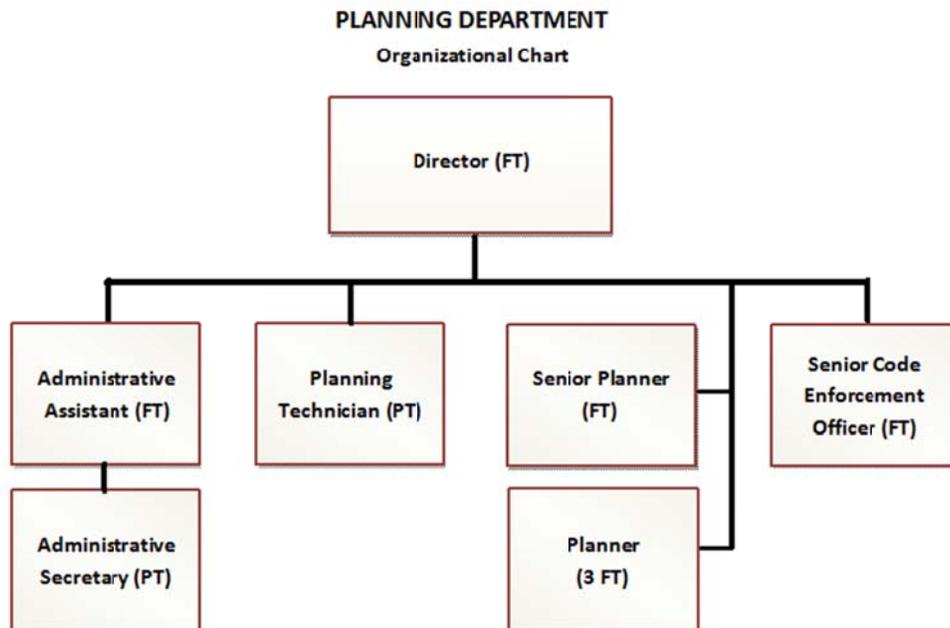

Director's Background

James C. Jordan

Director Jordan joined the City of Sanibel in 1985 as a planning technician and was later appointed to the position of planner. He received his bachelor's degree from the University of Florida majoring in public administration with a minor in urban planning. Mr. Jordan became planning director in 2009.

Director Jordan's professional accomplishments include working on the following projects:

- Preparation of land development code amendments to encourage redevelopment and reinvestment in the Commercial District;
- Facilitate and participate in the Civic Core Master Plan discussions held with City Council and the various stakeholders;
- Assist with the public education and outreach for achieving compliance with the City's Outdoor Lighting requirements, and
- Update the list of permit commercial uses and develop a procedure whereby new uses can be considered if they are similar in character and intensity to an existing permitted use

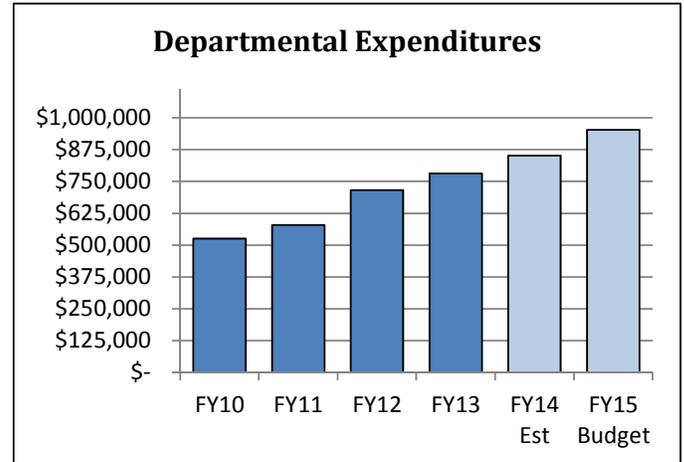

FT = Full - Time PT = Part - Time

Planning Department
General Fund

DEPARTMENT FUNCTION

Provide effective and efficient Planning and Code Enforcement services to implement the best land use management practices required to address the City's future growth and redevelopment needs in a manner that is consistent with the Sanibel Plan and the community's unique character; continue to offer appropriate educational and sound compliance measures necessary to administer the Land Development Code and Sanibel Plan; conserve and protect all environmental and historical resources; and deliver the highest possible level of responsive public service and transparency.

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

- To ensure Sanibel continues to remain a vibrant and unique community for both residents and visitors alike, continued department resources must be committed in support of City Council's goals and plans for the:
 - ❖ Redevelopment and rehabilitation work plan for the Commercial District
 - ❖ Development and implementation of the Civic and Cultural Core's Master Plan
- Continue to preserve the Island's rural character and sense of community by providing for a centralized place where island residents and visitors can gather and meet within a setting designed for civic, cultural, educational and social events.
- Conversion, from paper to a digital format, 40 years of historical public records and permit files that are currently stored off-island. Once these records and files are converted, this will eliminate all associated storage cost and improved the retrieval time of these records and files, which are routinely requested by the public and the department and other City staff.
- Enhancement of the public's awareness and knowledge regarding the City's Outdoor Lighting requirements and develop appropriate changes to these requirements, under the direction by City Council, that will bring clarity and address any public safety and security concerns.
- Provide effective and responsive zoning and code enforcement action that will continue to encourage reinvestment in properties and protection of property values throughout the City.
- Implementation of new planning and code enforcement software designed to enhance the Department's operation and improve timely responsiveness to citizen requests for assistance and information; Whereby citizens and contractors will be able to apply for permits online, follow the permit's progress, request inspections and access digital records and zoning information.
- Increase training demands for the current and future implementation of new software purchased by the City for purposes of improving the management and retrieval of public records, including, but not limited to, meeting agendas, permits, ordinances, resolution, correspondence, and staff reports, while delivering the same level of responsive customer service with reduced staffing.

ACCOMPLISHMENTS

- Based on City Council direction, provided the necessary research, background materials and reports for the public workshops and hearings conducted by both City Council and Planning Commission for the Commercial Redevelopment Work Plan
- Drafted Land Development Code amendments and conducted public hearings associated with the adoption of new legislation designed to:
 - ❖ Allow permeable brick pavers in residential driveways and parking areas to be treated as 100% pervious
 - ❖ Promote and encourage safe inter-connectivity and intra-connectivity to the Shared Use Paths and between adjoining property
 - ❖ Established new standards to regulate floating docks and platforms pre-empted from prohibition by the State
 - ❖ Allow minor modifications to the roofline of structures devoted to nonconforming uses
 - ❖ Require reflective tape on new telecommunications towers to visually assist low-flying aircrafts identify these obstructions at night and during power outages
- Code Enforcement conducted 15 outdoor lighting compliance inspections that were requested and received from residence and condominium property owners, and was successful in correcting three residential properties that were cited under the recently adopted Distressed Property ordinance.

DEPARTMENT OBJECTIVES

To Support Council Goals:

- Continue the city-wide redevelopment work program and develop strategies for:
 - ❖ The Commercial District Redevelopment Plan
 - ❖ The Civic and Cultural Core Master Plan
- Continue to provide educational support and develop enforcement measures to improve and enhance water quality
- Continue to implement internal cost saving strategies to ensure the City's continued economic stability including the ongoing evaluation of the permitting fee structure

To Support Departmental Objectives:

- Complete, for consideration and adoption by City Council, appropriate zoning regulations that will assist with the implementation of the Redevelopment Plan for the Commercial District.
- Evaluate and assist with the appropriate updates for implementation of the City's Civic Core Master Plan in a manner consistent with the Sanibel Plan.
- Restructure the Department's organizational chart to achieve greater internal efficiencies in the daily operations of the Department and carryout City Councils goals.
- Design and layout the format required to print the recently updated and adopted version of the Sanibel Plan and to have this document placed on the City's website.
- Complete the digital conversion of the hand-drawn development intensity and ecological zone maps into a GIS base format for implementation.
- Complete the implementation of a newly integrated zoning, permitting and code enforcement software program that will enhance and maximize the operational efficiency of the Department and allow contractors and citizen to apply for and track the status of any active permit or Code violations.

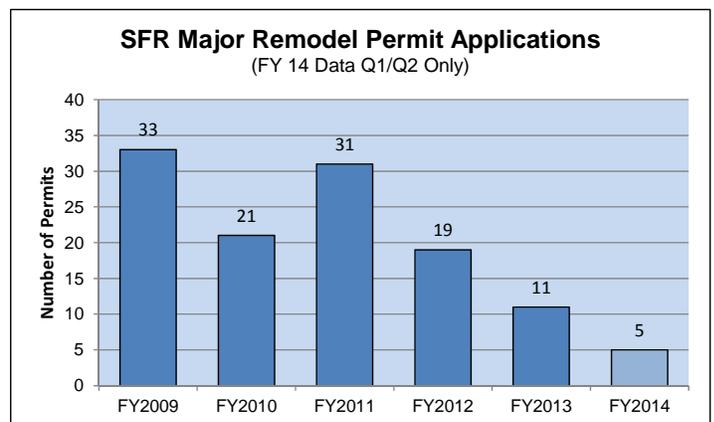

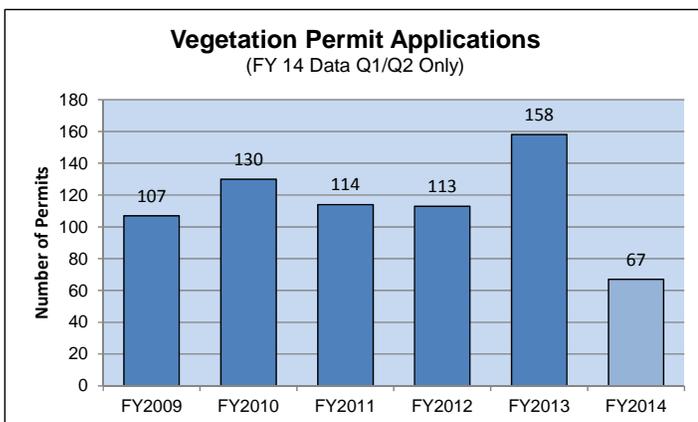

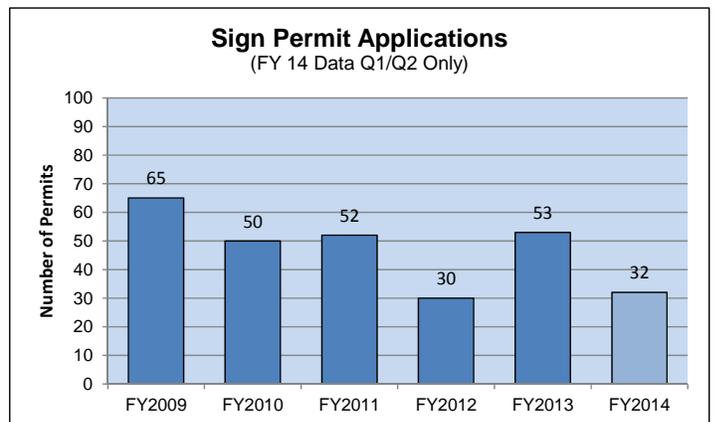

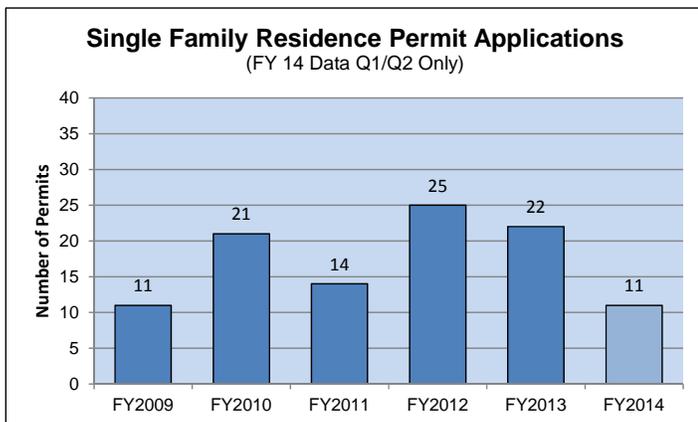

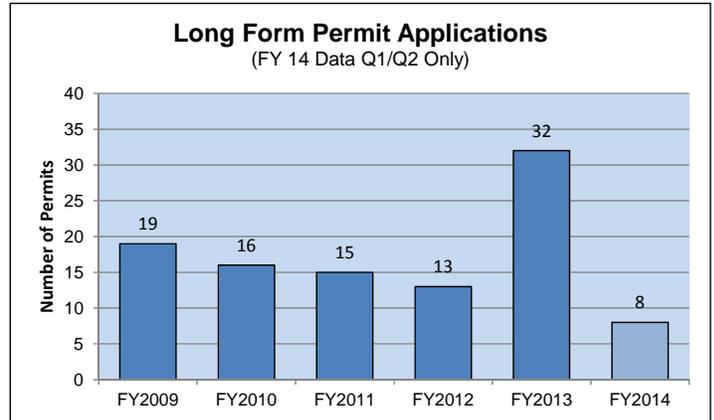

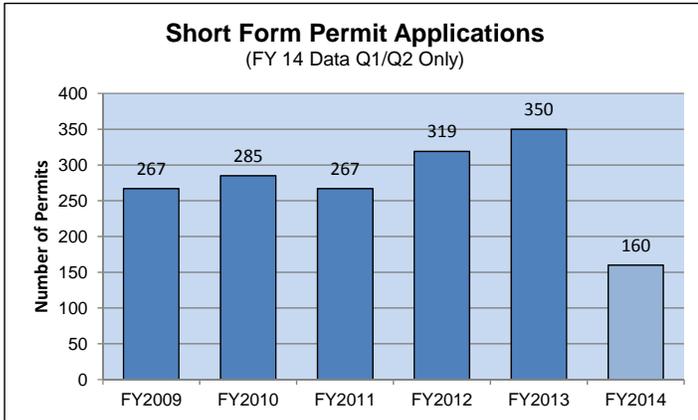

PERFORMANCE INDICATORS

Description	Actual FY 2013	Actual FY 2014	Estimated FY2015
Commercial Redevelopment Plan	N/A	November 2013 – September 2014	September 2014 - March 2015
Civic Core Master Plan	N/A	November 2013 – September 2014	October 2014 – September 2015
Permit Processed	626	566	600
Planning Commission Hearings	27	22	24
Code Enforcement Cases and Hearings	415	380	400
Retrieval Requests for Off-island Records	633	580	600

RESPONSIBILITIES

- Provide professional and proactive planning services to City Council, the Planning Commission, appointed committees, the City Manager, City Departments and the community.
- Review and act on development and land use permit applications in an efficient, timely, uniform and thorough manner.
- Administer the Land Development Code through consistent and effective education and enforcement.
- Facilitate timely and accurate public notices, open communication, transparent planning and regulatory processes and procedures, effective citizen participation and innovation in service delivery.
- Maintain, update and implement the Sanibel Plan.
- Manage the City's redevelopment planning program consistent with goals established by City Council.
- Manage public records, consistent with the Florida State Statutes, the Sanibel Code and the City's policies and procedures.
- Provide planning and related services to support and retain local Island-serving businesses and to sustain an environmentally sensitive based economy.
- Provide natural hazard mitigation planning services and, in the event of an emergency, provide administrative, permitting, inspection and support services.
- Increase and improve the public and citizen of Sanibel ability to access and obtain online planning, zoning and other related land management information

PUBLIC SAFETY FUNCTION

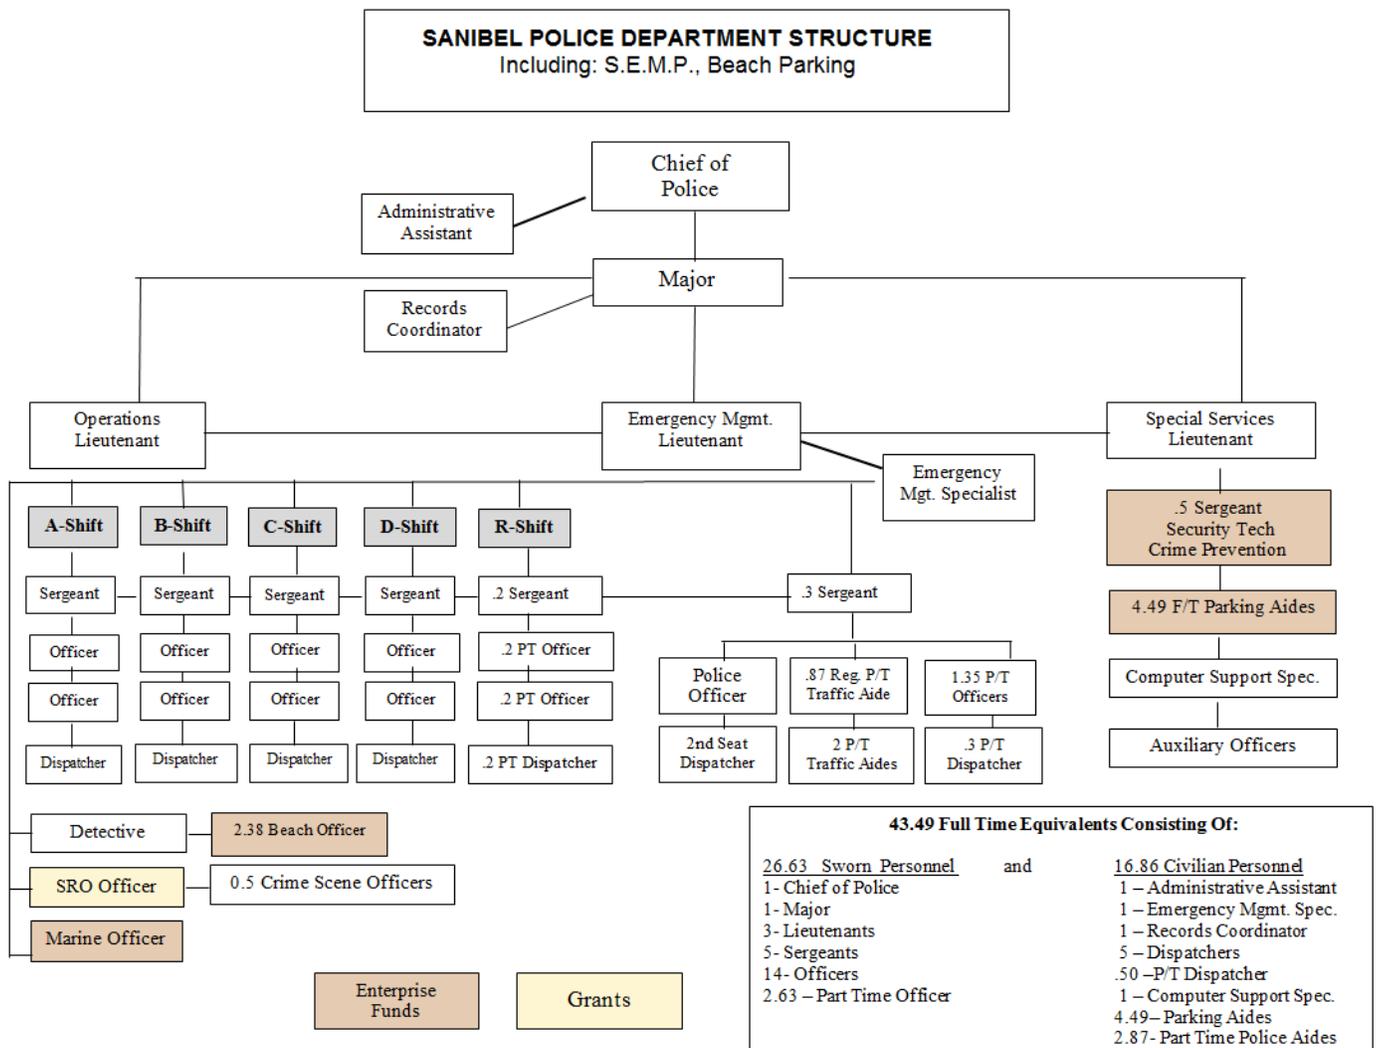

Police Department

Sanibel Emergency Management Program (SEMP)

Director's Background

Bill Tomlinson

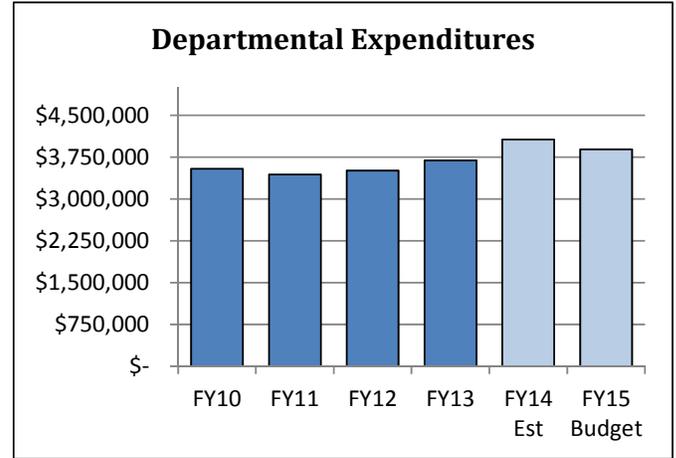

Chief Tomlinson was hired in November 1985. He has a total of 28 years of service with the department. He has served in the following positions: chief of police, acting chief of police, commander, sergeant, officer and police aide. The Chief has earned a Bachelor's Degree in Public Administration and an Associate Degree in Criminal Justice.

Police Department
General Fund

DEPARTMENT FUNCTION

The City of Sanibel Police Department proactively patrols all roadways, waterways and beaches with its available resources and enforces all Local, State and Federal laws and ordinances. The Sanibel Police Department proactively communicates crimes that target Sanibel residents and trends derived from analysis of crime statistics alerts the public through press releases and other crime prevention strategies. The Sanibel Police Department maintains and protects the ecosystem for all inhabitants of Sanibel, including residents, workers, visitors and wildlife in the natural environment. In accordance with the Department's community policing philosophy, officers respond 100% of the time for any and all requests for service and investigation of every criminal act.

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

- The focus of the Sanibel Police Department will be to maintain response times and continue to respond to all calls for service and reports of criminal activity.
- The most notable trends on Sanibel in the past five years are the increased incidents of burglary and theft with the total crime at 10 year high.
- Traffic increases, impact of congestion and beach parking capacity limitations
- Managing bus visits at public parking lots
- Upgrading and updating the functionality of Communications. This would include redesign of the Communications Room to be more ergonomically correct.
- Interaction between the human population and coyotes
- Maintain service levels at remote parks and shared use paths
- Transitional planning for Department Command Staff
- Use of new technologies and video systems in crime prevention
- Maintaining staff training and proficiency in developing technologies

ACCOMPLISHMENTS

- Maintain Staff Training Certifications through in house training (CPR, AED, Mandatory continuing L.E. education)
- Received a West Coast Inland Navigation District (WCIND) grant that funds one marine patrol officer
- Received an Edward Byrne Justice Assistance Grant (JAG) that funded a FLIR (infrared) device
- Completed Active Shooter Awareness training at identified public and private businesses and institutions
- Implemented new Computer Aided Dispatch and Records Management software programs
- Implemented new computer generated Traffic Citation and Accident Reporting software programs
- Upgraded the video monitoring technologies

DEPARTMENT OBJECTIVES

To Support Council Goals:

Support Council goal of the development of a long-term sustainable retirement plan through fiscal constraints to stay within the authorized budget and obtain grants to defer costs.

PERFORMANCE INDICATORS

Description	Actual FY 2012	Actual FY 2013	Estimated FY 2014
Document Code Enforcement violations. Take corrective action against violators through citation or education. Measurement is ordinance violations documented.	436	436	400
Maintain safe community through Community Policing and maintain a low crime rate. Measurement to be utilized is total Federally reportable Crimes (UCR) committed on Sanibel	162	210	175
Maintain response time at the previous year's rates. Measurement is the average police response time to a call.	2.10	2.40	2.40

RESPONSIBILITIES

PATROL DIVISION - OPERATIONAL RESPONSIBILITIES

- Proactively Patrol All Roadways
- Patrol the Beach and Waterway
- Respond to All Emergency Calls
- Respond to All Criminal Complaints
- Respond to All Calls For Service
- Perform Arrests
- Issue Traffic Citations.
- Respond to Traffic Crashes
- Animal Control
- Special Patrol Details
- Environmental Patrol Details
- Alligator Complaints
- Traffic Enforcement
- Report Writing
- Case Preparation
- Traffic Court
- Bureau of Driver Improvement Hearings
- Criminal Court
- Code Enforcement
- Correction Reports
- Criminal Investigation
- Property/Evidence
- Traffic Control
- Collect Mail Dropped for Utility Payment Deliver City deposits
- Deliver City Council packets
- City Mail Collection
- Department Scheduling
- Business Checks
- Residential Dark House Program
- Maintain Intoxilyzer

SPECIAL SERVICES - OPERATIONAL RESPONSIBILITIES

- Follow-up Investigations
- Property Validations
- Crime Scene Investigation
- Analysis and disposition of evidence
- City Council Security
- Participate in the Lee County Marine Advisory
- Liaison for City of Sanibel Marine Advisory
- Participate in the Gulf Coast Intelligence Com.
- Participate in the Lee County Public Safety Coordinating Council
- Participate in the Domestic Security Task Force
- West Coast Inland Navigation District Program
- Implement D.A.R.E. Program
- School Resource Officer Program
- Neighborhood Watch
- Complete New Hire Background Investigations
- Human Smuggling Task Force
- Gang Task Force
- Crime Prevention Program
- Police Auxiliary Program

EMERGENCY MANAGEMENT DIVISION - OPERATIONAL RESPONSIBILITIES

- Emergency Management Planning
- Maintain Contact with Weather Consultant
- Coordinate Emergency Planning with Outside Agencies
- Implement Hurricane Pass Program
- Hurricane and Disaster Preparedness Education.
- Maintain and Implement Emergency Evacuation Plans
- Maintain and Implement Re-entry
- Maintain and Implement Recovery Plans

- Implement Disaster Security Plan
- Implement Emergency Communication Plan
- Alert Radio Program
- Implement Special Needs Program
- Maintain Emergency Contracts
- Participate in Lee County Disaster Council
- Participate in Lee County Medical Society
- Mobile Emergency Response Vehicle (MERV)

DISPATCH - OPERATIONAL RESPONSIBILITIES

- Primary Emergency 9-1-1 Answering Point (PSAP)
- Answer All Police Department Phone Calls
- Dispatch All Department Calls
- Officer Safety
- Monitor National and Florida Crimes Information networks
- Disseminate and Update Information Through National and Florida Information Networks
- Monitor Daily Weather Conditions
- Alert Radio Messages

PARKING ENFORCEMENT- OPERATIONAL RESPONSIBILITIES

- Parking Enforcement.
- Collect & Deposit Parking Revenues
- Track Parking Vacancies
- Parking Program Management

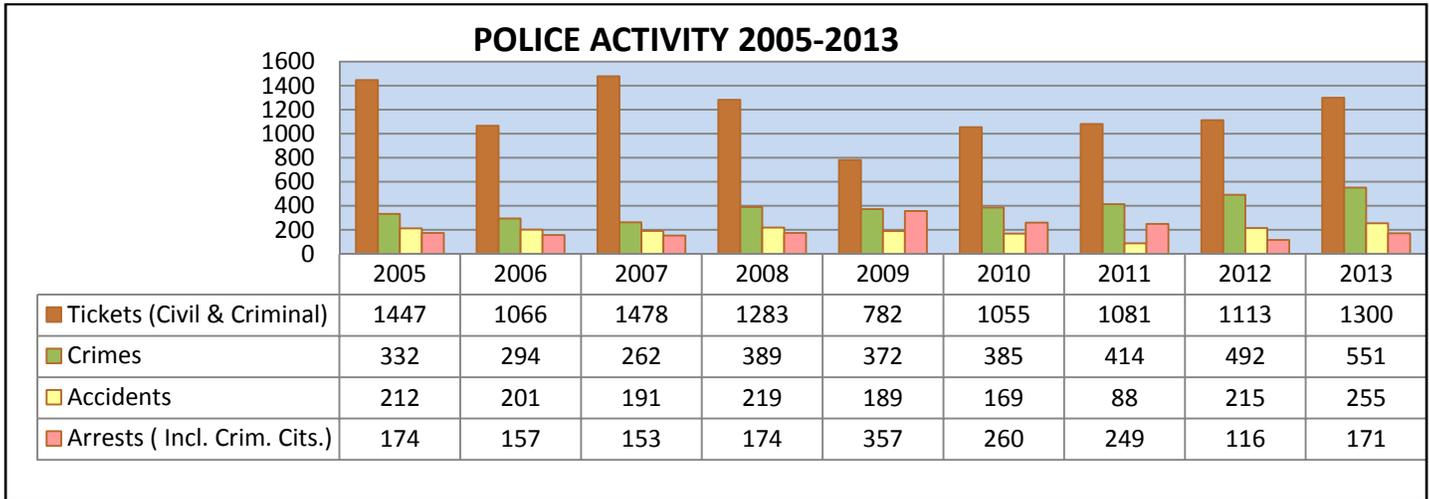

RECORDS DIVISION- OPERATIONAL RESPONSIBILITIES

- Maintain Official Records
- Dissemination of Public Records
- Public Records Disposal
- Processing Criminal and Civil Actions
- Maintain Department Subpoena Data-base
- Prepare Court Affidavit
- Florida Department of Law Enforcement Reporting
- Track State Issued Citations

- City Employee Identification Data-base
- Maintain 9-1-1 and Incoming Phone Recordings
- Maintain All In-Car Patrol Vehicle
- Maintain State and City Approved Reports
- False Burglary Alarm Program
- Neighborhood Crime Reports
- Department Computers & Software Programs
- Maintain Personnel Training Files
- Automated Training Management System
- Recommend and Schedule Personnel to Training
- Coordinate Hiring Department Personnel
- Regional Training Council
- Electronic Booking
- Electronic Finger Printing

ADMINISTRATION DIVISION- OPERATIONAL RESPONSIBILITIES

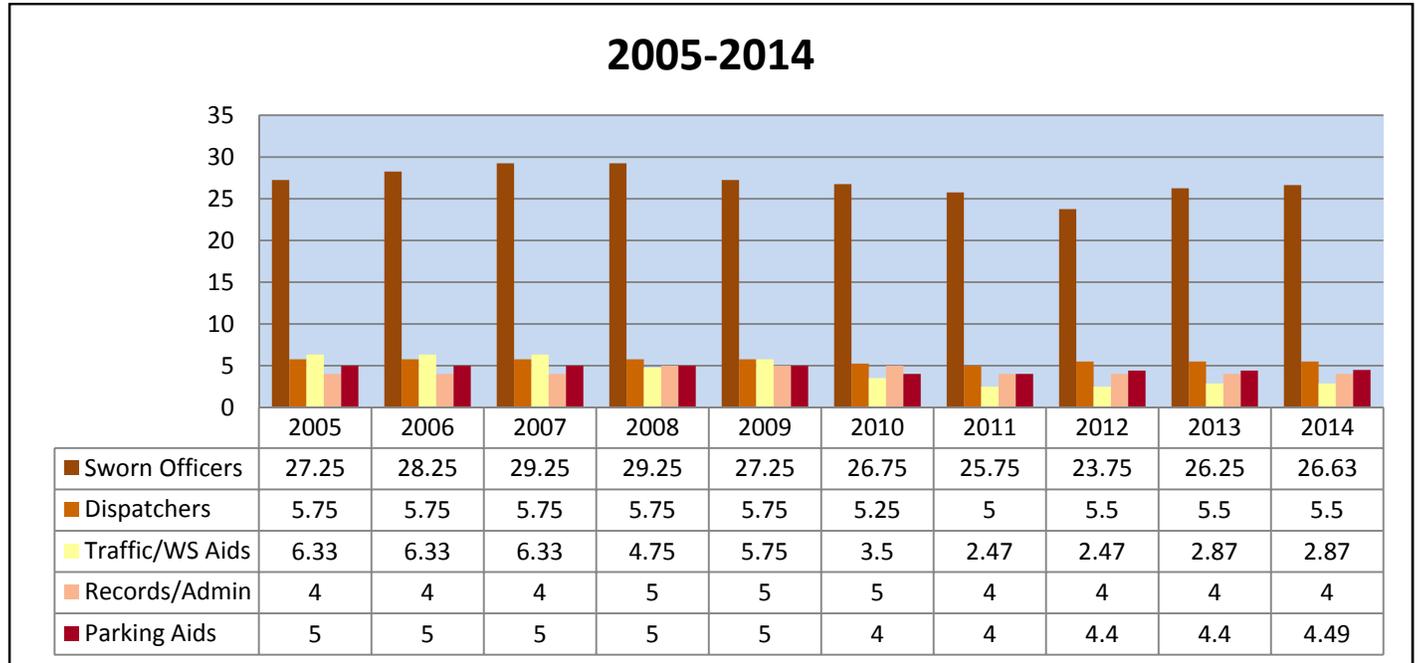

- Develop and Implement Department Policy
- Prepare and track Department Budget
- Public Information Officer
- Purchase Department Supplies and Equipment.
- Department Inventory Control
- Liquidate Department Property
- Prepare and Submit Payroll
- Track Department Human Resources
- Employee Performance Evaluations
- Internal Affairs Investigations
- Track Crime Statistics and Trends
- Fleet Management
- Attend Weekly Executive Staff meetings
- Attend Annual Homeowner's Association Mtgs.
- The Sanibel Municipal Police Officer's Pension Trust Fund
- Participate in Southwest Florida Police Chief's Association
- Special Event Planning
- Union Relations and Negotiation
- Mutual Aid Agreements
- Liaison with Outside Law Enforcement Agencies
- City Safety Committee
- Community Service

PUBLIC SAFETY FUNCTION
Building Department

Director’s Background

R. Harold Law, Jr.

Director Law has 34 years of experience as a building official/inspector in three states, within various municipalities. He obtained certification in 1985 as a Building Official and in 1992 as a Certified General Contractor. He earned an Associate’s in Science Degree in Architecture from Walter State College in 1979, and a Bachelor’s of Science Degree in Business Administration from Tusculum College in 1987.

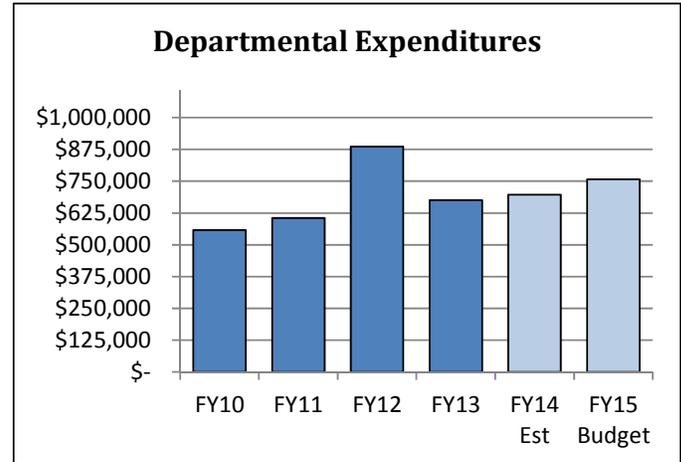

Building Department
Special Revenue Fund

DEPARTMENT FUNCTION

To build a safe, sustainable and resilient community, consistent with the Sanibel Plan through the enforcement of all Building Codes to ensure that all city requirements have been met and plans reviewed to ensure they comply with State and Federal Standards.

The Department works in conjunction with the Contractor Review Board which issues contractor licenses, reviews cases and hears complaints against contractors. The Board makes recommendations to the Department of Business and Professional Regulations for penalties on State-Certified Contractors. The Board also imposes fines/penalties or suspends permitting privileges for locally licensed individuals. The Contractor Review Board issued 30 contractor licenses in 2013.

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

- A concerted effort is needed to inform the citizens of dangers by not using licensed contractors through awareness and education on how to hire properly licensed contractors. With the proper use of licensed contractors the citizen can be protected from:
 - dangerous non-code compliant work
 - Injury and insurance liability
 - monetary loss
 - prevention of violating Florida state laws
- Education on Codes, Administration and Legal aspects are always needed to maintain the high standard that the City has become accustomed to from the Building Department.

Developing training for 61 Structural Safety Inspectors and coordinating mock drills to prepare for a disaster using the latest technical advances available to the City.

ACCOMPLISHMENTS

- Completed our 3 year review with the Federal Emergency Management Agency's (FEMA) National Flood Insurance Program Community Rating System (NFIP-CRS).
- Learning all new computer programs
- Adjusted staffing levels to be consistent with the economic climate on Sanibel and made budget adjustments to reflect climate
- Coordinated all paper work and applications for the Contractor Review Board
- Continued to improve service to the contractors and the community in the remodeling of the structures.
- The department has worked to build a strong, cohesive unit of highly trained professionals who are posed to address future events and concerns caused by the economy of the City.
- Work to gain Code Compliance through meeting with concerned parties to understand their discrepancies in the department before taking complaints to the Contractor Review Board.

DEPARTMENT OBJECTIVES

To Support Council Goals:

- Strengthen the Economic Health and Vitality of the City
- Promote water quality

To Support Departmental Objectives:

- To maintain active job site erosion control monitoring
- To reduce paper in the work place transitioning to the cloud which takes a greater skill level

PERFORMANCE INDICATORS

Description	Actual FY 2011	Actual FY 2012	Actual FY 2013	Actual FY 2014
To maintain a reduced balance of permit fees received and the associated costs of enforcing the Florida Building Code.	Completed	Completed	Completed	Completed

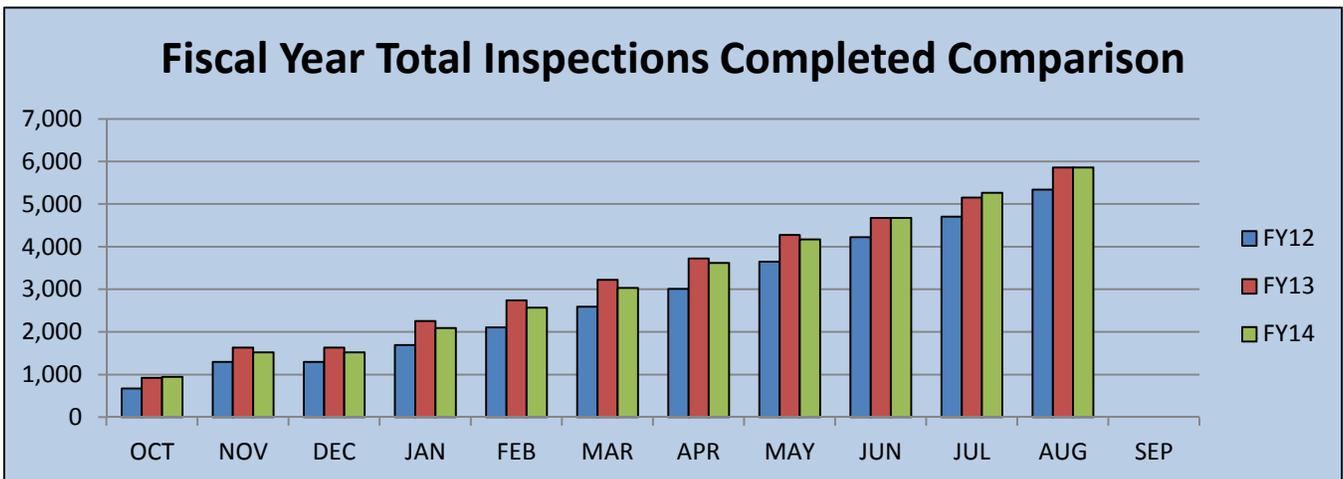

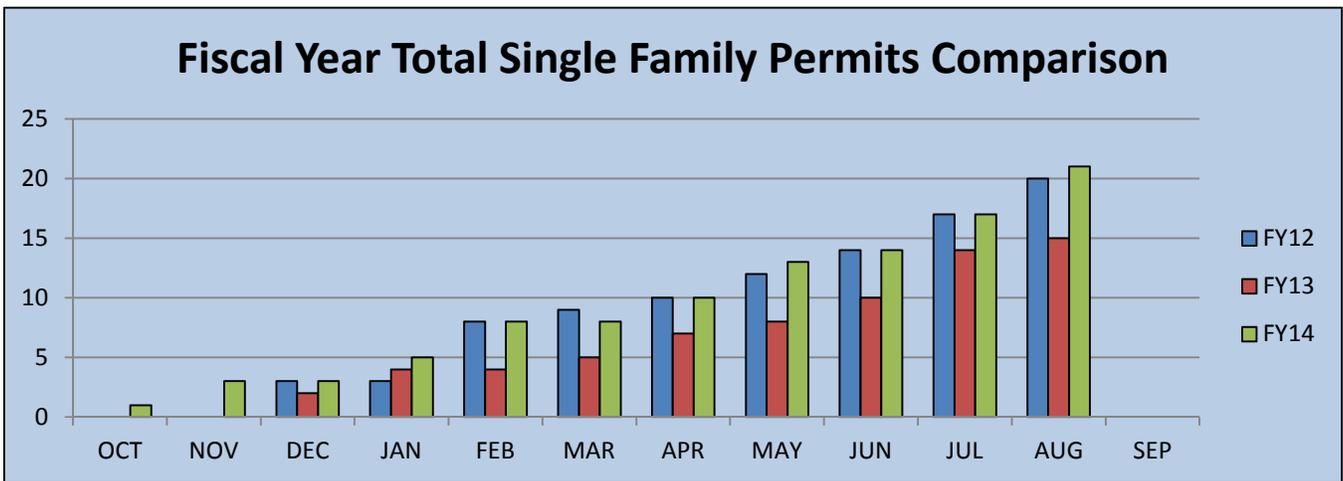

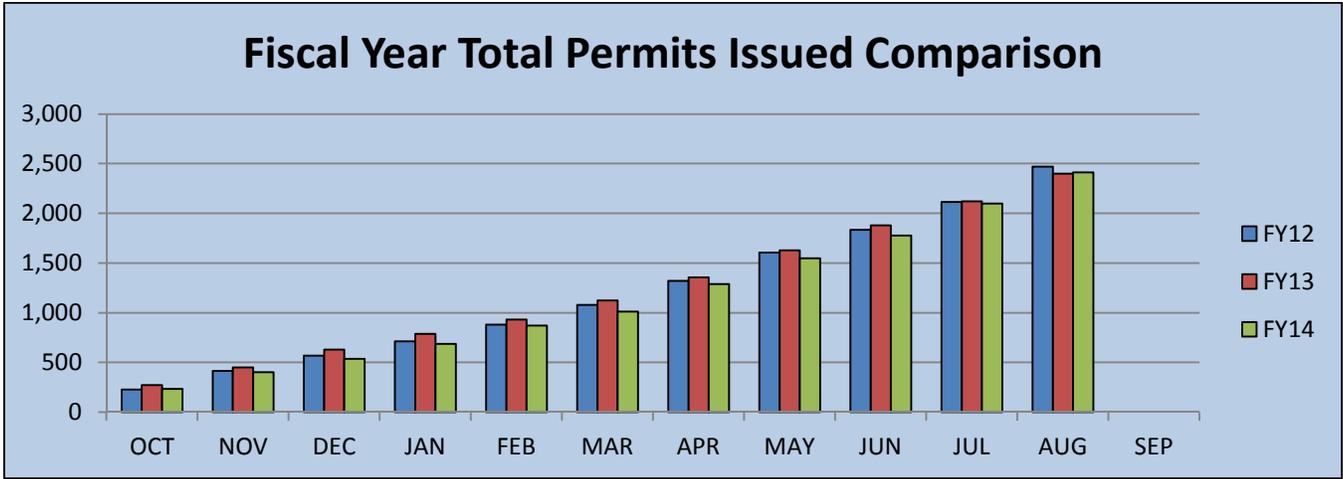

RESPONSIBILITIES

- Pre-construction – Prior to commencement of construction, the Building Department must confirm that all city requirements have been met. The plans for construction must be reviewed to comply with the standards of the family of Florida Codes, (Building, Electric, Mechanical, Plumbing and Fuel Gas) along with compliance of Florida Department of Environmental Protection and Federal Emergency Management Agencies as well as the National Flood Insurance Program.
- Construction – During the active construction phase the Building Department is responsible for receiving requests for inspections, distributing printed requests to proper departments for all departmental inspections within the city involved in construction; as well as the building inspectors in the Building Department. The inspectors are then charged with completing necessary inspections, notifying the permit holder of any inadequacies found on the job site during everyday inspection requests. At the close of the project, the Building Department is responsible for checking that all other city department requirements have been satisfied, before a Certificate of Occupancy or Completion is issued.
- Contractor Licensing –The Contractor Review Board was established in 2005. The Board reviews cases, along with hearing complaints. The Board may then make recommendations to the Department of Business and Professional Regulations for penalties on State Certified Contractors or impose fines or penalties for locally licensed individuals, as well as suspension of permitting privileges.

TREND ANALYSIS

Key Observations:

- Construction industry is at a normal pace and is now beginning to improve with work requested
- The inspections requested are requiring existing staff to work more efficiently

PHYSICAL ENVIRONMENT FUNCTION
Natural Resources Department

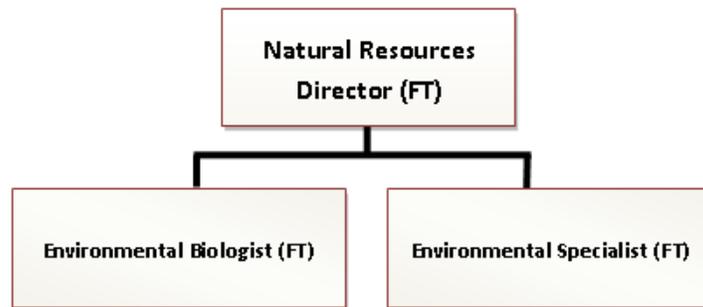

Director’s Background

James T. Evans III, M.S.

Director Evans has been employed with the City of Sanibel for more than 14 years and has over 17 years of experience in south Florida ecosystems and expertise in water quality, marine biology, estuarine ecology, coastal systems, environmental restoration, land management and grant acquisition and management. He has held several positions with the City including, Conservation Officer, Environmental Planner, and Environmental Health and Water Quality Specialist, before becoming Director of Natural Resources in 2012. He has a Bachelor of Arts in Environmental Studies and a Master of Science in Environmental Science from Florida Gulf Coast University.

In August 2013, the Sanibel City Council voted to temporarily assign Director Evans to work full-time on water quality issues related to Lake Okeechobee and the Caloosahatchee River. Environmental Biologist, Holly Milbrandt, was established as Acting Natural Resources Director for the duration of Director Evan’s special assignment.

NATURAL RESOURCES DEPARTMENT
Organizational Chart

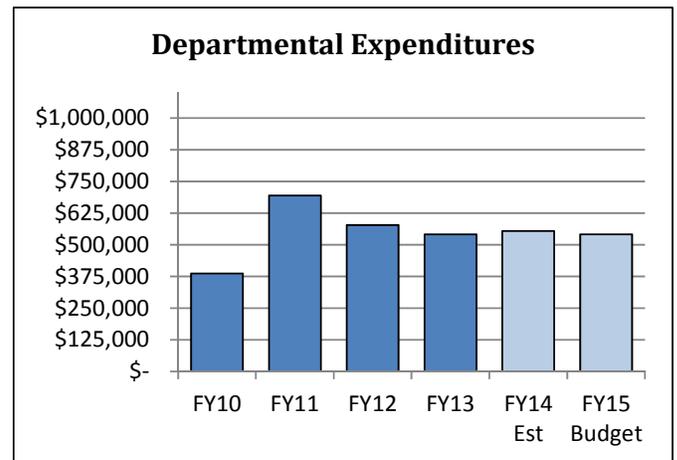

FT = Full - Time PT = Part - Time

Natural Resources Department
General Fund

DEPARTMENT FUNCTION

To coordinate, manage and implement special conservation and environmental projects and tasks as directed by City Council; to ensure that the City's native vegetation and wildlife habitat protection standards are adhered to; and to oversee exotic plant control, habitat restoration and land management programs for the City. To monitor the island's water quality and actively participate in improving water quality of the surrounding waters by addressing nutrient run-off, algae blooms, Caloosahatchee flows and Lake Okeechobee releases.

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

- Public education of emerging issues through various media sources, including social, print, and web-based media. Challenges include seasonal fluctuations in population, diverse population, resident turnover, large number of visitors, changing media outlets.
- Continued impacts from the Caloosahatchee watershed and Lake Okeechobee regulatory discharges on coastal water quality resulting in increased frequency and duration of algal blooms that threaten Sanibel's natural systems, economy, and resident's quality of life.
- Continue building regional partnerships to obtain additional water storage within the Caloosahatchee basin to address high and low-flow impacts affecting Sanibel's water quality.
- Meeting new federal and State-mandated water quality regulations within the Sanibel River and our coastal waters, including Total Maximum Daily Loads and Numeric Nutrient Criteria.
- The repeated attempts of the Florida legislature to limit the City's ability to implement measures to protect local water quality, including fertilizer ordinances, require substantial staff time and threaten to limit the tools available to address State water quality mandates.
- Continued implementation of the island-wide Brazilian Pepper Eradication Program is critical for maintaining productive wildlife habitat on conservation lands. New and increasing threats from exotic vines, including air potato and rosary pea, must also be addressed with continued control programs and grant funding.
- Management and treatment of newly introduced invasive exotic species (e.g., vines, insects, reptiles).
- Management of native wildlife, including expanding range of coyotes on Sanibel.
- Beachfront lighting compliance is at its highest level in the past 20 years and yet lighting violations still occur each year causing sea turtle hatchling disorientations and deaths. A continuing focus on this issue is essential as we work with our partners to protect both sea turtles and nesting shorebirds on Sanibel's thirteen miles of beaches.
- Educating the public on the Dark Skies Ordinance and the differences between the Marine Turtle lighting ordinance and the Dark Skies ordinance.
- The erosional impact of the rock groin on Captiva at Blind Pass continues unabated and results in the need for cooperative action between the City, Lee County and the Captiva Erosion Prevention District to protect Sanibel's beaches.

- Habitat management to prevent the gradual succession from open grassy habitats to hardwood forests that is steadily reducing gopher tortoise habitat throughout the island. Mowing, hardwood control, and prescribed fire must be used to maintain coastal scrub habitat critical for tortoises and other rare species. Prescribed fire becoming more difficult during “season” with increasing number of visitors and relatively narrow burn window.
- Management of grassland savannah habitat in the interior freshwater wetlands through prescribed fire to protect critical habitat for the endangered Sanibel rice rat, wading birds and other wildlife.
- Increasing pressure to bring human recreation into natural areas and wildlife habitats. Increasing interaction between humans and wildlife in natural areas resulting in disruptions to wildlife.

ACCOMPLISHMENTS

- Worked with the Mayor and City Council to raise awareness of regional water quality issues through local, state and federal leaders and pursued effective short and long-term solutions; drafted several letters on behalf of City Council and various water resource-related working groups; traveled with Mayor to Tallahassee and Washington D.C. to advocate for water resource-related legislation and restoration projects
- Received more than 146 grants totaling over \$13.32 million to fund needed environmental restoration and hurricane recovery projects since 1992, securing more than \$309,150 in grants between 2013 and 2014
- Completed phases I and II of the City’s Comprehensive Nutrient Management Plan
- Completed restoration of the former Sanibel Bayous utility site using City and federal grant funds
- Completed Golf Course Fertilizer and Lake Management Annual Report Cards, with two of three golf courses in “Full Compliance” with the City’s BMP recommendations
- Assisted Councilman Denham and City Council with creation of a regional fertilizer education partnership and campaign
- Completed code enforcement in Zone 6 of the Brazilian Pepper Eradication Program; initiated reinspections of areas previously in compliance
- Completed the construction of the Pond Apple Park/Shipleigh Trail boardwalk and the boardwalk along Pond Apple Park Trail to improve ADA accessibility,
- Assisted with the City’s environmental education efforts related to the continued spiraling whitefly outbreak, alligator safety, and other topics, including YouTube videos on the City’s Dark Skies Ordinance and permitting processes
- Participated in weekly calls and put together a weekly Caloosahatchee Conditions Report with our regional partnership including SCCF, Lee County and USFWS to help guide US Army Corps and SFWMD water management decisions
- Conducted regular red tide inspections during the November 2013 bloom and reported conditions to City Manager and provided public information on the beach conditions
- Conducted preliminary survey to assess compliance with the City’s Dark Skies Ordinance; met with numerous property owners to assess compliance and assist with implementation of compliant lighting plans
- Completed Rosary Pea and Air Potato Removal Project on island conservation lands
- Completed construction of the Pond Apple/Shipleigh Trail Boardwalk and Pond Apple Park ADA Boardwalk projects

DEPARTMENT OBJECTIVES**To Support Council Goals:**

- To assess environmental issues associated with commercial redevelopment and the Civic Core Master Plan and provide recommendations and alternatives to protect the island's natural resources and meet the goals of the Sanibel Plan.
- To continue to work with island golf courses to implement the City's Fertilizer and Lake Management Guidelines, evaluate progress annually, and work to improve scores on annual report cards.
- To continue fertilizer education campaign on fertilizer Best Management Practices, implement Citizen's Fertilizer Education and Outreach Program, and develop stormwater information package for island homeowners to address water quality in community lakes.
- To work closely with City Council and our legislative delegation to prevent preemption of local government's ability to implement measures to protect water quality.
- To complete phase III of the Comprehensive Nutrient Management Plan for Sanibel, which includes a list of priority projects and management measures to effectively reduce stormwater runoff and nutrient pollution to the Sanibel River and coastal waters.
- To work closely with the South Florida Water Management District and the U.S. Army Corps of Engineers, as well as other local, state, and federal leaders, to implement water storage and treatment projects within the Caloosahatchee basin to improve water quality and reduce ecological impacts associated with high and low-flow issues.

To Support Departmental Objectives:

- To improve stormwater treatment from developed lands and roadways prior to discharge into Sanibel River through completion of the Comprehensive Nutrient Management Plan, implementation of priority projects and increased retention time in stormwater swales prior to discharge.
- To continue to implement the island-wide Brazilian Pepper Eradication Program.
- To maintain all city-managed lands, including parks and conservation lands, free of invasive exotic plants and to manage these lands in a manner that maximizes the value of wildlife habitat.
- To minimize sea turtle hatchling disorientations by dedicating sufficient resources to achieve beach lighting compliance through enforcement of Sanibel's outdoor lighting standards.
- To build regional consensus on a short- and long-term restoration strategy to reduce the harmful impacts of the freshwater releases from Lake Okeechobee and the Caloosahatchee watershed

PERFORMANCE INDICATORS

Description	Actual FY 2012	Actual FY 2013	Actual FY 2014	Estimated FY 2015
To achieve "compliance" on Golf Course Fertilizer and Lake Management Guidelines at all island golf courses annually	66%	66%	66%	100%
To apply for grants annually to fund necessary environmental restoration projects	Yes	Yes	Yes	Yes
To complete initial Code Enforcement for Zone 6 of the Brazilian pepper program in 2013	N/A	100%	100%	NA
To treat all City managed properties for invasive exotic plants annually	100%	100%	100%	100%
To prevent all sea turtle hatchling disorientations via lighting compliance efforts annually	99%	100%	99%	100%
To engineer, permit and fund the Sanibel Bayous utility site restoration project (timeline extended to 2014)	60%	80%	100%	NA
To mow or burn all high quality coastal scrub habitat on City managed lands every 3 years	90%	90%	90%	90%
To draft a Comprehensive Nutrient Reduction Plan for Sanibel (Phases 1&2 completed FY13-14; Phase III FY14-15)	40%	80%	85%	100%
To engineer, permit and begin construction on the Pond Apple Park/Shipleigh Trail Connector Trail boardwalk	50%	100%	100%	NA
Develop Annual Report on State of the Environment for Sanibel (general beach habitat use assessment)	50%	90%	90%	90%
To respond to requests for property inspections within 5 work days	80%	95%	90%	95%

RESPONSIBILITIES

Environmental Restoration

- Wetland restoration
- Initial exotic removal
- Hydrologic restoration
- Coastal scrub enhancement
- Dune establishment
- Tree and shrub planting

Habitat Management

- Exotic plant control
- Prescribed fire
- Coastal scrub maintenance
- Dune and shoreline protection

Water Quality

- Agency coordination
- Project advocacy
- Management advocacy
- Stormwater management
- BMP implementation
- Water quality monitoring

Protected Species Management

- Sea turtles
- Nesting shorebirds
- Bald eagles
- Wading bird rookeries
- Gopher tortoises
- Rare species plantings

Regulatory Review

- Permit applications
- Pre-application meetings
- Site inspections
- Dune protection
- Wetland and mangrove protection
- Native plant protection
- Listed species protection

Environmental Code Enforcement

- Brazilian pepper
- Other invasive exotics
- Mangrove trimming/removal
- Wetland filling
- Native tree trimming/removal
- Water pollution
- Dune trimming (CCCL)

Public Education

- Fertilizer and lake management
- Water quality
- Vegetation codes
- Vegetation trimming and maintenance
- Contractor competency classes
- Exotic species management
- Sea turtle and shorebird protection
- Habitat restoration and maintenance
- Firewise Program/prescribed fire
- Dark Skies Ordinance/Outdoor Lighting Standards
- Alligator Safety

TREND ANALYSIS

Description	Actual FY 2011	Actual FY 2012	Actual FY 2013	Actual FY 2014 YTD
Acres Managed	660	660	660	660
Acres of Exotics Treated (all lands)	660	922 ^a	1,063 ^a	1,363 ^{af}
Gallons of Herbicide Used	140	160 ^a	168 ^a	260 ^{af}
Site Inspections	N/A	N/A	1,066 ^b	442 (thru April)
Inquiries Handled ^d	N/A	N/A	1,756 ^c	950 (thru April)
Public Education Staff Presentations	N/A	13	14	13 (thru May) ^e
Sea Turtle Lighting Violations	82 (5 surveys)	75 (5 surveys)	72 (5 surveys)	57 (1 survey)
Vegetation Contractors Trained	65	56	37	44 (thru May14)
Fertilizer Contractors Trained	43	37	49	46(thru May14)
Vegetation Permits Issued by DNR staff	118	114	66	78 (thru 14- 7970)

^a Includes treatment of exotics on J.N. Ding Darling NWR– Grant funded through State Bureau of Invasive Plant Management and the US Fish and Wildlife Service

^b Began tracking October 2012 (data included October 2012 through May 2013).

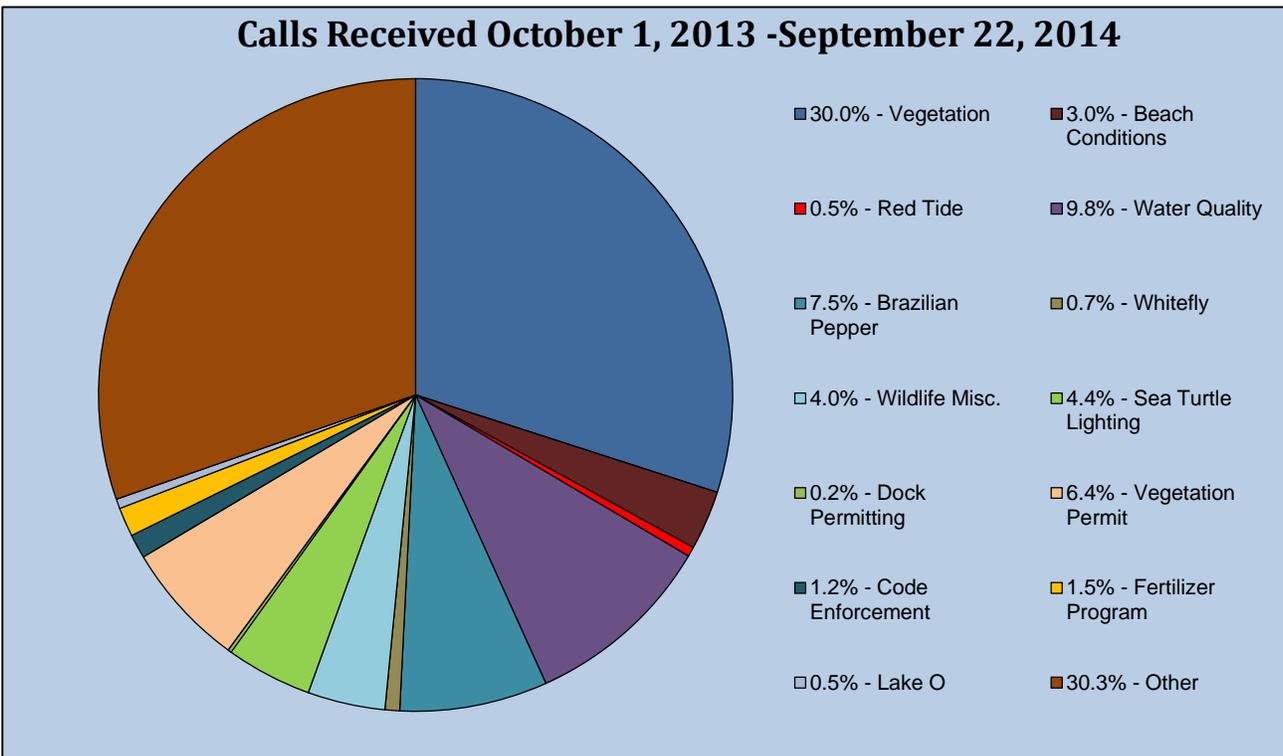

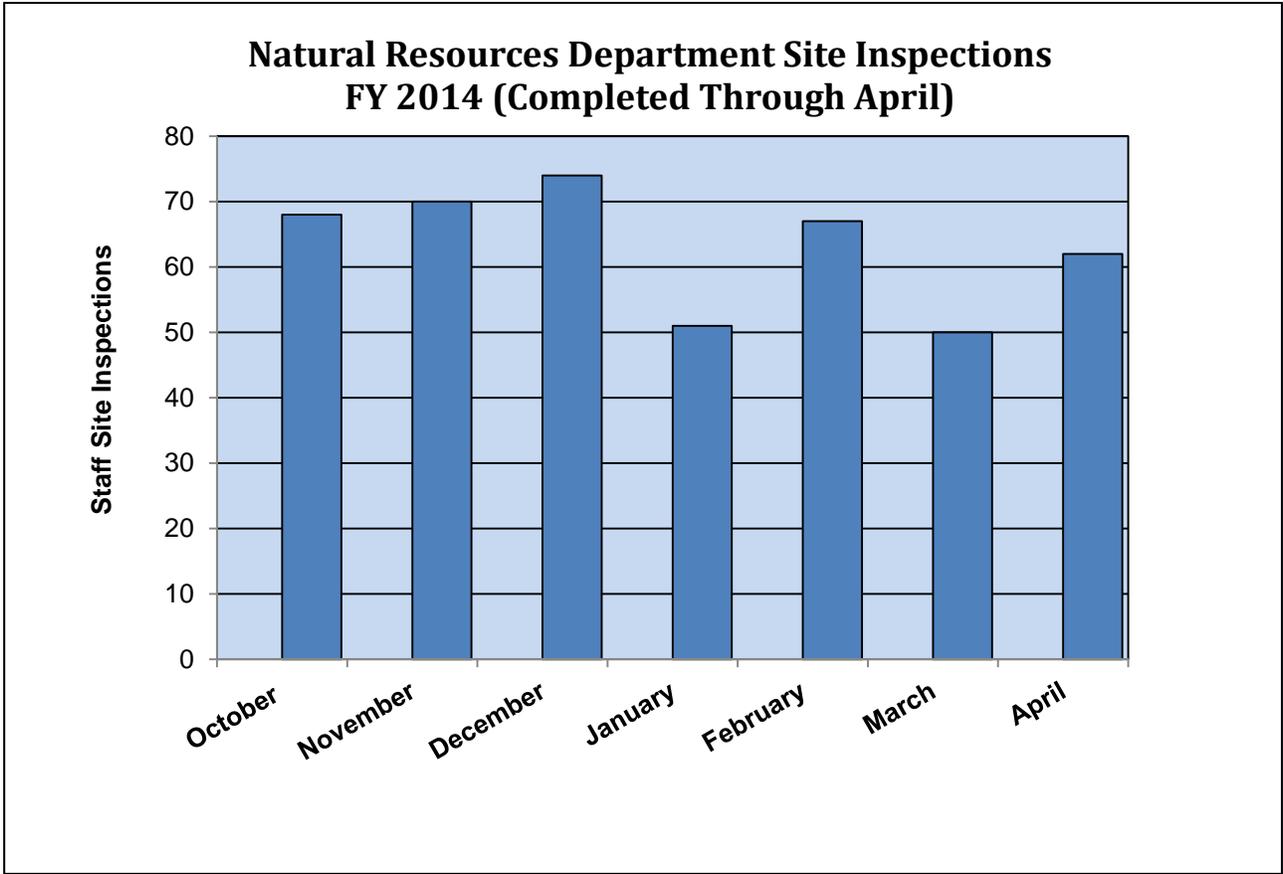

^c FY 2013 data included January 2013 through September 2013.

^d Total does not include walk-ins, emails, or direct calls received after business hours.

^e Water Quality--League of Women Voters, Shell Museum Lecture Series, Everglades Coalition, Chamber of Commerce WQ Forum; Fertilizer--City contractor classes (4); Dark Skies--CASI, Homeowner's Associations (4)

^f Includes treatment of exotics on State Botanical Site – 100% Grant funded by the USFWS

TREND ANALYSIS (CONTINUED)

1618 total calls received in time period - average of 135 calls per month

PUBLIC WORKS, TRANSPORTATION AND UTILITY FUNCTION

Public Works Department

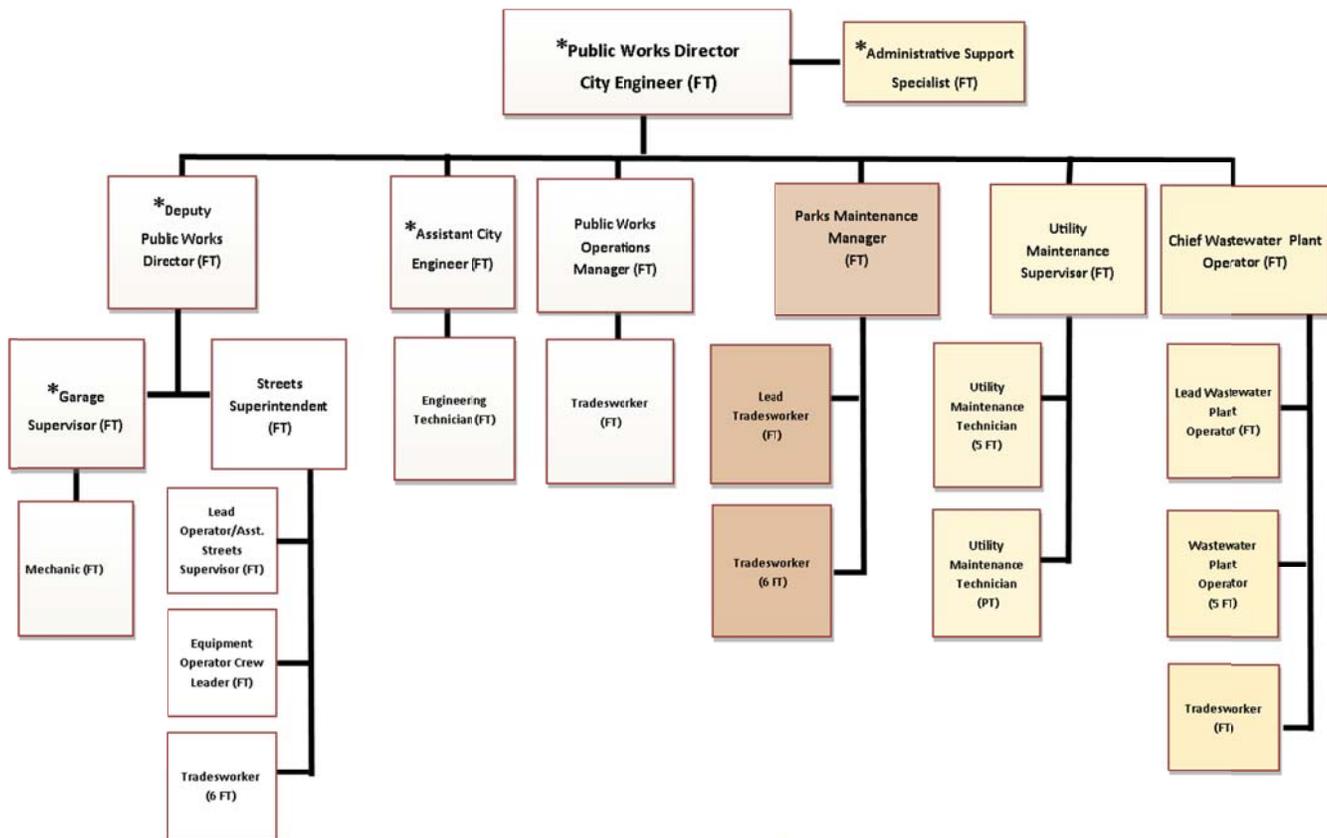

- Public Works Administration and Fleet
- Transportation Division
- Public Facilities
- Sewer System Division - Enterprise Fund
- Beach Parking Division - Enterprise Fund

Director’s Background

Keith Lee Williams II, PE

Director Williams joined the City of Sanibel in October 2012. Mr. Williams is a licensed professional engineer and prior to coming to Sanibel was the City Engineer for the City of Smyrna, Georgia. Mr. Williams has a bachelor’s degree in Civil and Environmental Engineering with University Honors recognition from the University of Tennessee.

PUBLIC WORKS DEPARTMENT STRUCTURE

FT = Full - Time PT = Part - Time

*Hours charged to multiple funds (General; Beach; Sewer)

General Fund

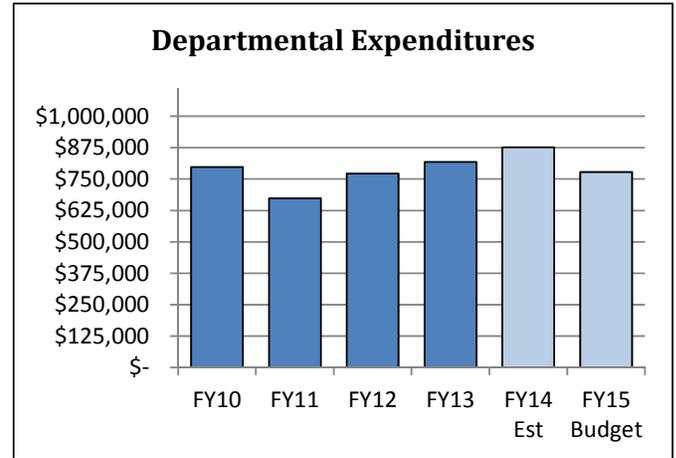

Beach Parking Fund

Sewer Fund

Public Works Department
General Fund

DEPARTMENT FUNCTION

To economically provide safe, well-maintained and clean transportation facilities including roads, shared-use paths and public canals; to provide and maintain top quality parks, public buildings and public spaces; to operate and maintain a fleet of equipment and vehicles necessary for day-to-day City functions as well as emergency response; to operate and monitor a stormwater management system that is in compliance with regulatory requirements; and to administer, design, and maintain island-wide City infrastructure for the safety and enjoyment of island residents and visitors.

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

- As regulatory requirements continue to evolve and present greater demands, the department is faced with the challenge to continue to provide an excellent track record of compliance with NPDES rules and report preparation.
- Public Works' functions are labor intensive, involving technical, skilled, semi-skilled and unskilled labor. Many of the administration, engineering, streets, garage and public facilities personnel are long time City employees. As they reach retirement age, succession planning for division supervisor levels presents a challenge.
- The increased demands upon Public Works through the expansion of facilities including the addition of the Pond Apple Park Trail and Boardwalk, the Shipley Trail and Boardwalk, the Community Park Trail; the increased year round usage of facilities including shared use paths and public parks; as well as the increased labor needs resulting from the Department's role in community special events

ACCOMPLISHMENTS

- Completed shared use path extension from Chamber of Commerce on west side of Causeway Boulevard around to north side of Periwinkle Way, terminating at newly installed crosswalk.
- Partnered with Sanibel-Captiva Chamber of Commerce to resurface City parking lot with permeable pavers.
- Resurfaced 4.20 miles of streets.
- Assumed maintenance responsibility of expanding infrastructure including additional trails at Pond Apple Park and Community Park as well as additional boardwalks within Pond Apple Park.
- Updated the City crosswalk policy and initiated application of the new policy with designs for crosswalk additions/modifications at three locations.
- Initiated a department staff reorganization that provides additional staffed coverage for weekends and special events.
- Completed shared use path repair project totaling 2.40 miles of repairs.
- Dredged the Sanibel boat ramp, police dock and marina canal entrance.

DEPARTMENT OBJECTIVES

To Support Council Goals:

- To economically maintain City’s infrastructure
- To continue compliance with the City’s National Pollutant Discharge Elimination System (NPDES) Permit

To Support Departmental Objectives:

- To expand the shared use path system
- To correct up to 10 neighborhood drainage problems annually
- To perform timely maintenance on the City’s infrastructure to prevent future major repairs

PERFORMANCE INDICATORS

Description	Actual FY 2012	Actual FY 2013	Actual FY 2014	Estimated FY 2015
Streets resurfaced/reconstructed (miles)	4.90	4.20	5.96	6.0
Shared use paths constructed (linear feet)	6,730	5,914	1,977	5,323
Road and shared use path miles swept	59	176	176	500
Off right-of-way walking/biking trails maintained (linear feet)	3,052	5,610	12,382	12,382

RESPONSIBILITIES

Administration

- Stormwater Permit Management
- Solid Waste Program and Contract
- Budget
- Goals
- Personnel
- Emergency Management
- Payroll
- Inventory
- Maintenance records
- Interdepartmental coordination
- Public Interaction
- Reports and Studies

PHYSICAL ENVIRONMENT FUNCTION
Sewer System Division

Sewer System Division
Enterprise Fund

DIVISION FUNCTION

To improve surface water quality; to provide reliable, high quality wastewater collection, treatment, and reuse services in a cost effective manner to residential and commercial customers at a reasonable cost; to provide maintenance on the City's network of gravity sewer lines, sewer force main lines, 129 City-owned lift stations as well as the City network of reclaimed water distribution lines; to operate and maintain the Donax Wastewater Reclamation Facility in compliance with state and federal regulations.

* Includes debt service expense and capital items

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

- The utility department's functions require technical proficiency. Even in the current economic market, there is difficulty hiring skilled employees such as wastewater plant operators.
- Efforts to ensure protection of the island and surface water quality go beyond the monitoring of only City infrastructure. The proliferation of poorly maintained privately owned lift stations and the challenge to be aware of those in addition to City infrastructure adds demand.
- Water quality issues impact the department, including finding environmentally friendly ways to:
 - ❖ Conversion of sludge treatment to high efficiency process that produces a quality end product.
 - ❖ Reduction of Nutrients in effluent prior to its use for irrigation.

ACCOMPLISHMENTS

- Carried out head works bypass project at the Donax Wastewater Reclamation Facility to improve maintenance and operation efficiency.
- Improved lift station pump efficiency through the installation of variable frequency drives
- Continued program to identify and eliminate infiltration/inflow including projects in The Sanctuary, Sea Oats, and Donax Road areas.
- Continued with the plant tank inspection/repair program
- Performed rehabilitation project of reclaimed water storage tank at the Wulfert Plant site.

DEPARTMENT OBJECTIVES

To Support Council Goals:

- To minimize effluent violations and system overflows.
- To reduce nitrogen and phosphorus levels in the plant effluent.

To Support Departmental Objectives:

- To reduce flow to the plant due to inflow and infiltration by 10%.
- To achieve 100% effluent compliance.
- To achieve effluent nitrogen and phosphorus levels below 3.0 and 0.5 ppm respectively.

PERFORMANCE INDICATORS

Description	Actual FY 2012	Actual FY 2013	Estimated FY 2014	Estimated FY 2015
Annual Average Daily Flow (MGD)	1.062	1.06	1.38	1.35
Funds expended on I/I corrections (\$)	130,000	180,000	180,000	180,000
Funds expended to identify I/I sources (\$)	20,000	30,000	30,000	30,000
Number of effluent violations	3	0	0	0
Number of system overflows	5 (Private) 1 (Public)	5	0	0

RESPONSIBILITIES

Utility Operations

- Operate plants
- Monitor plant operations
- Prepare reports
- Maintain facilities
- Assure safe operations
- Maintain records
- Emergency management

Utility Maintenance

- Repair facilities
- Inspect facilities
- Operate facilities
- Maintain facilities
- Construct facilities
- Emergency management

Beach Parking
Enterprise Fund

DEPARTMENT FUNCTION

To economically provide safe, well-maintained and clean beach parks, including restrooms, fishing pier, paths, trails and signage and to provide a beach visitation experience that is sensitive to the environment, encourages non-motorized methods of travel and is in keeping with The Sanibel Plan. To protect and improve our coastal water quality in order to preserve the quality of our world-class beaches and wildlife habitat. The Department also provides a mobile beach patrol and patrols the City's parks.

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

- Continued impacts from the Caloosahatchee watershed and Lake Okeechobee regulatory discharges on coastal water quality resulting in increased frequency and duration of algal blooms that threaten Sanibel's beaches, natural systems, economy, and resident's quality of life.
- Continue building regional partnerships to obtain additional water storage within the Caloosahatchee basin to address high and low-flow impacts affecting Sanibel's water quality.
- Working with our Federal representatives in Washington D.C. to appropriate federal funds needed to construct the C-43 West Basin Reservoir.
- Increasing demand from the public for information about current beach conditions and water quality.
- Increased pressures on the beach ecosystem and facilities as word of Sanibel's high ranking as a beach destination spreads.
- Increasing pressure to bring human recreation into natural areas and wildlife habitats. Increasing interaction between humans and wildlife in natural areas resulting in disruptions to wildlife.
- Increased demands on facilities and maintenance based heavy visitation of beach park facilities.
- Maintaining recreational opportunities for beachgoers, while protecting critical wildlife habitat.
- Maintaining the existing family-friendly beach atmosphere.
- Providing ADA accessibility and improvements to all beach parks so that everyone can have an enjoyable beach experience.

ACCOMPLISHMENTS

- City Council and staff worked with our Federal representatives in Washington D.C. to pass the Water Resources Reform and Development Act (WRRDA), which includes authorization for the C-43 West Basin Reservoir and other important Everglades Restoration Projects.
- Raised awareness of regional and local water quality/quantity issues impacting Sanibel. Developed a list of State and Federal short- and long-term strategies to address our water resource issues impacting the Caloosahatchee and Coastal waters. Drafted several letters to various State and Federal agencies and elected officials to raise awareness of Sanibel's water resource issues.

- Continue to protect beach and beach dune habitat by installing beach dune plantings at all City beach parks and public accesses to beautify the parks and protect shoreline from erosion. Installed more than 2,800 linear feet of dune vegetation at Sanibel Beach Parks and public beach accesses in 2014.
- Designed and reconstructed the existing shower areas at Tarpon Bay Road Beach Park and Turner Beach Park to improve ADA accessibility and drainage.
- Completed design and initiated construction of a new restroom facility at Lighthouse Beach Park; expected completion is early FY15
- Designed, permitted and constructed a shade structure at Lighthouse Beach Park to provide shade and shelter from the sun and elements as well as improve the park facility for ADA accessibility.
- Designed the Bowman's Beach Shared Use Path to provide safe access to this popular beach park for pedestrian and bicycle traffic. Applied for grant funding to expand the path beyond the original scope of the project and provide safer access for path users to the beach park.
- Improved overall presentation of beach park picnic areas as well as increased focus on maintenance of "pocket parks" within the beach park system to provide habitat friendly gathering places for greater dispersion of visitor volumes.
- Continue to protect beach and beach dune habitat by replacing more than 3,000 linear feet of rope and bollard system at beach parks and beach accesses to protect the critical wildlife habitat (1,900 LF Bowmans, 500 LF Gulfside, 100 LF Lighthouse, other beach parks and public beach access 500 LF).
- Maintained existing gopher tortoise habitat at Gulfside and Bowman's Beach parks through mowing of 20+ acres of coastal scrub to prevent encroachment of woody plant species.
- Removed staking materials on all trees planted in previous years at all of the City's beach parks.
- Surveyed and treated invasive exotic vegetation on approximately 334 acres of land at the City's beach parks.

DEPARTMENT OBJECTIVES

To Support Council Goals:

- To protect the beach environment;
- To protect coastal water quality;
- To maintain beach revenues through an enhanced beach experience for residents and visitors.

To Support Departmental Objectives:

- To protect wildlife and wildlife habitat;
- To make all beach parks safe for users;
- To maintain the beach park facilities to a level worthy of a world class destination;
- To protect and manage the beach and shoreline in a natural state;

PERFORMANCE INDICATORS

Description	Actual FY 2012	Actual FY 2013	Estimated FY 2014	Estimated FY 2015
Annual beach park dune plantings	N/A	100%	100%	100%
Annual exotic plant control at all beach parks	100%	100%	100%	100%
Annual maintenance of beach park rope and bollard system	100%	100%	100%	100%

RESPONSIBILITIES

Beach Parks Maintenance

- Maintain grounds
- Litter control
- Monitor cleaners
- Make repairs
- Dune plantings
- Exotic control
- Beach walkovers
- Rope and bollards

CULTURE/RECREATION FUNCTION

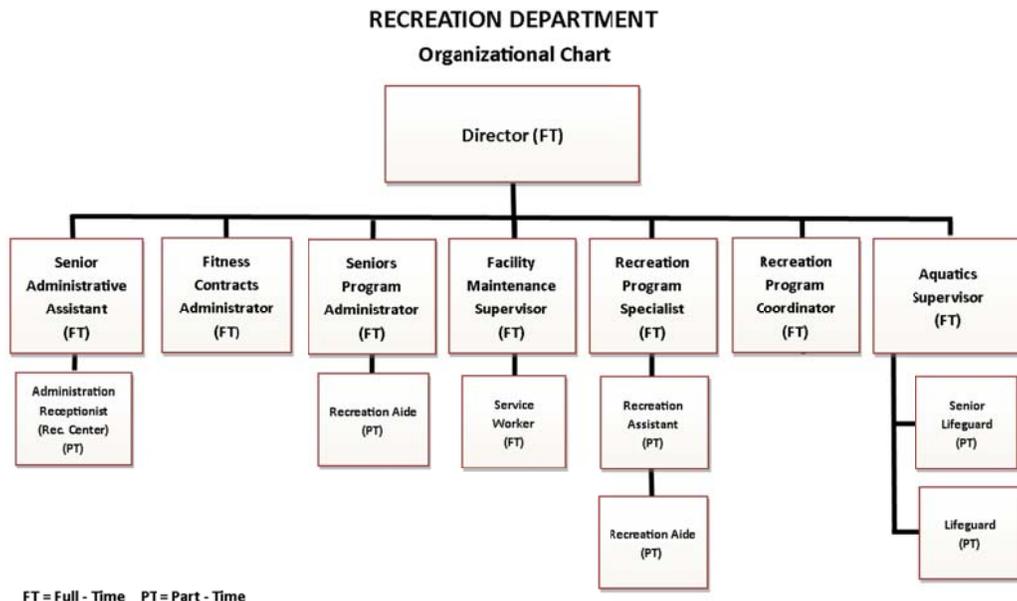

Recreation Department

- **Recreation Complex Department**
- **Center4Life Department**
- **Performing Arts Facility Department**
- **Historical Village and Museum Program**
- **Sanibel School Ball Park Maintenance Fund**

Director’s Background

Andrea Miller

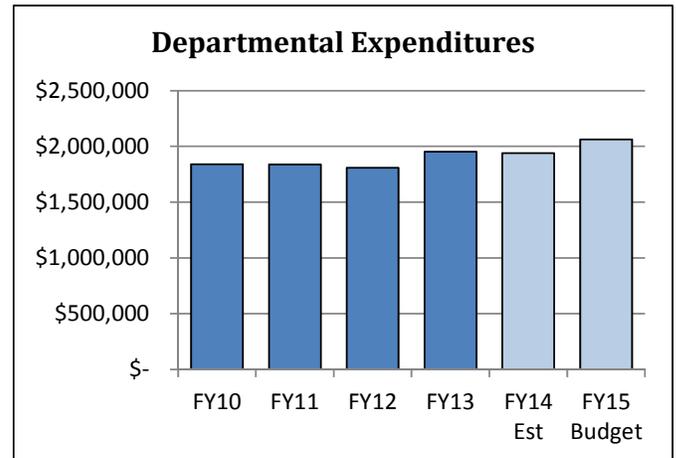

- Bachelor of Science in Health & Physical Education (K-12) from Indiana University of Pennsylvania
- Member of Florida Recreation & Parks Association and National Recreation & Parks Association
- Certified Parks & Recreation Professional (CPRP)
- NIMS Certified
- American Red Cross First Aid and CPR PR Instructor & Instructor Trainer
- American Red Cross Lifeguard Instructor & Instructor Trainer
- American Red Cross Water Safety Instructor & Instructor Trainer
- American Red Cross Babysitting and Pet First Aid Instructor
- Certified Pool Operator
- USWFA Water Aerobics Instructor
- AFAA Group Fitness Instructor
- Arthritis Foundation Water Exercise Instructor

Recreation Center and Center 4 Life
Recreation Fund

DEPARTMENT FUNCTION

To develop and administer safe, well-rounded community programs and facilities that meets the needs of Sanibel residents and visitors of all ages at the Sanibel Recreation Center, Center 4 Life and Ball Field Complex. Facilities and program offerings strive to meet the physical, social and emotional health needs of users.

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

- Increased demand for highly active programming by City’s senior population
- Recreation Center available space is dwarfed by demands during peak season
- Increased demand for youth programming such as summer day camp
- Aging facility requiring increased maintenance which results in interruptions in service to users
- Identifying proper balance in fees between visitors and tax payers who support the facility and operations

ACCOMPLISHMENTS

- Completed Center 4 Life Needs Assessment as well as numerous stakeholder meetings for the Civic/Cultural Core
- Continued to implement a water safety education program funded by the Sanibel Swims Grant which provided swim lessons to over 225 children and certified 83 adults in compression only CPR
- Implemented WebTrac Point of Sale for more convenient purchasing of resale items online
- Implemented auto renewal option for resident annual memberships
- Implemented the Teen Archery program for the After School Program and Summer Camp
- Increased coordination with Sanibel School, Lee County, Sanibel-Captiva Optimists, Sanibel-Captiva Lions, Sanibel-Captiva Kiwanis and Captiva Sailing Club to enhance program youth offerings and facility usage
- New Year’s Eve Celebration/Fundraiser generated over \$50,000 to support the Financial Assistance Program
- Increased marketing/social media through local publications, RecTrac, WebTrac and website with over 30,000 views on WebTrac alone
- Implemented ProCare software for youth programs for enhanced security and accountability
- High standard of facility maintenance with numerous projects completed in house resulting in cost savings
- Exceeded revenue expectations while maintaining expense guidelines

- Expanded fitness programming, complimentary health screenings, youth & adult athletic offerings, community and teen events
- Enhanced Sanibel Recreation Center membership benefits by increasing “member discounts” in cooperation with on-island businesses
- Membership renewal continued to be above national average for over-all retention
- Maximized use of recreation facilities through creative scheduling of class offerings and careful monitoring of attendance
- Continued to provide assistance to local families in need through the Financial Assistance Program

DEPARTMENT OBJECTIVES

To Support Council Goals:

- The Sanibel Recreation Department welcomes residents and visitors alike who are drawn by, and are respectful of, the City’s goal to provide healthy and environmentally sensitive programming while promoting positive relationships and a sense of community
- To continue to maintain and develop a “Best Practices Green Technologies” in keeping with the City’s goals

To Support Departmental Objectives:

- Retain current members and attract new members through positive programming and fitness classes
- Carefully monitor revenue and expenses finding ways to offset expenditures with increased revenues
- Evaluate and update current fitness/facility programs. Maximize use of recreation facilities through creative scheduling of class offerings
- Continue to develop new and creative programming at the Sanibel Recreation Center, Center 4 Life and throughout the park system
- Continue to expand partnerships with island organizations to enhance educational opportunities

PERFORMANCE INDICATORS

Description	Actual FY 2010	Actual FY 2011	Actual FY 2012	Actual FY 2013	YTD FY 2014 (July 2014)
Recreation Center Fitness Class Participation (Beginning 2010 fitness classes were expanded and included with membership)	18,943	19,319	17,835	18,880	17,656
Center 4 Life Fitness Class Participation	8,464	8,092	8,858	9,845	9,408

Health Screening Events	18	20	20	19	16
Community Events	0	13	23	28	26

RESPONSIBILITIES

Administrative

- Capital projects
- Research trends
- Analyze statistics
- Prepare and manage annual budget
- Serve as liaison to Financial Assistance Committee and Island Seniors Inc.
- Prepare reports
- Emergency preparedness
- Manage staff
- Program and facility development

Customer Service

- Memberships and activity sales
- Beach Parking Permits
- Dog Licenses
- Segway Permits
- Facility rentals
- Items for resale
- Volunteer and Jr. Volunteer Programs
- Financial Assistance Program

Facility Maintenance

- Warranties
- Preventative maintenance
- Repairs

Fitness Programs

- Class scheduling
- Instructor and contract management

Community Outreach

- Health screenings
- Marketing and social media
- Community special events

Youth Programs

- Summer Day Camp
- After School Program
- Holiday Camps
- Fun Days
- Teen Scene

Athletics

- Youth and Tot Basketball Program
- Adult Softball League
- Pickleball
- Ball Field Coordination and Field Marshal
- Tot Soccer
- Adult Pick Up Basketball and Soccer

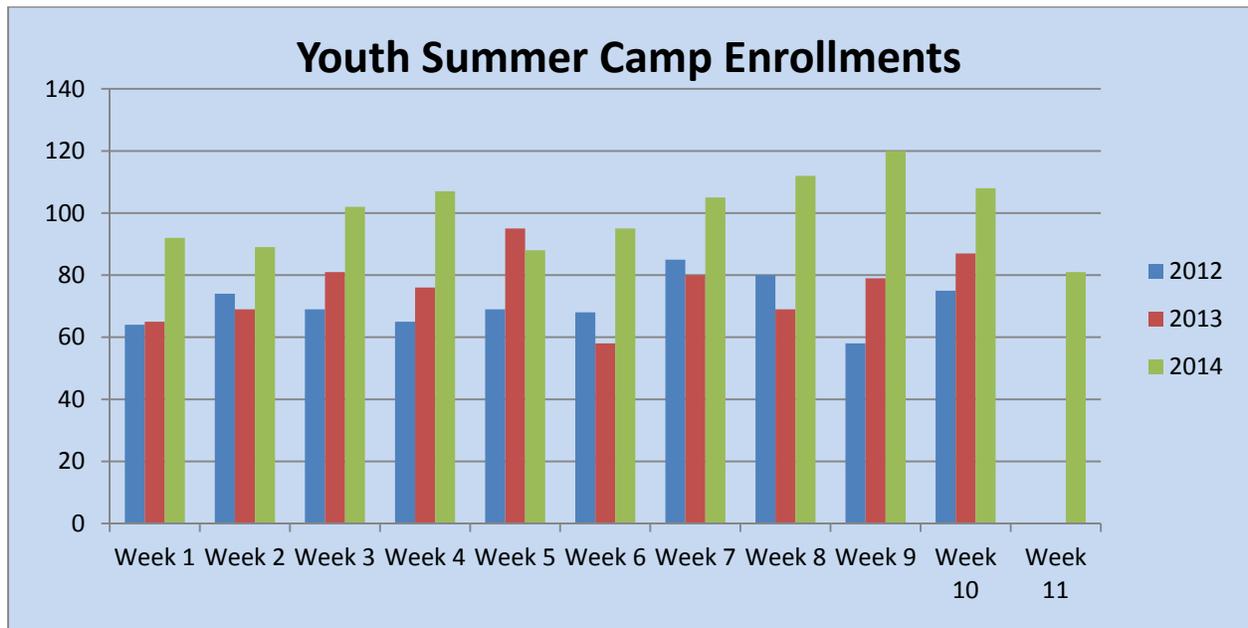

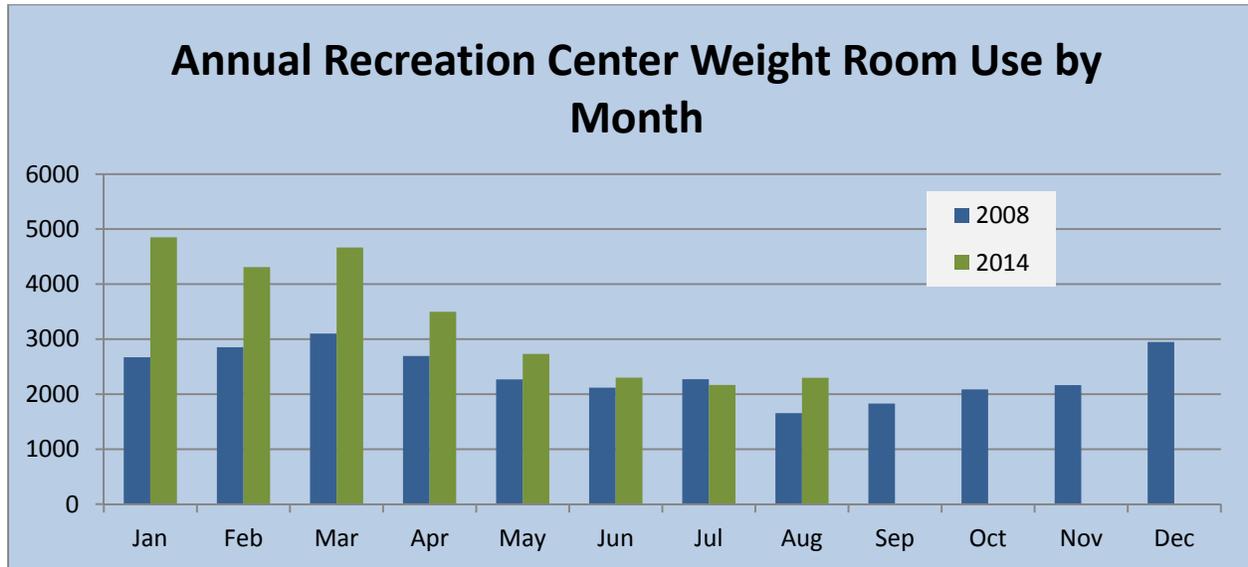

Aquatics

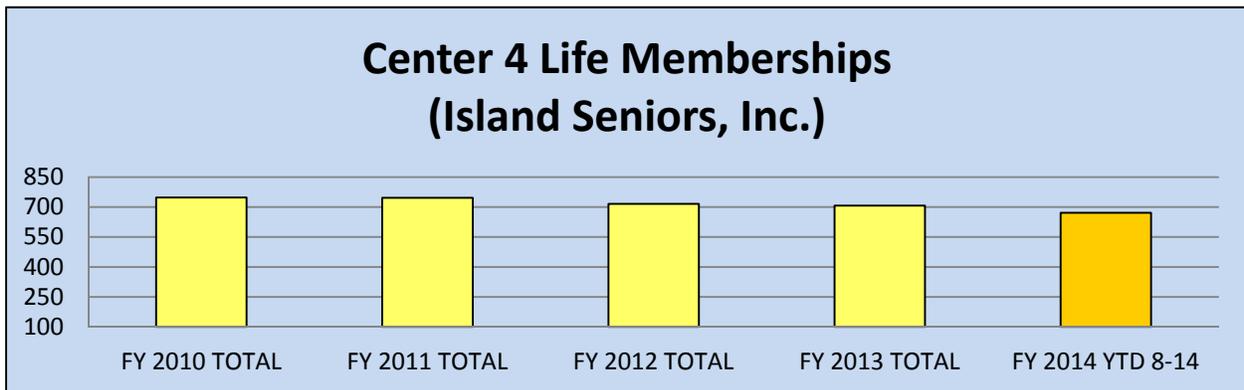

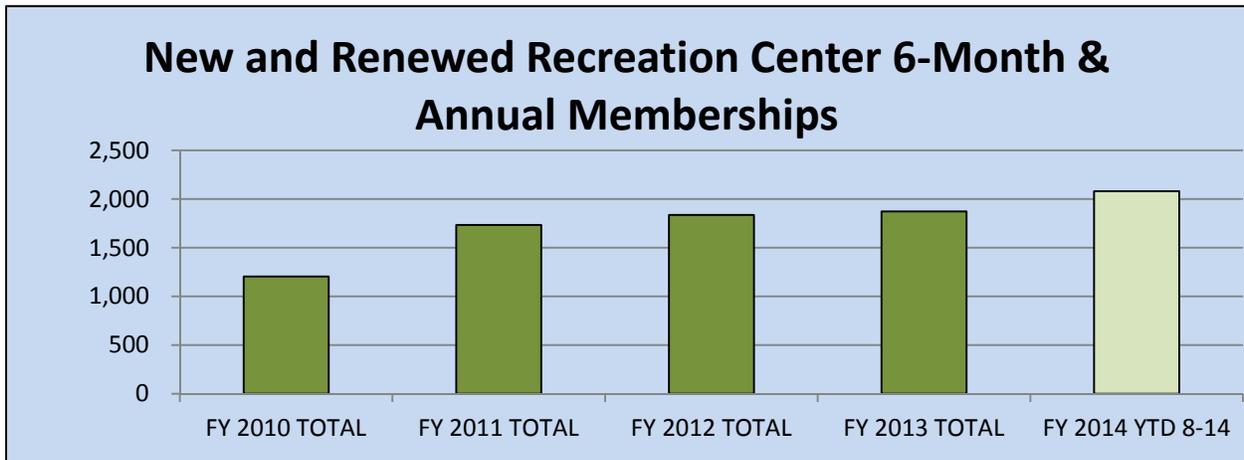

- Fitness classes
- Swim instruction
- Certification courses
- Patron safety
- Aquatic facility maintenance
- Continuation of Sanibel Swims Grant

Center 4 Life (Seniors) Programs

- Fitness classes
- Social activities
- Educational programs
- Group trips
- Civic Core – Center 4 Life Development

(* Positions are counted in FTE's (Full-time Equivalents). One (1.0) FTE equals a 40-hour work week or 2,080 in a fiscal year (2,088 working hours in fiscal year 2015). Fractional FTE's represent Regular Part-time positions OR Temporary/Seasonal Full-time positions which are budgeted for less than full-time working hours. Part-time positions do not receive paid benefits such as cafeteria fund.

**CAPITAL IMPROVEMENT PLAN
FISCAL YEAR 2015 DETAIL**

	Fund	Dept	Project	FY 2015	Description of Project	Funding Source	Impact on Operating Costs
INFORMATION TECHNOLOGY DEPARTMENT	300	1290	End user equipment upgrades	\$ 15,000	User PC's need to be replaced every five years. This is to implement that goal. Replacement PC's are selected based on technology and environmental concerns.	Transfer from the General fund	None recurring.
	300	1290	Phase 4 of Tyler Munis software upgrade (timekeeping/inventory system)	\$ 25,000	Add inventory module and 3rd party timekeeping system. This will import time data into Tyler Munis	Transfer from the General fund	Inventory \$4,300 annual; timekeeping system approximately \$3.50 PEPM
	300	1290	Offsite always accessible redundant storage servers ("cloud computing")	\$ 40,000	This is continued work on City plan to transition most city servers to the Cloud. This will reduce annual hardware costs, staff time to monitor server backups and annual electrical power costs. This technology will provide enhanced disaster recovery capabilities as there will be constant connectivity to City servers where there is an internet connection. The utilization of cloud technology significantly reduces the amount of staff time needed and makes available city data.	Transfer from the General fund	Annual subscription costs for services as servers are transitioned to the Cloud of approximately \$10,000.
	300	1290	Backup high-speed Internet connectivity	\$ 20,000	Current internet connectivity is through Comcast fiber over the Causeway. The City is transitioning to Cloud technology. This project is to implement a secondary, backup connection to the internet. If Comcast has an issue, or the fiber is damaged, the City will not be able to access Munis or any other Cloud systems until the interruption is addressed.	Transfer from the General fund	This will be an annual expense of \$40,000
	300	1290	Upgrade/replace core network components	\$ 10,000	Annual budgeting of \$10,000 for keeping the City's core network devices operational. Each year, equipment needs to be replaced due to either having failed or going off warranty.	Transfer from the General fund	None recurring.
	300	1290	Replace City servers	\$ 8,000	Server replacement project which allows the City to effectively plan for the end of life of its servers. This project allows the replacement of 1 - 2 servers per year.	Transfer from the General fund	None recurring.
	300	1290	Departmental printer replacement	\$ 3,000	Each year, main departmental printers need to be replaced as they fail. These funds are only utilized when a printer fails.	Transfer from the General fund	None recurring.
	300	1290	Replace city phone system	\$ 23,000	The current phone system can no longer be covered by warranty contract due to its age. There are increasing service issues, some of which have resulted in the Administration main number being unable to receive in-bound calls. Additionally, there is a real risk of a phone mail crash resulting in the loss of stored voice messages, resulting in the requirement to rebuild the voice mail system.	Transfer from the General fund	Net reduction to City's communication expenses.
	300	1290	Software development (mobile "smart" apps).	\$ 5,000	As the City moves towards "cloud" based software and expands utilization of tablet computers, there is an increased need for current applications.	Transfer from the General fund	None recurring.

**CAPITAL IMPROVEMENT PLAN
FISCAL YEAR 2015 DETAIL**

	Fund	Dept	Project	FY 2015	Description of Project	Funding Source	Impact on Operating Costs
INFORMATION TECHNOLOGY DEPARTMENT	300	1290	Integrated council agendas and audio/video internet streaming	\$ 10,000	Continuation of project to allow meetings in Mackenzie Hall to be sent over the Internet in real time and meetings to be replayed from the Internet at any time, with linking to agenda items.	Transfer from the General fund	Annual maintenance costs of \$10,000.
	300	1290	Multimedia/conferencing upgrades for city conference rooms	\$ 10,000	With the increased use of smart devices like iPhones and tablets, the City needs to be able to display information from these devices.	Transfer from the General fund	None recurring.
	300	1290	City network wireless upgrade	\$ 10,000	The current City wireless was installed using low cost home type technology. The demand for wireless by City devices cannot be met reliably without an upgrade to more expensive enterprise class technology.	Transfer from the General fund	Annual maintenance cost of \$2,000
	300	1290	Server Room A/C Design and Installation	\$ 25,000	The current air conditioning system in the main server room is requiring too frequent repairs and a replacement needs to be designed and installed.	Transfer from the General fund	None recurring.
	300	1290	Virtual server backup/recovery software	\$ 16,000	The majority of the City's servers are virtual and there is now better software to improve backup and restore capabilities.	Transfer from the General fund	None recurring.
	300	1290	Upgrades to City internet website location	\$ 70,000	The City's website needs to be upgraded from the current system that is near end of life. Additionally, the design of the site needs to be modernized.	Transfer from the General fund	None recurring.
	300	1290	UPS for main server room and Recreation Center A/V room	\$ 10,000	Necessary upgrades due to age of equipment	Transfer from the General fund	None recurring.
	300	1290	Large format printer	\$ -	Upgraded printer to print large scale format such as project drawings, architectural plans, etc.	Transfer from the General fund	None recurring.
TOTAL INFORMATION TECHNOLOGY				\$ 300,000			

**CAPITAL IMPROVEMENT PLAN
FISCAL YEAR 2015 DETAIL**

	Fund	Dept	Project	FY 2015	Description of Project	Funding Source	Impact on Operating Costs
POLICE	300	2100	Patrol cars (3-yr replacement cycle)	\$ 120,000	Annual cost for replacement of patrol vehicles. These vehicles are on a 3 year replacement cycle.	Transfer from the General fund	None recurring.
	300	2100	Police vehicle (5-yr replacement cycle)	\$ 30,000	Annual cost for replacement of patrol vehicles. These vehicles are on a 5 year replacement cycle.	Transfer from the General fund	None recurring.
	300	2100	Computer programs for records management and computer-aided dispatch	\$ 25,000	The current records management and computer aided dispatch programs are outdated and need to be either updated or replaced. The cost to update is approximately the same as the cost to take advantage of the new system the Lee County Sheriff is installing. The new system will have greater statistical analysis capabilities and enhanced patrol functions, such as in-car traffic citation and accident reporting.	Transfer from the General fund	None recurring.
	300	2100	Radar trailers	\$ 30,000	Purchase of equipment to assist in monitoring vehicle speed to assist in public safety concerns.	Transfer from the General fund	None recurring.
TOTAL POLICE DEPARTMENT				\$ 205,000			
S.E.M.P.	300	2500	Windows tablet to assist with EOC operations during emergencies	\$ 16,000	The City uses the County's damage assessment program (ARM360) during emergencies. ARM360 has added the capability to track the door to door notification process the City uses during the evacuation preparation phase. iPads are not compatible with ARM360, so Windows tables are needed.	Transfer from the General fund	None recurring.
	300	2500	VHF radio system upgrades for emergencies	\$ 20,000	In the event that a significant hurricane destroy cell and public safety radios, the City's backup VHR system will also lose it's City antenna. This is to obtain backup, quick deploy antenna systems for the VHF system.	Transfer from the General fund	None recurring.
TOTAL BUILDING DEPARTMENT				\$ 36,000			
BUILDING	169	2400	Ruggedized damage assessment computers	\$ 10,000	The city needs a technology to be able to quickly assess the damage from disasters. These computers need to be ruggedized and waterproof for us under extreme conditions. (\$5,000 each). The computers currently used cannot be used in inclement weather. This project is to replace the current limited computers, with rugged, weatherproof computers.	Permit fees	None
	TOTAL BUILDING DEPARTMENT				\$ 10,000		

**CAPITAL IMPROVEMENT PLAN
FISCAL YEAR 2015 DETAIL**

Fund	Dept	Project	FY 2015	Description of Project	Funding Source	Impact on Operating Costs	
RECREATION CENTER SINKING FUND	370	7200	Camera & Video Security System Upgrades	\$ 50,000	Sinking Fund Asset Replacement Schedule	Fund balance	None recurring.
	370	7200	Replace Cardio Equipment	\$ 7,000	Sinking Fund Asset Replacement Schedule	Fund balance	None recurring.
	370	7200	Replace spin bikes	\$ 10,400	Sinking Fund Asset Replacement Schedule	Fund balance	None recurring.
	370	7200	Replace televisions (weight room & Osprey room).	\$ 2,000	Sinking Fund Asset Replacement Schedule	Fund balance	None recurring.
	370	7200	Pool heaters/chillers	\$ 80,000	Sinking Fund Asset Replacement Schedule	Fund balance	None recurring.
	370	7200	Pool motors/pumps	\$ 23,945	Sinking Fund Asset Replacement Schedule	Fund balance	None recurring.
	370	7200	Chemical controllers	\$ 5,000	Sinking Fund Asset Replacement Schedule	Fund balance	None recurring.
	370	7200	Lap pool cover	\$ 15,000	Sinking Fund Asset Replacement Schedule	Fund balance	None recurring.
	370	7200	Lap pool cover reel	\$ 7,000	Sinking Fund Asset Replacement Schedule	Fund balance	None recurring.
	TOTAL RECREATION SINKING FUND			\$ 200,345			
RECREATION	170	7200	Pelican room flooring	\$ 19,310	Due to shared use need proper multi-use flooring for fitness classes and other activities	Recreation fees / General fund transfer	None recurring.
	170	7200	Recessed door mats	\$ 9,000	Anti-slip mats for increased safety from dirt, sand, and water	Recreation fees / General fund transfer	None recurring.
	TOTAL RECREATION DEPARTMENT			\$ 28,310			

**CAPITAL IMPROVEMENT PLAN
FISCAL YEAR 2015 DETAIL**

Fund	Dept	Project	FY 2015	Description of Project	Funding Source	Impact on Operating Costs	
PUBLIC WORKS	300	7250	Replace A/C units	\$ 270,000	All HVAC systems at City Hall have been replaced over the past 10 years. With a life expectancy of 10 years on Sanibel, the HVAC compressors (and air handlers) will need to be replaced on a rotating schedule.	Transfer from the General fund	None recurring.
	300	7250	Senior Center redevelopment	\$ 250,000	Planning and design work for the Senior Center redevelopment project	Transfer from the General fund	None recurring.
	300	7250	Community park improvements	\$ 27,000	Includes playground equipment expansion and improvements to existing shade structures.	Intergovernmental revenues; transfer from Community Park Impact Fee fund.	None recurring.
	300	7250	Pickup truck - replacement vehicle	\$ 25,000	Public Facilities maintenance personnel 1/2 ton pickup truck with over 100,000 miles and wheel bearing issues scheduled in FY15.	Transfer from the General fund	None recurring.
	300	7250	Public Works facility maintenance project	\$ 46,000	Maintenance project to include replacement of office air conditioning unit no. 2, replacement of office and garage roofs, and replacement of deteriorating interior office flooring.	Transfer from the General fund	None recurring.
	300	4100	Trucks	\$ 95,000	Replacement 1996 model year dump truck (unit 211) with cracking in the dump bed and frame corrosion.	Capital lease proceeds	None recurring.
	300	4100	Backhoe	\$ 120,000	Replacement 2000 model year backhoe (unit 209) with h-frame and front bucket issues that are unrepairable due to corrosion.	Capital lease proceeds	None recurring.
TOTAL PUBLIC WORKS			\$ 833,000				
TRANSPORTATION	301	4100	Clam Bayou Box Culvert Repair	\$ 5,100	In 2005 a box culvert was installed under San-Cap Road to connect Dinkins Bayou with Clam Bayou to provide tidal flushing to Clam Bayou. After the culvert installation, flow through the channel caused erosion on the east and west banks. These funds closeout this project.	Intergovernmental revenues	None recurring.
	301	4100	Periwinkle Way box culvert repairs	\$ 250,000	Required repairs to the Periwinkle Way box culvert based on current condition and estimated life.	Intergovernmental revenues	None recurring.
	301	4100	Wulfert/Wildlife Shared Use Path	\$ 180,000	Bicyclists exiting the Refuge must share the roadway with motor vehicles from the exit to the San-Cap Road. This project involves the construction of an 8-foot wide shared use path along Wulfert Road and Wildlife Drive from San-Cap Road to the Refuge exit (Caloosa Shores). This path is recommended in the 2009 Shared Use Path Master Plan. The safety of bicyclists/pedestrians, not only from the Refuge, but also form the surrounding neighbors will be enhanced by the project.	Intergovernmental revenues	None recurring.

**CAPITAL IMPROVEMENT PLAN
FISCAL YEAR 2015 DETAIL**

	Fund	Dept	Project	FY 2015	Description of Project	Funding Source	Impact on Operating Costs
TRANSPORTATION	301	4100	Casa Ybel Road/Periwinkle Way and Island Inn Road/Tarpon Bay Road Intersection Improvements	\$ 250,000	Intersection improvements resulting in improved vehicular and pedestrian safety.	Transfer from Road Impact Fee fund	None recurring.
	307	4100	Kings Crown to Lighthouse Beach road	\$ 77,000	This project involves shifting Periwinkle Way to the north in order to maintain roadway/shared use path separation when the path is widened. Wider shared use paths, separated from the roadway, are safer. These funds closeout this project.	Beginning fund balance (rollforward of prior year budgeted and unexpended funds)	None recurring.
	TOTAL TRANSPORTATION			\$ 762,100			

SEWER SYSTEM	450	3500	Pipeline Relocations	\$ 5,000	If a sewage force main is in conflict with a proposed roadway or drainage project, this project provides funding for the relocation.	Operating revenues	None recurring.
	450	3500	New Service Laterals	\$ 5,000	This project is to install sewer laterals for locations where sewer laterals were not installed during mainline construction or couldn't be found.	Operating revenues	None recurring.
	450	3500	Lift Station Improvements	\$ 25,000	This project involves enhancements to lift stations such as larger pumps, monitoring equipment, new control panels, odor control, etc.	Operating revenues	None recurring.
	450	3500	Generator storage building	\$ 50,000	The City has 9 Portable Generators that are Utilized to enable lift stations to be operated during power outages to prevent wastewater from backing up into houses or on the ground. This project will provide covered storage for these generators at the Donax Plant to prolong generator lifespan.	Operating revenues	None recurring.
	450	3500	Donax plant improvements (grit removal)	\$ 70,000	Retrofit new grit removal system at Donax Plant.	Operating revenues	None recurring.
	450	3500	Insertion Valves for Forcemains	\$ 30,000	When a force main breaks, it is critical to be able to shut off the wastewater flow to protect public health and the environment. This project involves the installation of valves into the force mains under pressure. The valves can then be used to isolate sections of force mains.	Operating revenues	None recurring.
	450	3500	Energy review - sludge process	\$ 65,000	Conversion of sludge from traditional wastewater treatment infrastructure and operating costs to Centrifuge system. A comparison of Capital, Maintenance, Energy Consumption, and Hauling over a 20 year Cost estimates a return on investment in just over 4 years.	Operating revenues	None recurring.
	451	3500	Phase 4 Sewer	\$ 124,500	This project involves the construction of sewer in remaining unsewered areas. Central sewer and advanced on-site sewer systems will be considered. Water quality improvement through the elimination of old septic systems is the goal of this project.	Operating revenues	None recurring.
	450	3500	Master Station Replacement Pump	\$ 30,000	The master pump station at the Donax plant receives all flow from the entire island and pumps it to the headworks to begin the treatment process. If this station's pumps failed, wastewater will quickly spill onto the ground, potentially contaminating ground water and the Sanibel River.	Operating revenues	None recurring.

**CAPITAL IMPROVEMENT PLAN
FISCAL YEAR 2015 DETAIL**

Fund	Dept	Project	FY 2015	Description of Project	Funding Source	Impact on Operating Costs	
SEWER SYSTEM	450	3500	Replacement Maintenance Pick-up (1/2 ton) - 758	\$ 23,000	Funding includes replacement of existing pickup trucks in 2013 and 2015. These trucks are on a 7-8 year replacement cycle. The timely replacement of trucks reduces down time for repairs, thus improving productivity. Replacements delayed due to the current vehicle condition and economic conditions within the City.	Operating revenues	None recurring.
	450	3500	Replacement Operations pick-up (1/2 ton) - 900	\$ 23,000	Funding includes replacement of existing pickup trucks in 2013 and 2015. These trucks are on a 7-8 year replacement cycle. The timely replacement of trucks reduces down time for repairs, thus improving productivity. Replacements delayed due to the current vehicle condition and economic conditions within the City.	Operating revenues	None recurring.
	450	3500	Replacement forcemain (L/S #6)	\$ 80,000	The project involves construction of a 6" force main from L/S # 6 located at the Sand Castle / Sand Castle Intersection along Sand Castle Road and Bailey Road to L/S # 17, located on Bailey Road north of Periwinkle Way. The proposed force main will replace an old existing force main located in an easement in the backyards of the Greenwood Court residents making access difficult. The existing force main has broken several times, causing damage to the landscaping and raw sewage in peoples yards.	Operating revenues	None recurring.
	450	3500	Replacement Cl ₂ Pumps	\$ 7,500	The Donax Water Reclamation Facility utilizes liquid chlorine to disinfect the wastewater effluent. The chlorine feed pumps have a relatively short life due to the corrosive nature of the chlorine. Frequent pump replacement is necessary to keep the plant effluent in compliance with DEP regulations.	Operating revenues	None recurring.
	450	3500	Emergency chart recorder replacement	\$ 2,000	Chart recorders are utilized at the Donax facility to monitor several critical parameters including flow, ph, chlorine residual, and NTU's. These parameters need to be monitored for the proper plant operation and permit compliance. Keeping these parameters within DEP permit limits is necessary to keep the plant in compliance. The purchase of these recorders in advance guarantees the immediate replacement of failed recorders.	Operating revenues	None recurring.
	450	3500	Replace US Filter, Wulfert and DIW Controls	\$ 45,000	Update to existing controls and software to ensure reliability and improve efficiency	Operating revenues	None recurring.
	450	3500	Update Wonderware and Online Monitoring Equipment (D.O. / ORP)	\$ 47,000	Update to existing controls and software to ensure reliability and improve efficiency	Operating revenues	None recurring.
	450	3500	Sewer capital projects/emergency repairs	\$ 368,000	Funds to cover emergency and unexpected repairs to the sewer system.	Operating revenues	None recurring.
TOTAL SEWER SYSTEM			\$ 1,000,000				

**CAPITAL IMPROVEMENT PLAN
FISCAL YEAR 2015 DETAIL**

	Fund	Dept	Project	FY 2015	Description of Project	Funding Source	Impact on Operating Costs
BEACH PARKING	470	2100	ATV Replacements	\$ 10,000	ATV vehicles for beach patrol purposes are on a regular replacement recycle due to wear and tear.	Operating revenues	None recurring.
	470	2100	Van (3 Vans/3 yr replacement cycle)	\$ 20,000	The parking enforcement vans are used to patrol the beach parking lots and transport the parking money. The 3 vans are on a 3-year replacement schedule since they are high usage vehicles. These vans are an essential part of the beach parking program.	Operating revenues	None recurring.
	470	2100	Security Video Access System for Beach Parking Lots	\$ 200,000	The purpose of installing video cameras in the various beach parking lots is to deter theft of personal property from vehicles. These cameras have been effective in the Trost parking lot and at Lighthouse Park and are recommended for Bowman's and Algiers. Crime reduction on Sanibel benefits residents and visitors alike.	Operating revenues	None recurring.
	470	4100	Dump Body for Pickup Truck	\$ 4,000	Parks maintenance personnel trim vegetation at the various parks. The vegetation is loaded into the back of pickup trucks for disposal. Dump bodies fit into the bed of the pickup truck to allow the load to be mechanically dumped rather than removed manually. This equipment makes the workers more productive.	Lee County Tourist Development Commission funding	None recurring.
	470	4100	Trash/Recycling Bins	\$ 12,000	Annual replacement for wear and tear of trash receptacles	Lee County Tourist Development Commission funding	None recurring.
	470	4100	Water Fountain for Beaches	\$ 10,000	Installation of facilities for beaches	Lee County Tourist Development Commission funding	None recurring.
	470	4100	ADA accessible equipment	\$ 10,000	Improve ADA accessibility at all beach parks and repair existing ADA equipment.	Operating revenues	None recurring.
	470	4100	Shared Use Path Repairs	\$ 100,000	Many of the City's shared use paths are utilized for access to the beach parks. The proper maintenance of the paths makes them safer and more enjoyable to use.	Operating revenues	None recurring.
	470	4100	Shared Use Path Widening	\$ 150,000	Many of the City's shared use paths are utilized by beach park users. Wider paths are safer and more enjoyable to use.	Operating revenues	None recurring.
	470	4100	Bowman's Beach Shared Use Path	\$ 200,000	Many of the City's shared use paths are utilized by beach park users. Wider paths are safer and more enjoyable to use.	Operating revenues	None recurring.

CITY WIDE TOTAL CAPITAL OUTLAY				\$ 4,955,755			

APPENDIX

This section contains the following subsections:

Financial Policies

Glossary

Statistics and Demographics

Financial Policies

General Budget Policy

- A. The City of Sanibel, as a local government within the state of Florida, adopts its budget pursuant to Chapter 200, Florida Statutes, which mandates adoption of a balanced budget; that is sources of funds must equal uses of funds
- B. The finance director, on behalf of the city manager, is responsible for the preparation of the City's budget. Each spring, department directors submit their proposed budgets for the coming fiscal year to the finance director. Proposed budgets identify increases and decreases in spending from the current year, along with the reason for the change. They also include a list of initiatives that are not included in the department's budget but are requested by individual departments. A proposed budget is ready for City Council to consider, for the first time, in July.
- C. The annual budget is adopted by City Council after an extensive review and evaluation of budget proposals from the various City departments to determine the funding level necessary to provide municipal services. After adoption, the budget is posted on the City's website.
- D. The operating budget is adopted annually at the fund level by the City Council. In accordance with state law, a proposed millage rate, which may be reduced but may not be increased, is set in July, followed by two public hearings in September. The budget and final millage rate are approved by separate resolutions at the second public hearing.
- E. The budget is adopted on a modified accrual basis for all fund types, governmental and enterprise. Under the modified accrual basis of accounting, revenues and other financial resources are recognized when they become both measurable and available to finance expenditures of the current period. Available means collectible in the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recognized when the fund liability is incurred with certain exceptions. The modified accrual basis is the same basis of accounting used for the City's audited financial statements of its governmental funds. Enterprise funds are accounted for and reported on the audited financial statements using the accrual basis. Under the accrual basis of accounting, most transactions are recorded when they occur, regardless of when cash is received or disbursed. Generally Accepted Accounting Principles (GAAP) requires the use of accrual basis accounting for enterprise funds for audit purposes.
- F. By resolution, a reserve equal to 17% of projected expenditures is included in the budget, in order to ensure sufficient cash is available for operations until tax receipts are forwarded to the City by the Lee County Tax Collector.
- G. Budgetary control throughout the fiscal year is maintained through monitoring encumbrances of estimated purchase amounts. Encumbrances for goods or services not received by year-end lapse and must be re-budgeted in the following year.
- H. Any increase, decrease or transfer between funds within the annual budget must be approved by a budget amendment approved by resolution of the City Council.
- I. The City Manager may approve intradepartmental transfers as is deemed necessary.
- J. The finance department prepares a quarterly budget variance report for the City Council, noting any deviations of 5% or greater against the budget and explains the reason for the variance.
- K. The Capital Improvement Budget (CIP) estimates costs for all capital projects for a five year period.

Financial Policies

- L. The City has an indirect cost allocation plan prepared annually. The plan conforms to federal guidelines for grant reimbursement of administrative costs and is used to bill and collect indirect charges from funds.

Fund Balance Policy

A Fund Balance Policy is adopted in order to secure and maintain investment-grade credit ratings, meet seasonal shortfalls in cash flow, and reduce susceptibility to emergency or unanticipated expenditures and/or revenue shortfalls. Fund balance information is used to identify the available resources to repay long-term debt, reduce property taxes, add new governmental programs, expand existing ones, or enhance the financial position of the City, in accordance with policies established by the City Council.

The City's Fund Balance Policy establishes:

- a) Fund balance policy for the general fund;
- b) Reservations of fund balance for the general fund;
- c) The method of budgeting the amount of estimated unrestricted fund balance (also known as *estimated beginning fund balance*) available for appropriation during the annual budget adoption process (prior to the actual, audited fund balance being known) and what actions may need to be taken if the actual fund balance is significantly different than the budgeted fund balance; and
- d) The spending order of fund balances

General Fund

1. Restricted Fund Balance

There is no restricted fund balance in the General Fund. Amounts that can be spent only for specific purposes stipulated by (a) external resource providers such as creditors (by debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation will be budgeted and reported in special revenue funds, capital project funds or debt service funds.

2. Committed Fund Balance

Commitment of fund balance may be made for such purposes including, but not limited to, a) major maintenance and repair projects; b) meeting future obligations resulting from a natural disaster; c) accumulating resources pursuant to stabilization arrangements; d) establishing reserves for disasters; and/or e) for setting aside amounts for specific projects. Commitment of fund balance may be made from time-to-time by resolution of the City Council. Commitments may be changed or lifted only by the City Council taking the same formal action that imposed the constraint originally (resolution). The use (appropriation) of committed fund balances will be considered in conjunction with the annual budget adoption process or by budget amendment approved by resolution of City Council during the fiscal year.

3. Assigned Fund Balance

Assignment of fund balance may be a) made for a specific purpose that is narrower than the general purposes of the government itself; and/or b) used to reflect the appropriation of a portion of existing unassigned fund balance to eliminate a projected deficit in the subsequent year's budget in an amount no greater than the projected excess of expected expenditures over expected revenues.

Financial Policies

Assigned fund balance shall reflect management's intended use of resources as set forth in the annual budget (and any amendments thereto). Assigned fund balance may or may not be appropriated for expenditure in the subsequent year depending on the timing of the project/reserve for which it was assigned.

4. Non-Spendable Fund Balance

Non-spendable fund balance is established to report items that are not expected to be converted to cash such as inventory and prepaid items; items not currently in cash form such as the long-term amount of loans and notes receivable as well as property acquired for resale; and, items legally or contractually required to be maintained intact such as the corpus (or principal) of a permanent fund.

5. Minimum Level of Unassigned Fund Balance

Unassigned fund balance is the residual classification for the general fund and represents fund balance that has not been restricted, committed or assigned to specific purposes within the general fund.

If, after the annual audit, prior committed or assigned fund balance causes the unassigned fund balance to fall below 17% of general fund operating expenditures, the City Manager will so advise City Council in order for the necessary action to be taken to restore the unassigned fund balance to 17% of General Fund operating expenditures.

The City Manager will prepare and submit a plan for committed and/or assigned fund balance reduction, expenditure reductions and/or revenue increases to City Council. The City shall take action necessary to restore the unassigned fund balance to acceptable levels within two years.

Reservations of Fund Balance (General Fund)

1. Committed Fund Balance

The City Council hereby establishes the following committed fund balance reserves in the General Fund:

- a) Disaster Reserve – The disaster reserve fund balance is committed by the City Council as set forth in the annual budget (and any amendments thereto) to ensure the maintenance of services to the public during disaster situations such as, but not limited to, hurricanes.
- b) Environmental Initiatives Reserve – The environmental initiative fund balance is committed by the City Council as set forth in the annual budget (and any amendments thereto) to ensure services are available to address environmental damage, litigation and other related costs from disasters such as, but not limited to, algae bloom, fish kills, or oil.
- c) Insurance Deductible Reserve – The insurance deductible reserve fund balance is committed by the City Council as set forth in the annual budget (and any amendments thereto) to ensure coverage of the City's insurance deductible on its insured properties and equipment.

2. Assigned Fund Balance

The City hereby establishes the following assigned fund balance reserves in the General Fund:

- a) Assignment to Subsequent Year's Budget – The subsequent year's budget fund balance reserve is assigned by City management as set forth in the annual budget (and any amendments thereto) to appropriate a portion of existing unassigned fund balance to eliminate a projected deficit in the subsequent year's budget in an amount no greater than the projected excess of expected expenditures over expected revenues.

Financial Policies

Budgeting

1. Appropriation of Unrestricted Fund Balance

The actual amount of unrestricted fund balance (total of *committed fund balance*, *assigned fund balance* and *unassigned fund balance*) is not known until the completion of the annual audit which takes place between three to six months after the end of the fiscal year being audited. However, an estimate of unrestricted fund balance (also called *estimated beginning fund balance*) must be made during the annual budget adoption process (July through September) which is prior to the end of the fiscal year, September 30th.

2. Estimated Beginning Fund Balance

In order to achieve the most accurate estimate possible, the City Manager or designee shall project both Sources of Funds (revenues, prior years unrestricted fund balances carried forward and other financing sources) and Uses of Funds (operating and non-operating expenditures), including accruals, for each department in each governmental fund through September 30th of the then current fiscal year. These projections will be shown in a separate column entitled "Estimated Actual" for each fund in the proposed, tentative and final budget documents. The difference between the estimated actual sources of funds and estimated actual uses of funds is the calculated estimated beginning fund balance for the subsequent fiscal year. If planned for use in the subsequent fiscal year, committed and assigned fund balance may be included in the estimated beginning fund balance.

3. Estimated Ending Fund Balance

For the year being budgeted, a calculation of estimated ending fund balance shall also be made. This calculation shall be the difference between the budgeted sources of funds and the budgeted uses of funds as described above.

Since the uses of funds are restricted, committed or assigned in all other governmental fund types there is no policy to the amount of ending fund balance unless the project is completed and the fund should be closed. In this situation, a residual equity transfer will be made to zero-out any remaining fund balance.

If, after the annual audit, the actual general fund unassigned fund balance is greater than 20 percent of operating expenditures in the general fund, the excess may be used in one or a combination of the following ways:

- a) Left in the general fund to earn interest and roll forward into the subsequent year's beginning fund balance;
- b) Appropriated by resolution of City Council for a one-time expenditure or opportunity that does not increase recurring operating costs;
- c) Committed to establish or increase a formal stabilization arrangement or reserve (including but not limited to economic stabilization, contingency reserves or disaster reserves); or
- d) Appropriated for start-up expenditures of new programs undertaken at mid-year, provided that such action is considered in the context of council-approved multiyear projections of revenues and expenditures.

Financial Policies

Spending Order of Fund Balances

The City uses restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the City would first use committed fund balance, followed by assigned fund balance and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Revenue Policy

- A. The City will maintain a revenue manual which describes revenue sources that are available to support City expenditures.
- B. Ad valorem tax revenue is budgeted at 100% of the approved millage rate levy. However, because taxpayers take advantage of the discount afforded by paying their taxes in the months of November through February, the City never collects 100% of the levied revenue. Recognizing this, the state permits up to 5% of the tax levy to be reserved for under-collection.
- C. The use of ad valorem tax revenues is limited to the general fund unless it is required in other funds by bond indenture agreements.
- D. Revenues that have been pledged to bondholders will conform to bond covenants which commit those revenues.
- E. The City will prepare periodic cost studies on services for which user fees are imposed and the proposed adjustments will be presented for Council authorization.
- F. The City will actively pursue grant-funding opportunities.
- G. Revenue which is estimated to be unexpended at year-end will be budgeted as estimated ending fund balance and be available for appropriation in the new year.

Debt Policy

Due to the City's current status with the Internal Revenue Service (IRS) as a Small Issuer, that is, the City issues less than \$10 million of debt in any given calendar year, the City is considered to be "Bank Qualified". This bank qualified status allows banks to offer the City interest rates much lower than market rates since the interest the bank earns from the City is tax exempt to the bank. Therefore, whenever practical, the City issues bank qualified debt in order to finance projects or capital acquisitions which need to be funded from debt issuance. Additionally, the use of pre-negotiated lines of credit with stated interest rate and expense terms are utilized when practical in order to reduce debt issuance costs.

When it is necessary to issue debt in an amount greater than \$10 million, the City first seeks financing from a source which offers below market rate interest rates, such as the State Revolving Loan Fund. However, if sources of this type are not available or not applicable due to the nature of the project being funded, bond issuance may be used. The services of underwriters and financial advisors are engaged using the Request for Proposal (RFP) process outlined in the City's administrative policy on the Procurement of Professional Services and the relative Consultants' Competitive Negotiation Act (CCNA) contained in Section 287.055, Florida Statutes.

The term of the debt is matched with the life of the asset being financed. The City of Sanibel does not have a maximum debt limit.

All debt service requirements are fully funded each year.

Financial Policies

Purchasing Policy

- A. All purchasing for the City of Sanibel will be conducted in a manner that promotes competition and secures the best value.
- B. All purchasing shall be conducted in a manner that prompts vendors to value City business and make every effort to furnish City requirements on the basis of quality, service and price.
- C. Purchasing will be from suppliers who have adequate financial strength, and a good record of adhering to specifications, maintaining shipping promises, and giving a full measure of service to the City.
- D. All bidders will be afforded equal opportunities to quote and are to compete on equal terms.
- E. Vendors hired by the City to provide goods and services shall have obtained a City business tax receipt (per Code of Ordinances, Sections 18 and 62) prior to authorization of the purchase.
- F. Competitive sealed bids are required for purchases of commodities and services that cost \$25,000 or more. The competitive sealed bid or proposal procurement method is regulated by Florida Statutes. Competitive sealed bids are subject to public legal notice requirements.
- G. Sole Source – Occasionally, products or services are determined to be available from only one source or must match a product or service that is already in place. These are rare occurrences and must be fully documented and submitted to the Finance Department for review and for City Manager approval where the cost exceeds \$1,500.
- H. Emergency Procurements – When there is an immediate danger to persons or property or the threat of substantial economic loss to the City, an emergency procurement may be made. All emergency procurements should be made with as much competition as is practical under the emergency circumstances.

Glossary

Ad valorem taxes – A tax levied on the assessed value of real estate or personal property. This tax is also called property tax. Ad valorem taxes are the major source of revenue for county, school boards, municipalities, and special independent districts.

Appropriation – A legislative act authorizing the expenditure of a designated amount of public funds for a specific purpose for a limited period of time.

Assessed value – The dollar value assigned to real or personal property for purposes of assessing taxes. Sanibel's assessed values are determined by the Lee County Property Appraiser.

Beginning Fund Balance – The Ending Fund Balance of the previous period. (See Ending Fund Balance.)

Budget - An itemized summary of estimated revenues and projected expenses for a given time period. The City of Sanibel adopts a budget each year for the twelve months between October 1 and September 30. Florida Statutes require the City Council to approve its budget at the second of two public hearings.

Capital Expenditures – Expenditures used to purchase fixed assets such as furniture and equipment with a life expectancy of more than one year and a unit cost of \$1,000 or more.

Capital Improvement Program (CIP) - A CIP is a systematic plan for providing infrastructure improvements within a prioritized framework over a fixed period of time. Sanibel's CIP is based on a five year period of time.

Debt Service – The amount of interest and principal that the City must pay each year on long-term and short-term debt.

Department – A major administrative unit of the City with overall management responsibility for a service or an operation or for a group of related operations.

Encumbrance – The commitment of budgeted funds for the purchase of an item or service. All encumbrances lapse at fiscal year-end.

Ending Fund Balance – Funds carried over at the end of a fiscal year. Within a fund, the revenue on hand at the beginning of a fiscal year, plus revenues and other sources of funds received during the year, less expenses and other uses of funds equals ending fund balance. These funds may be committed or assigned for a particular purpose.

Enterprise Fund – A fund in which the services provided are financed and operated like those of a private business. These funds pay for all or most of their cost of operation from user fees.

Fiscal Year - A time period designated for recording financial transactions. The City of Sanibel's fiscal year runs from October 1 through September 30.

Full-Time Equivalent (FTE) – One position funded for a full year. A full-time employee working 40 hours per week equals one FTE; a part-time employee working 20 hours a week equals .5 FTE.

Functions – Expenditure classifications according to the principal purposes for which expenditures are made. Sanibel's functional expense categories are mandated by state law.

Glossary

Fund - A fund is a grouping of related accounts that is used to maintain financial control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Generally Accepted Accounting Principles (GAAP) – Generally Accepted Accounting Principles (GAAP) consist of the rules, procedures, and conventions that define accepted practices at a given time and which organizations use to compile their financial statements. They include broad guidelines as well as detailed procedures.

General Fund – The principal fund of the City used to account for resources traditionally associated with government, which are not legally or by sound financial management to be accounted for in another fund. General Fund activities are funded principally by property taxes, intergovernmental revenue, licenses and permits, charges for services and miscellaneous revenues. Operating services for this fund include police protection, general government administration, and public works.

General Obligation Bonds – Voter approved bonds used to finance a project through a millage increase in ad valorem taxes for a specified period of time.

Governmental Accounting Standards Board (GASB) – The source of generally accepted accounting principles (GAAP) used by State and Local governments in the United States. It is a private, non-government organization appointed by and subject to oversight by the Financial Accounting Foundation, which operates to ensure objectivity and integrity in financial reporting standards.

Grants and Aids – An agreement made by a government or private organizations to provide financial contributions for specified purposes.

Impact Fees – Charges imposed by governments against new development as a total or partial reimbursement for the cost of supporting specific new capacity demands on infrastructure.

Infrastructure – Structures and facilities other than buildings such as roads, bridges, curbs, gutters, docks, wharves, fences, landscaping, lighting systems, parking areas, storm drains, athletic fields, etc.

Intergovernmental revenue – Funds received from federal, state and local governments in the form of grants, shared revenues and payments in lieu of taxes.

Mill – A tax rate of one dollar (\$1) per one thousand dollars (\$1,000) of taxable property value.

Millage Rate – The millage rate is the number of mills of tax assessed against assessed property value. Example: For a property having a taxable assessed value of \$500,000, a millage rate of 2.5000 generates \$1,250.00 in tax to be paid.

Non-Ad Valorem Assessment – A fee levied on certain properties to defray all or part of the cost of a specific capital improvement or service deemed to benefit those properties. It is sometimes called a special assessment.

Objective – A specific, measurable action that will be taken to achieve a goal.

Glossary

Operating Budget – A balanced financial plan for providing governmental programs and services for a one-year period.

Personnel Costs – All costs related to compensating employees including salaries and benefits.

Proprietary Fund – A fund in which the services provided are financed and operated similar to those of a private business. Funds pay for operating costs primarily through user fees, receiving little or no tax support. (See Enterprise Funds).

Reserve – An amount set aside for a specific purpose or for emergencies or unforeseen expenditures not otherwise budgeted. Authorization to expend reserves is made by the City Council.

Revenues – Funds that the government receives as income.

Rolled-back millage rate – The millage rate necessary to produce the same amount of property tax dollars as received during the previous budget year. New construction is excluded from the roll-back calculation.

Special Assessment – A compulsory levy made against certain properties to defray part or all of the cost of a specific improvement or service deemed to primarily benefit those properties. This is another name for a non ad valorem assessment.

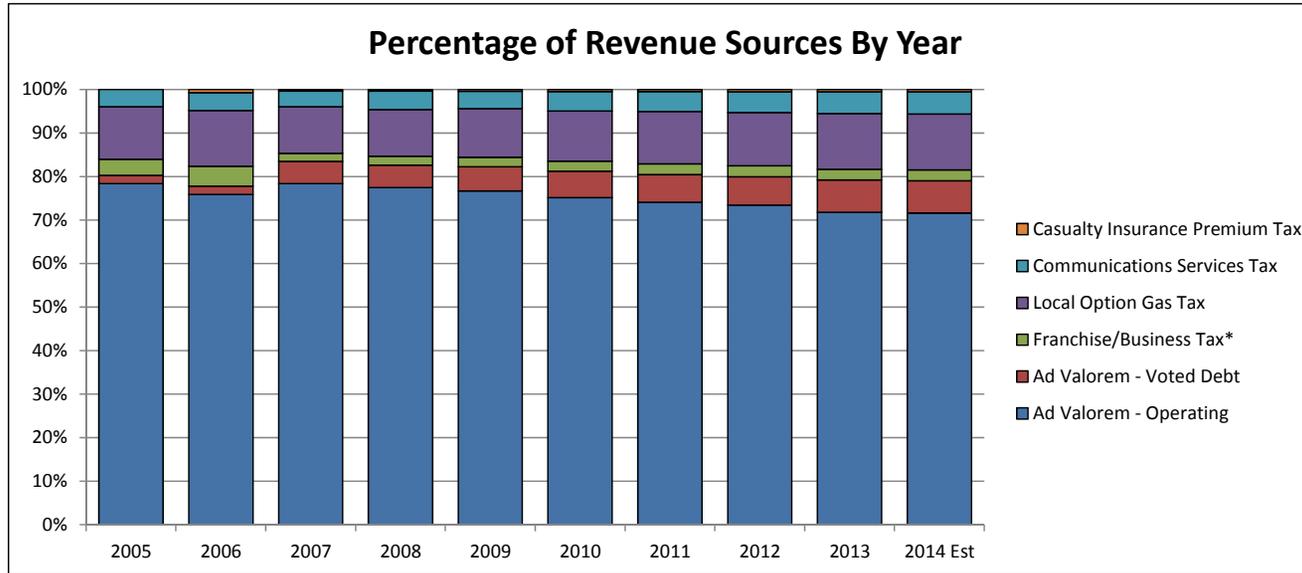

Taxable Value – The assessed value of property minus any authorized exemptions. This value is used to determine the amount of ad valorem tax to be levied. The taxable value is calculated by the County Property Appraiser in compliance with state law. The most common exemption is the homestead exemption.

TRIM Notice - TRIM (Truth in Millage) establishes the statutory requirements that all taxing authorities levying a millage must follow, including all notices and budget hearing requirements. The Notice of Proposed Property Taxes (TRIM notice) enables the taxpayer to compare the prior year assessed value and taxes with the present year assessed value and proposed taxes. It also lets taxpayers compare the amount of taxes if there is no budget change for the upcoming year. The notice lists the date, time, and location of the first budget hearing at which the taxing authorities will hear from the public. At the public hearings, the taxing authorities establish the millage to be levied against the parcel of land shown on the TRIM notice. The notice also shows the deadline for filing a petition to protest the assessment and any denial of exemption.

User Fees – Charges for specific services rendered only to those using such services, e.g. sewer service charge, building permits, recreation memberships and program fees.
